Why The Cross Reframing New Testament Theology:

Why the Cross? Donald Senior, 2014-11-18 The meaning of Jesus's execution on a Roman cross is one of the most divisive issues in contemporary theological discourse because issues related to the goodness of God and the place of suffering in the Christian life are at stake. Although it is important to locate that discussion in the context of the range of New Testament perspectives on the soteriological significance of the cross, it is also important that we recover the meaning of the cross as a metaphor for discipleship. In the end, the event of Jesus's death cannot be understood apart from the character of his life. This book will contribute to New Testament studies but also serve related discussions in theology and Christian formation.

Reframing New Testament Theology is a series that fulfills the need for brief substantive yet highly accessible introductions to central questions and themes raised by study of the New Testament. A significant defining question will serve as the point of departure and will frame the discussion. Students will be drawn into an active theological engagement with the New Testament and related materials by the subsequent analysis.

Why the Church? Dr. Robert W. Wall, 2015-03-17 Given the way many in the West have read the New Testament in the last century, the church might be regarded as an afterthought at best. But at the worst, it can be viewed as an unnecessary, perhaps even problematic, institutionalization of genuine faith, especially in our post-denominational context. These perspectives fly in the face of the robust ecclesiological concerns and commitments of the New Testament documents when read as witnesses from to and for congregations of God's people. For Wall, the problem is spiritual because fewer go to find God in church. Why the church? Because this peculiar fellowship of saints, whose loving communion is with the risen One, has been appointed by the triune God as God's herald. With its sacred vocation, every demonstration of the church's oneness, holiness, catholicity, and apostolicity, each eschatological mark enabled and brought to maturity by God's grace, is the concrete means to address our theological crisis. This book will contribute to New Testament studies but also serve related discussions in theology and church history.

Reframing New Testament Theology is a series that fulfills the need for brief substantive yet highly accessible introductions to central questions and themes raised by New Testament study.

The Spirit of Atonement Steven M. Studebaker, 2021-01-14 Steven M. Studebaker proposes a Pentecostal approach to a major Christian doctrine, the atonement. The book moves Pentecostal theology of the atonement from a primarily Christocentric and crucicentric register to one that articulates the pneumatological and holistic nature of Pentecostal praxis. Studebaker examines the irony of Classical Pentecostalism relying on the Christocentrism of Protestantism, evangelical atonement theology, to articulate its experience of the Holy Spirit as well as the pneumatological nature of Pentecostal praxis. He then develops a Pentecostal theology of atonement based on the biblical narrative of the Spirit of Pentecost and returns to re-imagine an expanded vision of Pentecostal praxis based on the theological formation of the biblical narrative. The result is a Pentecostal atonement theology that shows the integrated nature of pneumatology, creation, and Christology in the biblical narrative of redemption. It gives theological expression to not only the

pneumatological nature of Pentecostal praxis but also the fundamental role of the Holy Spirit in the biblical narrative of redemption. The book challenges popular western atonement theologies to re think their Christocentrism and crucicentrism as well as their atomistic tendency to separate soteriology into objective Christological and subjective pneumatological categories.

Crucified Wisdom S. Mark Heim, 2018-12-04 Winner of the Frederick Streng Book Award for Excellence in Buddhist Christian Studies. This work provides the first systematic discussion of the Bodhisattva path and its importance for constructive Christian theology. *Crucified Wisdom* examines specific Buddhist traditions, texts and practices not as phenomena whose existence requires an apologetic justification but as wells of tested wisdom that invite theological insight. With the increasing participation of Christians in Buddhist practice many are seeking a deeper understanding of the way the teachings of the two traditions might interface. Christ and the Bodhisattva are often compared superficially in Buddhist Christian discussion. This text combines a rich exposition of the Bodhisattva path using Nideva's classic work *The Bodhicaryavatara* and subsequent Tibetan commentators with detailed reflection on its implications for Christian faith and practice. Author S. Mark Heim lays out root tensions constituted by basic Buddhist teachings on the one hand and Christian teachings on the other and the ways in which the Bodhisattva or Christ embody and resolve the resulting paradoxes in their respective traditions. An important contribution to the field of comparative theology in general and to the area of Buddhist Christian studies in particular. *Crucified Wisdom* proposes that Christian theology can take direct instruction from Mahayana Buddhism in two respects: deepening its understanding of our creaturely nature through no-self insights and revising its vision of divine immanence in dialogue with teachings of emptiness. Heim argues that Christians may affirm the importance of novelty in history, the enduring significance of human persons and the Trinitarian reality of God even as they learn to value less familiar nondual dimensions of Christ's incarnation, human redemption and the divine life. *Crucified Wisdom* focuses on questions of reconciliation and atonement in Christian theology and explores the varying interpretations of the crucifixion of Jesus in Buddhist Christian discussion. The Bodhisattva path is central for major contemporary Buddhist voices such as the Dalai Lama and Thich Nhat Hanh who figure prominently as conversation partners in the text. This work will be of particular value for those interested in dual belonging in connection to these traditions.

Romans Michael J. Gorman, 2022-03-03 Above all *Romans* is a letter about Spirit-enabled participation and transformation in Christ and his story and thus in the mission of God in the world. This commentary engages the letter to the Romans as Christian scripture and highlights the Pauline themes for which Michael Gorman is best known: participation and transformation, cruciformity and new life, peace and justice, community and mission. With extensive introductions both to the apostle Paul and to the letter itself, Gorman offers background information on Paul's first-century context before proceeding into the rich theological landscape of the biblical text. In line with Paul's focus on Christian living, Gorman interprets *Romans* at a consistently practical level, highlighting the letter's significance for Christian theology, daily life and pastoral ministry. Questions for reflection and sidebars on important

concepts make this especially useful for those preparing to preach or teach from Romans the epistle of life as Gorman calls it for its extraordinary promise that through faith we might walk in newness of life with Christ **Called into the Mission of God** Roji T. George,2020-11-03 In *Called into the Mission of God* Roji George argues that Paul's primary interest was neither doctrinal teaching nor the articulation of an anti imperial discourse Instead he contends that amidst the many problems that faced the local Thessalonian community problems arising out of eschatological fears ethical difficulties in the community and persecution from outside groups Paul brought primarily a missional concern to impart ethical exhortation and eschatological teaching in a political language The book will be helpful to those theologians scholars teachers and students grappling with the message of Paul in his own time and in ours *Called into the Mission of God* represents an increasing commitment on the part of Fortress Press to support the wide dissemination of the best theological and biblical writing by the best scholars from the Global South Public Theology in an Age of World Christianity Paul S. Chung,2010-04-15 This book aims to

rearticulate and reinterpret a Christian concept of God's mission and evangelization in light of the universal irregular and transversal horizon of God's narrative as it pertains to the realities of public sphere Paul Chung maintains that mission serves the Word of God which is revealed in Jesus Christ by the power of the Holy Spirit for all It is salient to develop a theology of Trinitarian mission through the perspective of God's living word event in a hermeneutical intercultural fashion Here a Trinitarian concept of *missio Dei* is deepened and refurbished in light of God as the Subject of speaking through Israel the church and the face of innocent victims and religious outsiders This perspective contextualizes and widens the mission of God's narrative and deepens its universality in light of the word event Religious and Theological Abstracts ,2003

Brett,2008 For centuries the Bible has been used by colonial powers to undergird their imperial designs an ironic situation when so much of the Bible was conceived by way of resistance to empires In this thoughtful book Mark Brett draws upon his experience of the colonial heritage in Australia to identify a remarkable range of areas where God needs to be decolonized freed from the bonds of the colonial Writing in a context where landmark legal cases have ruled that Indigenous Aboriginal rights have been washed away by the tide of history Brett re-examines land rights in the biblical traditions Deuteronomy's genocidal imagination and other key topics in both the Hebrew Bible and the New Testament where the effects of colonialism can be traced Drawing out the implications for theology and ethics this book provides a comprehensive new proposal for addressing the legacies of colonialism A ground breaking work of scholarship that makes a major intervention into post colonial studies This book confirms the relevance of post colonial theory to biblical scholarship and provides an exciting and original approach to biblical interpretation Bill Ashcroft University of Hong Kong and University of New South Wales author
