## **Tradestation User Manual:**

*TradeStation Made Easy!* Sunny J. Harris, 2011-04-05 Customize your trading plan for greater profits using the most popular charting software. The majority of professional and individual traders use some kind of trading software on which to base their strategies. With over 100,000 users, the most popular trading software today is TradeStation, published by TradeStation Technologies. While this software is favored by many, TradeStation's computer language can be confusing, especially for the novice. *TradeStation Made Easy* is the first and only book to explain exactly how to use the unique computer language behind this bestselling software program. It is not meant as a replacement for the TradeStation manuals; instead, it will cover the essence of programming in EasyLanguage and focus on a consistent set of data and an elementary system throughout. An easily understood guide to TradeStation that also provides tips for the user in designing a personalized trading system. Endorsed by the software provider, TradeStation Technologies. Written in a straightforward manner that is accessible even for those with little computer experience. *TradeStation Made Easy* fills a much needed gap in this area and puts the basics of EasyLanguage in perspective. With it, you'll be able to write simple and intermediate programs that will accurately express your theories and ideas about whatever market interests you.

*Building Winning Trading Systems with Tradestation* George Pruitt, John R. Hill, 2012-08-15 The updated edition of the guide to building trading systems that can keep pace with the market. The stock market is constantly evolving and coupled with the new global economic landscape, traders need to radically rethink the way they do business at home and abroad. Enter *Building Winning Trading Systems*, Second Edition, the all new incarnation of the established text on getting the most out of the trading world. With technology now a pervasive element of every aspect of trading, the issue has become how to create a new system that meets the demands of the altered financial climate and how to make it work. Giving voice to the question on every trader and investor's lips, the book asks: How can we build a trading system that will be paramount for our increasingly stressed markets? The answer: Establish mechanical trading systems that remove human emotion from the equation and form the cornerstone of a complete trading plan and with greater agility characteristics that are more important than ever given the kinetic pace of the markets. Presents an all new strategy for trading systems that will show traders how to create systems that will work in the twenty-first century. Expert advice from highly respected trading authority George Pruitt. Includes a new website featuring updated TradeStation code and shows how to use the world's best investment software platform to develop and utilize trading systems that really work. Once again paving the way for traders who want to adapt to their environment. *Building Winning Trading Systems*, Second Edition, combines expertise in indicator design and system building in one indispensable volume.
