Trickle Down Tyranny Crushing Obamas Dream Of The Socialist States Of America

R. Lee Prescott

Trickle Down Tyranny Crushing Obamas Dream Of The Socialist States Of America:

Everything Goes: On Land 10c Flr Michael Savage, 2011-09-13 Conservative radio host Michael Savage attempts to lacerate many areas of the Obama administration's domestic and foreign policy as well as alleged instances of malfeasance and corruption in the Justice Department and elsewhere

Demonizing a President Martin A. Parlett, 2014-08-28 This groundbreaking political exposé scrutinizes the motivations behind the unparalleled attacks on President Barack Obama that attempted to undermine his eligibility to lead the country. The ascendancy of the first Black president was a watershed moment in American history. In response, Obama's adversaries engaged in relentless and systematic mudslinging throughout his campaign and well into his presidency, othering him as a foreign and dangerous political figure. Never before has a presidential candidate been so maligned by so many in such a variety of ways and yet won. This provocative study investigates the unrest behind the Obama campaign and election and the controversial political machine that caused it. Martin A. Parlett himself, a former campaigner for Barack Obama, examines the role identity politics and racialization played in the anti-Obama movement, shows how foreignization is the latest tool for political dissent, and discusses the ways in which Obama successfully used the outsider label to his own advantage. The book questions the popular and often contradictory notions of Obama as illegitimate, Muslim, Marxist, Communist, socialist, Kenyan terrorist, and angry African American. Additionally, chapters trace political marginalization and race throughout history from slavery to Reconstruction to the Civil Rights Movement, concluding with the culture of distrust in the American political psyche since the events of September 11, 2001.

Focus On: 100 Most Popular American Agnostics Wikipedia contributors, **100 of the Most Outrageous Comments about Trickle Down Tyranny** James Carter, Lecturer of Philosophy and Religion, James Carter, 2013-01 In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot), original, and musing book reviews of *Trickle Down Tyranny: Crushing Obama's Dream of the Socialist States of America*. Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1 You don't have nerves of steel 2 You expect to get pregnant in the next five minutes 3 You've heard it all

Radical-in-Chief Stanley Kurtz, 2010-10-19 President Barack Obama surprised many voters during a pre-election interview when he approvingly noted that Ronald Reagan had changed the trajectory of America in a way that other presidents had not. In effect, Obama was saying that he too aimed to transform America in some fundamental way. Yet while Americans in 1982 may have been divided over Reagan's politics, at least they knew what he stood for. Do we really understand Obama's vision for our country? In his controversial new book, veteran journalist Stanley Kurtz culls together two years of investigations from archives and never-before-tapped sources to present an exhaustively researched exposé of President Obama's biggest secret: the socialist convictions and tactical ruthlessness he has long swept under the rug. A personable figure, a thoughtful politician, and an inspiring orator, Obama has

hidden his core political beliefs from the American people sometimes by directly misrepresenting his past and sometimes by omitting or parceling out damaging information to disguise its real importance The president presents himself as a post ideological pragmatist yet his current policies grow directly from the nexus of socialist associates and theories that has shaped him throughout his adult life Kurtz makes an in depth exploration of the president s connections to radical groups such as ACORN UNO of Chicago the Midwest Academy and the Socialist Scholars Conferences He explains what modern stealth socialism is how it has changed and how it continues to influence the Democratic Party He sheds light on what the New York Times called a lost chapter of the president s life his years at Columbia and proves that Obama s youthful infatuation with socialism was not just a phase Those ideas have shaped his political views and set the groundwork for the long term strategy of his administration It could be argued that Obama s past no longer matters but in a sense it matters more than the present Obama has adopted the gradualist socialist strategy of his mentors seeking to combine comprehensive government regulation of private businesses with a steadily enlarging public sector Eventually in his hands capitalist America could resemble a socialist inspired Scandinavian welfare state The gap between inner conviction and public relations in Obama s case is vastly wider than for most American politicians If Americans understood in 2008 the facts Kurtz reveals in this shocking political biography Obama would not be president today The fears of his harshest critics are justified our Commander in Chief is a Radical in Chief *Barack Obama's Plan to Socialize America and Destroy Capitalism* R. Lee Prescott,2009-03 On the campaign trail Barack Obama promised change but what kind of change In this book you will read about his plans to steer the country sharply to the left and roll out liberal policies across the political landscape Never before in this history of America have we seen the radical left so empowered to impose a liberal agenda on the country In Barack Obama we have a charismatic leader who has proven he can persuade the public and has shown he is more than capable of making his agenda a reality President Obama is without question a charismatic leader and captivating speaker Behind the cool veneer and rock star personality is a person with a dangerous agenda a person who doesn t believe America is great and who wants to model our country after the socialist democracies in Europe Before we can take back the country Americans must understand both the policies of our President and where they will lead us **The Roots of Obama's Rage** Dinesh D'Souza,2011-10-03 Critics of President Obama have attacked him as a socialist an African American radical a big government liberal But somehow the critics have failed to reveal what s truly driving Barack Obama Now bestselling author Dinesh D Souza throws out these misplaced attacks in his new book *The Roots of Obama's Rage* The reason explains D Souza that Obama appears to be working to destroy America from within is found as Obama himself admits in *The Dreams of His Father* a deeply hostile anti colonialism Instilled in him by his father this worldview has led President Obama to resent America and everything for which we stand Viewing Obama through this anti colonialism prism and drawing evidence from President Obama s own life and writings D Souza masterfully shows how Obama is working to weaken and punish America
