Wyatt And Dashwoods European Union Law Sixth Edition:

Wyatt and Dashwood's European Union Law Alan Dashwood, Michael Dougan, Barry J Rodger, Eleanor Spaventa, Derrick Wyatt, 2011-06-14 First published 30 years ago Wyatt and Dashwood's European Union Law was a landmark publication designed and written for students taking degree level courses in EU law In the intervening years new editions have appeared at regular intervals firmly establishing the book as a reliable and authoritative text Besides introducing generations of students to the intricacies of European law it has also been increasingly relied upon by scholars practitioners and the courts as a valuable source of reference on this complex and ever expanding body of law While the book cannot cover every aspect of the subject matter it nevertheless offers comprehensive coverage of those aspects of EU law most commonly studied at degree level Part I introduces the history and foundations of the Union's primary law Part II looks at the Union's institutions decision making procedures and competences It also deals with the Union judiciary focusing on direct actions before the Union courts and preliminary references from national courts The constitutional fundamentals of direct effect and supremacy effective judicial protection before national courts general principles of Union law and the Charter of Fundamental Rights are dealt with in Part III Part IV covers the internal market free movement of goods Union citizenship workers establishment and services the services directive mutual recognition of qualifications corporate establishment and company law harmonisation Part V deals with competition law Articles 101 and 102 TFEU the enforcement of Union competition rules and other related competition law issues Part VI then includes a brand new chapter concerned with the EU's external relations together with treatment of the legal effects of international agreements entered into by the EU As with previous editions the aim is to provide an accurate critical pragmatic and original account of the subject at times also offering unique insiders insights The book holds to its reputation as being both broad and profound the ideal foundation for gaining a deep understanding of EU law This edition reflects the law post Lisbon It has also been re structured and re designed so as to facilitate ease of use Its original authors Derrick Wyatt and Alan Dashwood continue to make a significant contribution Michael Dougan Eleanor Spaventa and Barry Rodger complete the team of authors working on this invaluable textbook and reference work The 6th edition has already been cited in the Northern Ireland High Court by The Honourable Mr Justice Bernard McCloskey 2011 NIQB 61 EU Legal Acts Marise Cremona, Claire Kilpatrick, 2018 This volume explores the changing landscape of the EU's legal acts focusing on the transformations and challenges to the EU's traditional legal acts as well as those acts found at the margin of such traditional EU acts The volume further explains the adaptability of the EU legal order as well as the challenges facing it The European Union in the World Inge Govaere, Erwan Lannon, Peter van Elsuwege, Stanislas Adam, 2013-11-07 The European Union in the World Essays in Honour of Marc Maresecau provides a unique overview of state of the art academic research in the rapidly developing area of EU external relations law from renowned academics and practitioners The book is dedicated to the academic career of Marc

Maresceau a world renowned expert in EU external relations law For many years Prof Maresceau has been a pioneer in EU enlargement and neighbourhood studies In honour of his inestimable contribution to the field editors Inge Govaere Erwan Lannon Peter Van Elsuwege and Stanislas Adam have compiled contributions devoted to the following wide range of topics i the legal institutional framework of EU external action ii the external policies of the EU iii the EU s bilateral relations with third countries iv the enlargement of the European Union v the European Neighbourhood Policy With a special focus on the post Lisbon legal framework of EU external action the book builds further upon the implementation of the reforms initiated by the Lisbon Treaty to offer virtually all encompassing analysis of EU external relations law by top level specialists Academics scholars and practitioners of EU law will find a seminal new work in The European Union in the World Essays in Honour of Marc Maresceau

The EU at a Crossroads Despina Anagnostopoulou, Lina Papadopoulou, 2017-05-11 This volume brings together experienced Professors and PhD researchers from all over Europe to summarise the crucial dilemmas that the European Union has to confront during its current multilevel crisis The chapters are organized into four parts The first section deals with constitutional issues of the EU namely multilevel democratic governance gender equality and participatory democracy and the impact of the crisis on them The second analyses public governance issues with reference to urban planning as a new policy for the EU state aid and privatization of public companies corporate governance principles for public companies and EU case law on freedom of establishment of companies The third part discusses certain issues of the EU internal market and external trade namely the Europeanisation of labour relations the relation between EU environmental law and international agreements the dilemma between regionalism and multilateralism in international trade law and the Eurasian Economic Union The fourth section explores the Eurozone crisis from different perspectives and areas namely political philosophy economics political science administrative science and law

EU Human Rights, International Investment Law and Participation Vivian Kube, 2019-08-02 This book demonstrates how human rights obligations of the EU foreign constitution can be operationalized in the realm of international economic regulation The content is divided into three major parts The first outlines the legal foundations needed for the EU to become a shaper of international investment law which include the general principles and objectives of EU external policies the Charter of Fundamental Rights international human rights and the international investment competences of the EU The second part demonstrates the current international investment regime s incompatibility with human rights interests while the third analyzes two mechanisms stemming from trade Law ex ante human rights impact assessments and civil society monitoring bodies and explores whether they could mitigate the current inequalities in the protection of rights The potential of these mechanisms the book argues lies in their capacity to ensure a comprehensive assessment of all interests at stake and to empower traditionally marginalized rights holders to make shape and contest the international investment regime

Retail Depositor and Retail Investor Protection under EU Law Constantinos Tokatlides, 2017-02-10 Retail Depositor and Retail Investor Protection under EU Law

offers an original perspective on EU financial law in the area of retail investor protection examining the status of protection awarded by EU law to retail depositors and retail investors in the event of financial institution failure The analysis of relevant EU law is on the basis of effectiveness and has been elaborated in two levels of comparison The first comparative approach examines relevant EU law both externally and internally externally vis vis relevant international initiatives and developments in the area of financial law as the latter affect the features and evolution of EU law and internally by examining relevant instruments of EU law with regard to each other as to their normative structure and content The second comparative approach also examines the status of retail depositors in relation to that of retail investors under EU law in the event of financial institution failure and the relevant legal consequences thereof *Environmental Integration in Competition and Free-movement Laws* Julian Nowag, 2016 Focusing on competition State aid and free movement law this book develops a conceptual framework for understanding the integration of environmental concerns in those legal domains and compares the different legal tests that have emerged for delimiting and weighing environmental considerations against other public goals

The Average Consumer in Confusion-based Disputes in European Trademark Law and Similar Fictions Rasmus Dalgaard Laustsen, 2019-11-06 This book contends that with regard to the likelihood of confusion standard European trademark law applies the average consumer incoherently and inconsistently To test this proposal it presents an analysis of the horizontal and vertical level of harmonization of the average consumer The horizontal part focuses on similar fictions in areas of law adjacent to European trademark law and in economics and the average consumer in unfair competition law The vertical part focuses on European trademark law represented mainly by EU trademark law and the trademark laws of the UK Sweden Denmark and Norway The book provides readers with a better understanding of key aspects of European trademark law the average consumer applied as part of the likelihood of confusion standard and combines relevant law and practices with theoretical content and other related areas of law and economics Accordingly it is an asset for policymakers and practitioners as well as general readers with an interest in intellectual property law and theory **The Principle of Proportionality, Solvency II and Captives** Marta Ostrowska, 2025-03-05 This book offers an in depth analysis of the principle of proportionality in the EU insurance regulatory regime It takes a critical look at how proportionality has been implemented in Solvency II and tests its effectiveness on captive re insurance undertakings Given their unique business model captives are considered the primary beneficiary of proportionality and therefore offer the perfect litmus test for the principle s effectiveness In a world characterized by overregulation and increasingly complex financial markets governments and policymakers face the challenge of regulating markets without hindering their growth As one size fits all approaches have long since been recognized as detrimental the EU is seeking to develop a regulatory technique which allows more individual regulatory treatment while ensuring a level playing field The first revolutionary step towards this goal was taken in Solvency II Directive 2009/138/EC which introduced a principle of proportionality to the EU insurance market The principle

is a unique tool which makes it possible to adjust the requirements of the Solvency II framework to the nature scale and complexity of each individual insurance undertaking s risk profile It is intended to help remove an unnecessary regulatory burden for insurance undertakings and to prevent the proliferation of regulations in general However the practical implementation of proportionality is not without its share of obstacles The principle s generic nature and the lack of guidance have caused a great deal of confusion regarding its practical application and prevented insurance undertakings from using its benefits to the fullest Consequently the principle of proportionality has been subject to revision within the first Solvency II review process The book will benefit captive owners captive managers regulators supervisors practitioners academics students and more generally all those involved with or interested in the insurance market EU International Relations Law Panos Koutrakos,2015-04-30 This new edition provides a definitive comprehensive and systematic analysis of the law governing the EU s action in the world Updated to take into account the Lisbon Treaty and recent case law the book covers all constitutional aspects of the EU s international action and the procedures for treaty making It analyses the relationship between the EU and its Members with emphasis on mixed agreements and the status of international law in the EU legal order It explores the links between the EU and international organisations such as the WTO and examines the EU s external economic and political relations and its various links with third countries including its neighbours It analyses amongst others the Common Commercial Policy sanctions the Common Foreign and Security Policy and the Common Security and Defence Policy This new edition is the most up to date work of its kind examining both the law and practice in a wide range of external policies placing the law in its political and economic context and exploring the links between the EU s external and internal actions EU International Agreements Nadine Zipperle,2017-10-06 This book provides an analysis of the institutional and constitutional effects of EU international agreements with a particular focus on their potential effects on private parties The European Union has entered into a number of international agreements that raise serious fundamental rights concerns due to a lack of parliamentary and judicial scrutiny The book addresses these issues in the context of developments contained in the Lisbon Treaty focusing on primary and secondary sources including German French scholarship as well as EU and national case law European Banking and Financial Law Matthias Haentjens,Pierre de Gioia Carabellese,2015-06-05 In recent decades the volume of EU legislation on financial law has increased exponentially Banks insurers pension funds investment firms and other financial institutions all are increasingly subject to European regulatory rules as are day to day financial transactions Serving as a comprehensive and authoritative introduction to European banking and financial law the book is organized around the three economic themes that are central to the financial industry i financial markets ii financial institutions and iii financial transactions It covers not only regulatory law but also commercial law that is relevant for the most important financial transactions It also explains the most important international standard contracts such as LMA loan contracts and the GMRA repurchase agreements Covering a broad range of aspects of financial law from a

European perspective it is essential reading for students of financial law and European regulation *Children and the European Union* Helen Stalford, 2012-08-14 This book examines in detail the status of children in the EU Drawing on a range of disciplinary perspectives including the sociology of childhood and human rights discourse it offers a critical analysis of the legal and policy framework underpinning EU children's rights across a range of areas including family law education immigration and child protection Traditionally children's rights at this level have been articulated primarily in the context of the free movement of persons provisions inevitably restricting entitlement to migrant children of EU nationality In the past decade however innovative interpretations of EU law by the Court of Justice coupled with important constitutional developments have prompted the development of a much more robust children's rights agenda This culminated in the incorporation of a more explicit reference to children's rights in the Lisbon Treaty followed by the Commission's launch in February 2011 of a dedicated EU Agenda to promote and safeguard the rights of the child The analysis presented in this book therefore comes at a pivotal point in the history of EU children's rights providing a detailed and critical overview of a range of substantive areas and making an important contribution to international children's rights studies **The European Union's Shaping of the International Legal Order** Dmitry Kochenov, Fabian Amtenbrink, 2014 This book offers a new approach to the study of EU law of external relations **Constitutional Principles of EU External Relations** Geert De Baere, G. de Baere, 2008 This book explores how foreign policy fits within the complex constitutional structure of the EU providing both an analysis of the constitutional reality of EU foreign policy and a theoretical analysis suggesting possibilities for reform The Involvement of EU Law in Private Law Relationships Dorota Leczykiewicz, Stephen Weatherill, 2013-03-12 The involvement of the EU in regulating private conduct and relationships between individuals is increasing As a result EU law affects the scope of private autonomy in ever wider contexts sparking tensions with fundamental concepts of national private law systems This volume offers a descriptive and normative account of the involvement of EU law in private law relationships The recurring theme in the collected papers is the scope of policy objectives which are apt to legitimise the European Union's as yet unsystematic tendency to serve as a source of restrictions of private autonomy The nature and purpose of the involvement of European Union law in private law relationships is investigated by the authors from both the substantive and the constitutional perspective The papers look at such sectors regulating private law relationships as consumer law labour law competition law equal treatment law and the law of remedies While focusing on private law relationships the authors investigate more general concepts of EU law such as the Internal Market freedoms and general principles of law and the different modes of ensuring the effective application of EU secondary law The EU Expansion Lynda Lee Kaid, 2008 The EU Expansion analyzes the communication strategies of candidates and parties in the 2004 European Parliamentary elections These elections marked the first opportunity for the selection of representatives to the enlarged European Parliament They also provided an important opportunity to study how

candidates and parties strike a balance between communicating the need to preserve the sovereignty and culture of their countries with the increasing realization that Europe can only preserve its significance in the world by forging a unified economic and political federation Research and analysis from both longstanding EU nations and those entering for the first time are provided Chapters focus on the background and significance of the elections the content of the party and candidate communications in representative countries news media coverage of the elections the effects of these communications on voters and the unique perspectives of how the elections were covered and perceived around the world

Buying Defence and Security in Europe Martin Trybus, 2014-10-13 Buying Defence and Security in Europe is the first critical evaluation of the EU Defence and Security Procurement Directive 2009 81 EC which is now the basis for public and private entities buying armaments and sensitive goods and services in the EU This instrument aims to ensure non discrimination competition and transparency in the security sectors Part one provides a critical analysis of the economical historical political military strategic and legal contexts of the new EU Defence and Security Procurement Directive Part two covers the main aspects of the Directive its scope procedures security of supply and information offsets and subcontracting and finally its review and remedies system This book is an essential overview of a legislative milestone in the field

The UK's Withdrawal from the EU Michael Dougan, 2021 The UK's Withdrawal from the EU explores the UK's departure from the EU from a legal perspective Michael Dougan provides a critical analysis of the final EU UK Withdrawal Agreement including explorations of the future protection of citizens rights the contentious Irish border and the prospects for future EU UK relations

The Danish EU Opt-Outs Christian Thorning, 2024-10-03 This book offers the first comprehensive legal study dedicated to the understanding of the Danish EU opt outs The impact of these is significant falling as they do within Union citizenship the euro defense cooperation and the Area of Freedom Security and Justice Through a re examination of the opt outs individually collectively and temporally the book sheds light on their legal design and their interplay between international law EU law and national law This pioneering book takes a legal doctrinal approach which provides readers with a solid understanding of the opt outs Academics judges and European Union civil servants will find this invaluable
