## **Why Orwell Matters Publisher Basic Books:**

*Why Orwell Matters* Christopher Hitchens, 2008-08-06 Hitchens presents a George Orwell fit for the twenty first century Boston Globe In this widely acclaimed biographical essay the masterful polemicist Christopher Hitchens assesses the life the achievements and the myth of the great political writer and participant George Orwell True to his contrarian style Hitchens is both admiring and aggressive sympathetic yet critical taking true measure of his subject as hero and problem Answering both the detractors and the false claimants Hitchens tears down the facade of sainthood erected by the hagiographers and rebuts the critics point by point He examines Orwell and his perspectives on fascism empire feminism and Englishness as well as his outlook on America a country and culture toward which he exhibited much ambivalence Whether thinking about empires or dictators race or class nationalism or popular culture Orwell's moral outlook remains indispensable in a world that has undergone vast changes in the seven decades since his death Combining the best of Hitchens polemical punch and intellectual elegance in a tightly woven and subtle argument this book addresses not only why Orwell matters today but how he will continue to matter in a future uncertain world

Orwell's Ghosts Laura Beers, 2024-06-13 Seventy five years after the publication of his classic dystopian novel 1984 George Orwell is experiencing a renaissance Conservatives accuse governments and mainstream media of Orwellian censorship while progressives denounce the narrative manipulations of Orwellian leaders including Trump Johnson Bolsonaro and Putin especially around the Ukraine War But what does it really mean to call something Orwellian What would the man himself say about these crises and what can we learn from his ideas Orwell's Ghosts introduces readers to Orwell in all his complexity exploring his commitment to political liberty and economic justice alongside his problematic attitudes towards women This free thinker's witty and perceptive commentaries remain invaluable from remarks on political truth and disinformation and observations on class race and empire to insights on the appeal and threat of authoritarianism and the promise of socialism Even Orwell's misogyny offers troubling lessons about the left's flawed relationship with gender equality All of his books offer a remarkably resonant bridge between the first half of the twentieth century and the present day Revisiting Orwell's own age of rapid change and urgent crossroads this book sheds unique light on both our recent past and the upheavals of today's world

**The Oxford Handbook of George Orwell**, 2025-01-29 The Oxford Handbook of George Orwell offers a wide ranging reconsideration of Orwell's life and work focusing on the extensive connections between his novels essays diaries columns letters and reviews Accessible to general readers and to established scholars alike forty eight chapters written by an international team of Orwell specialists address familiar topics such as Orwell's journalism broadcasting literary criticism and politics as well as less well trodden areas of his output such as his accounts of stupidity kindness and justice and his connections with contemporaries like Jack Common Katharine Burdekin Wyndham Lewis and Victor Serge Sections on Orwell's professional activities his main literary influences his politics his intellectual fixations his literary contemporaries and his legacies structure the book which moves thematically and

topically through the full scope of his output The first section looks at how Orwell spent his time as a writer reader and broadcaster Chapters on writers from Shakespeare to the modernists investigate the determinants of Orwell s literary practice The book then turns to a set of political contexts in which Orwell s writing can be understood The Fixations section covers the familiar such as Orwell s account of Englishness and the unfamiliar such as his account of the absurd The fifth section relates Orwell to several politically minded contemporaries tracing connections and differences between their writing The final section of the Handbook reflects on how Orwell sounds through several literary and socio political legacies and includes innovative considerations of feminism Afrofuturism and queer speculative fiction *Tough Liberal* Richard D. Kahlenberg,2007 Richard D Kahlenberg offers a narrative on the man who would become one of the most important voices in public education and American politics in the last quarter century Albert Shanker **Our Orwell, Right Or Left** C. J. Fusco,2008 Writers TM words have always been used by pundits and politicians in order to further their own agendas but it is probable that no writer TM s work has been used and misused as frequently and as effectively as George Orwell TM s Once the champion of Europe TM s down and out and a self proclaimed advocate of Socialism Orwell was understandably embraced by many on the Left during his own lifetime Following the publications of *Animal Farm* and *Nineteen Eighty Four* and the writer TM s own death shortly thereafter Orwell also became a patron saint of sorts for many on the Right Within the arenas of political theory and literary criticism this confusing and seemingly contradictory turn of events has resulted in an ongoing battle over the writer TM s legacy *Our Orwell Right or Left* examines Orwell TM s reception history in order to decode why critics on both ends of the political spectrum have been compelled to claim Orwell as one of their own and how they have gone about doing so In many cases when Orwell TM s writing has been misused by those in politics it has alarmingly reflected the same species of dangerous propaganda that Orwell had warned about in his final two books As there is an inherent problem with a situation in which critics have misrepresented the scope and focus of Orwell TM s writing whether the misrepresentation happens to be intentional or not *Our Orwell Right or Left* takes a close look at the details of Orwell TM s own writing and juxtaposes what George Orwell had written with the often dubious claims of his proponents Manipulative political propaganda however is but one of the many very dangerous symptoms of repression and tyranny that Orwell had warned against in his writing As *Our Orwell Right or Left* shows there are many aspects of our contemporary culture that are worryingly similar to the Oceania of Orwell TM s *Nineteen Eighty Four* That Orwell TM s writing still remains prescient even approaching sixty years following his death proves that he is not only a writer still worthy of being read but that he is also a writer still worth fighting over **The Never End** John Reed,2023-07-27 This book presents full history of the origin of Orwell s *Animal Farm* as well as a translation of the Russian Ukrainian source work Has George Orwell lost his saintly luster In *The Never End* rabble rouser dogged investigator and consummate literary stylist John Reed collects two decades of subject Orwell findings previously published in *Pank Guernica Literary Hub* *The Brooklyn Rail* *The*

Rumpus The New York Press The Believer Harper's Magazine and The Paris Review Reed's treatment of Orwell is corrective and peerlessly contemporary he views Orwell in a twenty first century global context considering Orwell's collaboration with Cold War intelligence operations US and UK with unfaltering objectivity It's hard to imagine that Orwell in our own moment of global doublethink wouldn't have wanted his devotion to contrariety applied to the literary legacy he left behind The Never End is at once a hatchet job and a celebration Animal Farm based on a previously unknown Russian short story Animal Farm deployed by the CIA MI6 and the Congress for Cultural Freedom Orwell turning over blacklists in a McCarthy-esque act of betrayal The Cold War Does it last forever Russia the Axis of Evil and now China But Orwell Course syllabi Literary laurels Snitch Why do we keep coming back For the wrong reasons Or because we know Old Benjamin would want us to know the truth Focus On: 100 Most Popular English Emigrants to the United States Wikipedia contributors, *Focus On: 100*
