

Christopher G. Nottall

A dramatic illustration of a magical duel between a woman and a man in a gothic setting. The woman, on the left, has long dark hair and wears a dark, flowing dress. She is surrounded by swirling blue and white magical energy. The man, on the right, is bald with a beard and wears a dark tunic with a cape and ornate arm guards. He is surrounded by swirling orange and yellow flames. They are in a large, dimly lit room with stone walls and large arched windows. The floor has a circular pattern with a star-like design. The overall mood is intense and mystical.

Digital Depression Dan Schiller, 2014-10-15 The financial crisis of 2007-08 shook the idea that advanced information and communications technologies ICTs as solely a source of economic rejuvenation and uplift instead introducing the world to the once unthinkable idea of a technological revolution wrapped inside an economic collapse In *Digital Depression* Dan Schiller delves into the ways networked systems and ICTs have transformed global capitalism during the so called Great Recession He focuses on capitalism's crisis tendencies to confront the contradictory matrix of a technological revolution and economic stagnation making up the current political economy and demonstrates digital technology's central role in the global political economy As he shows the forces at the core of capitalism exploitation commodification and inequality are ongoing and accelerating within the networked political economy

The Mind's Eye Christopher G. Nuttall, 2014-11-07 For centuries men have been dreaming of telepathy the power to read and influence the minds of others Now all around the world telepaths are finally starting to appear Men and women are developing awesome powers with the potential to dramatically change society Governments are soon starting to become aware of them even recruiting them while striving to keep knowledge of their abilities hidden from the general public Academic researchers too are discovering telepaths and it isn't long before awareness of their existence starts to spread But non telepaths ordinary people don't want to have their minds read or controlled the telepaths soon find themselves widely regarded with fear and hatred Inevitably some of them want to fight back

The Ancient Lie Christopher G. Nuttall, 2020-01-17 I know the words written But the words unwritten Those I don't know After the campaign in the Summer Isle Isabella rides out the winter storms by studying the godly magic under Mother Lembu in the process learning about the origins of the old gods Crown

Prince Reginald receives word that his father the King is ill and his sister Princess Sofia acting as regent is imposing a regime that is strangely similar to what had been happening on the Summer Isle nobles killed temples smashed enforced public worship of old gods Concerned that his family and indeed his homeland are in danger Reginald is determined to return home But the storms are still raging with what appears to be unnatural force making any attempt to return to Andalusia too risky for the Prince and his men unless Isabella can somehow use the new rituals she has learnt to placate the powers behind the storms and navigate the fleet safely home to face whatever has taken control of the kingdom Visit bit ly TheAncientLie

Risingshadow *The Great Game* Christopher G. Nuttall,2013-08-16 It s 1831 and Lady Gwendolyn Crichton has been appointed Royal Sorceress following the tragic events known as the Swing Although unleashed by the rebel master magician Jack in battle with Gwen s mentor Master Thomas the popular press firmly laid the blame at the feet of the French Now alone at the head of the Royal College of Sorcerers Gwen must overcome prejudice against her gender and age if she is to exercise her authority and fulfil her responsibilities Soon an unexpected responsibility is made manifest when Sir Travis Mortimer a senior magician recently returned from India is found murdered in a locked room Gwen is required to investigate but before long her inquiries lead her into a web of intrigue that combines international politics widespread aristocratic blackmail gambling dens and personal vendettas Should she believe apparent evidence that Mortimer betrayed his country or is she being manipulated to keep her away from the truth Who can she really trust Is a title or popular acclaim a valid basis for trust Soon some of the more unsavoury aspects of the case get dangerously close to home which means Gwen must make hard decisions and ask difficult questions of her own nearest and dearest Continuing on from the end of *The Royal Sorceress* *The Great Game* follows Gwen s unfolding story as she assumes the role vacated by Master Thomas A satisfying blend of whodunit and magical fantasy it is set against a backdrop of international political unrest in a believable yet simultaneously fantastic alternate history
