Witchcraft And Wicca Spells Lisa Moon,2021-06-09 What areas do you think need some assistance in your life Many soon to be witches are drawn to Wicca before they actually understand it the energy of magic is magnetic an invisible force that piques the interest of those who are destined to find this path If you ve purchased this book without yet knowing the basic definition of witchcraft or understanding the fundamental beliefs of the Wiccan religion know that you re not alone Most people get a general impression of the world of Wicca through popular culture literature television movies social media gossip that is vague inaccurate and stereotypical so it s perfectly

normal to start out with a lot of questions or to discover that you've been harboring a number of misconceptions about Wiccan culture thus far. Many different people identify as Wiccan; not every person within the Wiccan sphere believes the same thing, so keep an open mind as we explore some of the popular beliefs in Wicca today. One main source of differing opinion is whether or not the gods and goddesses in Wicca are actual beings or simply symbolic representations similar to Carl Jung's archetypes. You can make your own choice on this big question, and with experience your choice may be validated or disproven. The first thing that you have to note when working with magic is that you need to change your perception of the reality first. After which the reality will happily conform to your perception. The truth is it is hard to construct a house, get a job or lover with our hands. This is often the case when the causal realm has not foreseen it in the first place. However, with the magical energy wave you can create vibrations that will lead you to your dream house, job or lover using your body to manifest them. This book covers: What is Witchcraft, Differences Between Wicca, Witchcraft and Paganism, History of Witchcraft, Modern Witchcraft, Types of Witchcraft, Getting Started, Philosophy and Right Mindset for Witchcraft, The Witch's Path, Magic and How It Can Help You Harness and Influence Your Own Energies, Gods and Goddesses, Sabbats, Altars and Shrines, Crystal and Gemstones, What is Grimoire, Charms, Amulets and Talismans, Herbalism, Healing, and much more.
