DAMAGE Kathy Bennett, 2019-02-19 Redemption revenge and a battle of wits but who's playing who? When Nurse Amber Buckner is kidnapped late at night by a uniformed police officer she soon realizes her abduction is no random crime. She's the pawn in a deranged madman's scheme of revenge, a deadly game of redemption and retribution. Amber must fight for her survival and the life of her unborn child, convincing the madman that he is the father. While the maniac seesaws between love and hate for her, she prays her husband, an LAPD cop, will discover she's been kidnapped and rescue her. What Amber doesn't know is that her husband isn't looking for her; no one is. The madman has seen to that. Can she outwit her captor and find a way to freedom? *Collateral Damage* is the first book in Kathy Bennett's Buckner Thriller Trilogy. Authentic Crime Arresting Stories told by an award-winning retired LAPD officer.

Freedomnomics John R. Lott Jr., 2007-05-15 Challenges the philosophical tenets of Freakonomics through case studies that demonstrate the theory that the more costly something is, the less of it people will do. In an economic analysis that covers such topics as price discrimination and corporate scandals.

Cheap Land Colorado Ted Conover, 2024-07-30 From Pulitzer Prize finalist and National Book Critics Circle Award-winning author of *Newjack*, a passage through an America lived wild and off the grid, where along with independence and stunning views come fierce winds, neighbors with criminal pasts, and minimal government and medical services. In these dispatches, Conover invites readers to ride shotgun along an unraveling edge of the American West, where sepia-toned myths about making a fresh start collide with modern modes of alienation, volatility, and exile. In a nation whose edges have come to define its center, this is essential reading.

Jessica Bruder, author of *Nomadland: Surviving America in the Twenty-First Century*. In May 2017, Ted Conover went to Colorado to explore firsthand a rural way of life that is about living cheaply on your own land and keeping clear of the mainstream. The failed subdivisions of the enormous San Luis Valley make this possible. Five-acre lots on the high prairie can be had for five thousand dollars, sometimes less. Conover volunteered for a local group trying to prevent homelessness during the bitter winters. He encountered an unexpected diversity: veterans with PTSD, families homeschooling addicts, young and old, gay people, people of color, lovers of guns and marijuana, people with social anxiety, most of them spurning charity and aiming, and sometimes failing, to be self-sufficient. And more than a few predicting they'll be the last ones standing when society collapses. Conover bought his own five acres and immersed himself for parts of four years in the often contentious culture of the far margins. He found many who dislike the government but depend on its subsidies, who love their space but nevertheless find themselves in each other's business, who are generous but wary of thieves, who endure squalor but appreciate beauty. In their struggles to survive and get along, they tell us about an America riven by difference, where the edges speak more and more loudly to the mainstream.
