Tradition And Change In Legal English Tradition And Change In Legal English:

Tradition and Change in Legal English Christopher Williams, 2007 In this volume the author examines verbal constructions in prescriptive legal texts written in English Modal auxiliaries such as shall may and must are analysed as well as indicative tenses such as the present simple and also non finite constructions such as the ing form and ed participles Results are based on specially compiled corpora of prescriptive texts coming from a wide range of English speaking countries and also international organizations such as the European Union and the UN The author also analyses the nature extent and impact of the calls for change in legal language coming from the Plain Language Movement Although legal language tends to be depicted as being highly conservative and unchanging the author shows that in certain parts of the English speaking world a minor revolution would appear to be taking place while in other parts there is greater resistance to change The Impact of Plain Language on Legal English in the United Kingdom Christopher Williams, 2022-08-23 This volume offers insights into the ways in which plain language has influenced the language of the law in the United Kingdom critically reflecting on its historical development and future directions The book opens with an overview of the theoretical frameworks underpinning plain language and a brief history of plain language initiatives as a foundation from which to outline ongoing debates on the opportunities and challenges of using plain language in the legal domain The volume details strands where plain language has had considerable impact thus far on legal English in the UK notably in legislative drafting but it also explores areas in which plain language has made fewer inroads such as the language of court judgments and that of online terms and conditions The book looks ahead to unpack highly topical areas within the plain language debate including the question of design and visualisation and the ramifications of digitalisation contributing to ongoing conversations on the importance of plain language both in the UK and beyond This book will be of particular interest to students and scholars interested in the intersection of language and the law as well as related disciplinary areas such as applied linguistics and English for Specific Purposes **Investigating English Legal Genres in Academic and Professional Contexts** Girolamo Tessuto, 2013-01-11 This volume contributes to the latest studies in legal discourse studies by presenting a descriptive and interpretive analysis of English legal genres used in academic and professional writing contexts The results of corpora driven data are discussed through meta discourse genre and other theoretical perspectives and offer insights into the ways the writers discursive practices and meanings shape their membership of the legal community and discipline The volume attempts to show these id **Handbook of Communication in the Legal Sphere** Jacqueline Visconti, 2018-09-24 This volume explores communication and its implications on interpretation vagueness multilingualism and multiculturalism It investigates cross cultural perspectives with original methods models and arguments emphasizing national EU and international perspectives Both traditional fields of investigations along with an emerging new field Legal Visual Studies are discussed Communication addresses the necessity of an ongoing interaction between jurilinguists and legal professionals

This interaction requires persuasive convincing and acceptable reasons in justifying transparency visual analyses and dialogue with the relevant audience The book is divided into five complementary sections Professional Legal Communication Legal Language in a Multilingual and Multicultural Context Legal Communication in the Courtroom Laws on Language and Language Rights and Visualizing Legal Communication The book shows the diversity in the understanding and practicing of legal communication and paves the way to an interdisciplinary and cross cultural operation in our common understanding of legal communication This book is suitable for advanced students in Linguistics and Law and for academics and researchers working in the field of Language and Law and jurilinguists

Corpus-based Research on Variation in English Legal Discourse Teresa Fanego, Paula Rodríguez-Puente, 2019-02-15 This volume provides a comprehensive overview of the research carried out over the past thirty years in the vast field of legal discourse The focus is on how such research has been influenced and shaped by developments in corpus linguistics and register analysis and by the emergence from the mid 1990s of historical pragmatics as a branch of pragmatics concerned with the scrutiny of historical texts in their context of writing The five chapters in Part I together with the introductory chapter offer a wide spectrum of the latest approaches to the synchronic analysis of cross genre and cross linguistic variation in legal discourse Part II addresses diachronic variation illustrating how a diversity of methods such as multi dimensional analysis move analysis collocation analysis and Darwinian models of language evolution can uncover new understandings of diachronic linguistic phenomena Legal Traditions of the World H. Patrick Glenn, 2007 Previous editions published 2nd 2004 and 1st 2000

Comparative Legal Studies: Traditions and Transitions Pierre Legrand, Roderick Munday, 2003-08-14 The 14 essays that make up this 2003 volume are written by leading international scholars to provide an authoritative survey of the state of comparative legal studies Representing such varied disciplines as the law political science sociology history and anthropology the contributors review the intellectual traditions that have evolved within the discipline of comparative legal studies explore the strengths and failings of the various methodologies that comparatists adopt and significantly explore the directions that the subject is likely to take in the future No previous work had examined so comprehensively the philosophical and methodological foundations of comparative law This is quite simply a book with which anyone embarking on comparative legal studies will have to engage

Comparative Law and Legal Traditions George Mousourakis, 2019-11-01 The primary aim of this book is to provide clear and reliable information on a number of central topics in comparative law At a time when global society is increasingly mobile and legal life is internationalized the role of comparative law is gaining importance While the growing interest in this field may well be attributed to the dramatic increase in international legal transactions this empirical parameter is only part of the explanation The other part and at least equally important has to do with the expectation of gaining a deeper understanding of law as a social phenomenon and a fresh insight into the current state and future direction of one's own legal system In response to the internationalization of legal practice and theory law schools around the world have expanded

their comparative law programs Within the legal subjects that form the core of the curriculum there is a greater interest in comparative legal analysis as well as greater attention to how global developments and international actors and institutions affect domestic law Transnational legal education based on comparative reasoning is intended to help shape a new generation of lawyers public servants and other professionals who recognize and respect cultural diversity in an interconnected world The central topics discussed in this book include the nature and scope of comparative legal inquiries the relationship of comparative law to other fields of legal study the aims and uses of comparative law the origins and historical development of comparative law and the evolution and defining features of some of the world s predominant legal traditions It also deals with selected theoretical aspects such as the problem of comparability of legal events the classification of legal systems into families of law and the topics of legal transplants harmonization and convergence of laws Chiefly intended for students the book also discusses a number of fundamental issues concerning the development of comparative law and devotes certain sections to reviewing the salient features of the relevant literature on definitional terminological methodological and historical issues

The Aramaic and Egyptian Legal Traditions at Elephantine Alejandro F. Botta, 2009-06-25 This is a study of the interrelationships between the formulary traditions of the legal documents of the Jewish colony of Elephantine and the legal formulary traditions of their Egyptian counterparts The legal documents of Elephantine have been approached in three different ways thus far first comparing them to the later Aramaic legal tradition second as part of a self contained system and more recently from the point of view of the Assyriological legal tradition However there is still a fourth possible approach which has long been neglected by scholars in this field and that is to study the Elephantine legal documents from an Egyptological perspective In seeking the Egyptian parallels and antecedents to the Aramaic formulary Botta hopes to balance the current scholarly perspective based mostly upon Aramaic and Assyriological comparative studies

Collected Papers on English Legal History John Baker, 2013-10-31 Over the last forty years Sir John Baker has written on most aspects of English legal history and this collection of his writings includes many papers that have been widely cited Providing points of reference and foundations for further research the papers cover the legal profession the inns of court and chancery legal education legal institutions legal literature legal antiquities public law and individual liberty criminal justice private law including contract tort and restitution and legal history in general An introduction traces the development of some of the research represented by the papers and cross references and new endnotes have been added A full bibliography of the author s works is also included

Textbook on Legal Language and Legal Writing Prof. Dr. K. L. Bhatia, 2010

Statelessness Determination Procedures and the Right to Nationality Solomon Oseghale Momoh,2022-10-07 This book advances the study of the right to nationality the prevention of statelessness and the protection of stateless persons taking Nigeria as a case study Much recent literature on the subject of statelessness has been written from a US European perspective This work addresses this imbalance with an in depth study of statelessness and best practice in how to prevent it in an African country The book appraises international legal regimes on statelessness their efficacy or otherwise in practice what can be improved under international law and the relevance of these regimes in the Nigerian context The regional frameworks include those of the African Union the Council of Europe the EU the Organization of American States and the Arab League Comparisons are also drawn with specific countries that already have an enshrined Statelessness Determination Procedure including Ivory Coast the UK France Moldova and the Netherlands which does not have a formal procedure but has alternative means of identification The book assesses the successes and challenges faced in these countries and evaluates the chances for legal transplantation in Nigeria Presenting an in depth analysis of how statelessness is approached in the global south the work will be of interest to researchers academics and policymakers working in this field as well as those concerned with nationality from an international law perspective

Legal English through the Ages Vanessa Leonardi,Patrizia Giampieri,2025-09-30 This book offers a comprehensive analysis of the evolution of legal language tracing its development from historical formulations to contemporary adaptations including the emerging role of artificial intelligence in legal translation and communication Through a diachronic study of three specialised legal corpora the Corpus of Historical English Law Reports 1535 1999 CHELAR the British Law Report Corpus BLaRC and the Bononia Legal Corpus BoLC this monograph identifies key trends in legal English revealing a gradual shift towards simplification modernisation and greater inclusivity most notably reflected in the reduction of gender biased language Building on this historical foundation the study situates the contemporary use of artificial intelligence within the broader trajectory of legal language reform examining how emerging technologies continue and in some cases accelerate the shift toward simplification and accessibility particularly through the automated translation and processing of legal texts It critically assesses both the potential of AI to enhance communicative clarity and its limitations in navigating the complexity and conservatism that characterise legal discourse By integrating historical linguistic and technological perspectives this work provides valuable insights into the trajectory of legal discourse the methodological contribution of corpus based analysis and the evolving role of AI in fostering inclusivity and clarity in legal communication It will be of particular interest to scholars and practitioners in the fields of law legal linguistics translation studies historical linguistics and corpus linguistics

Efficient use of foreign languages as an important factor of success in the

modern working environment ,2018-06-25 Bachelor Thesis from the year 2018 in the subject Psychology Work Business Organisation grade 1 3 University of Applied Management language English abstract Legal English plays a major role for communication and practicing in law firms globally Offices involved in international jurisdictions are reliant on this language and its use affects the outcome of processes lawsuits and even success rates Several studies confirm that English as the lingua franca is a major influencing factor in determining employment and even wage for the concerned person Quite a lot references concerning this special language serve the purpose of supporting law students in their classes It is noticeable that most of those resources are designated to academic purposes only The importance of English Legalese needs to be further analyzed and emphasized For practicing lawyers and attorneys it may be fundamental to be aware of the impact of correct language use and this also applies to foreign speakers as well This thesis examines the role of English Legalese in the legal context for law firms not only residing in an Anglophone area In order to debate this essential question a definition of its peculiar features a historical background and the demonstration of the differences between Standard English and this specific language represent the needed requirements to analyze the role of English Legalese in detail As already stated nowadays English is a frequently used language for legal purposes and there have to be certain reasons why it has gained this big recognition The thesis gives some relevant reasons why applying this language is a very efficient process yet the downsides of using a very specific language need to be considered Therefore the subsequent part of this thesis discusses why it might not be ideal to solely apply English as the preliminary language or even having one dominant language in general This analysis can be seen as a prerequisite for conducting the methodical part of the thesis It analyzes the importance of legal English for international active lawyers from several countries around the world Therefore relevant data will be assembled analyzed and interpreted The results will help to determine the importance of Legal English for international Law firms and for practicing lawyers today Tradition and Change in Australian Law Patrick Parkinson,1994 This book examines the tradition of law in Australia the tension between adherence to tradition the demands of change renewal for the legal system The author argues that the greatest challenge the legal system faces is the challenge of inclusion to make the legal system one to which all Australians have access in which all Australians are able to make their voices heard The new edition takes account of recently published work in Australian legal history including the Wik case the native title debate the debate about a Republic changes in the Australian court system developments in legal reasoning statutory interpretation the problems of access to justice **Learning Legal Rules** James A. Holland,Julian S. Webb,2019 Bringing together the theory structure and practice of legal reasoning in an accessible style this book explains how to uncover and exploit the mysteries of legal materials It draws the student into the techniques of legal analysis and argument and the operation of precedent and statutory interpretation **Legal Method, Skills and Reasoning** Sharon Hanson,2009-07-27 Language skills study skills argument skills and legal knowledge are vital to every law student professional lawyer and academic Legal Method Skills and

Reasoning suggests a range of how to techniques for perfecting these academic and practical skills It explains how to work with legal texts how to read and write about the law how to acquire effective disciplined study techniques and how to construct legal arguments Packed full of practical examples and diagrams across the range of legal skills from language and research skills to mooting and negotiation this edition will be invaluable to law students seeking to acquire a deeper understanding of how to apply each discreet legal skill effectively This restructured third edition is now additionally supported by a Companion Website offering a wealth of additional resources for individual and group work for both students and lecturers For students the Companion Website offers workbooks for each part containing guided practical and reflective tasks a series of how to exercises which help to provide real life legal skills examples and practice guidance on answering legal problem and essay style questions self test quizzes to consolidate learning for each individual legal skill For lecturers the Companion Website hosts a set of PowerPoint slides of the diagrams in the text specimen seminar plans with supplementary notes to provide support and inspiration for teaching legal skills sample legal skills assessment and accompanying answers

Legal Traditions and Other Papers Edward Joseph White,1927 **Learning Legal Skills and Reasoning** Sharon Hanson,2015-08-14

Language skills study skills argument skills and legal knowledge are vital to every law student professional lawyer and academic Learning Legal Skills and Reasoning discusses the main sources of English law and explains how to work with legal texts in order to construct credible legal arguments which can be applied in coursework exams or presentations Learning Legal Skills and Reasoning Discusses how to find and understand sources of both domestic and European Union Law Develops effective disciplined study techniques including referencing general reading writing and oral skills and explains how to make good use of the university print and e library Contains chapters on writing law essays problem questions and examinations and on oral skills including presentations and mediation skills Packed full of practical examples and diagrams across the range of legal skills from language and research skills to mooting and negotiation this textbook will be invaluable to law students seeking to acquire a range of discreet legal skills in order to use them together to produce competent assessed work
