Why Read Marx Today:

Why Read Marx Today? Jonathan Wolff, 2002-08-29 All too often Karl Marx has been regarded as a demon or a deity or a busted flush This fresh provocative and hugely enjoyable book explains why for all his shortcomings his critique of modern society remains forcefully relevant even in the twenty first century Francis Wheen author of Karl Marx In recent years we could be forgiven for assuming that Marx has nothing left to say to us Marxist regimes have failed miserably and with them it seemed all reason to take Marx seriously The fall of the Berlin Wall had enormous symbolic resonance it was taken to be the fall of Marx as well as of Marxist politics and economics This timely book argues that we can detach Marx the critic of current society from Marx the prophet of future society and that he remains the most impressive critic we have of liberal capitalist bourgeois society It also shows that the value of the great thinkers does not depend on their views being true but on other features such as their originality insight and systematic vision On this account too Marx still richly deserves to be read

Using Political Ideas Barbara Goodwin, 2016-12-19 Using Political Ideas is a unique blend of political philosophy political theory and history of political thought It combines a critique of the major ideologies of recent and contemporary society with an analysis of the ideas that form the very stuff of political debate By exposing the interplay between ideas and ideologies it shows why political opponents often speak at cross purposes and why rational agreement is so hard to achieve in politics The sixth edition of this well respected and widely known text will be welcomed by those interested in questions such as Is equality more important than personal freedom Does the majority have the right to dictate to the minority in multicultural society Is nationalism a progressive force in the world Politics does not stand still there are always new controversies and ideological conflicts and the climate of discussion changes The 6th edition of this best selling book is fully updated and includes a new chapter on authoritarian ideologies to reflect the growing extreme right wing politics in parts of Europe This edition also provides a variety of new learning features a comprehensive glossary detailed lists of further reading and a list of questions for discussion
