Handbook of Research on Accounting and Financial Studies Farinha, Luís, Cruz, Ana Baltazar, Sebastião, João Renato, 2020-03-06 The competitive nature of organizations in today's globalized world has led to the development of various approaches to increasing profitability and maintaining an advantage over rival companies. As technology continues to be integrated into business practices, specifically in the area of accounting and finance, professionals and educators need to be prepared for advancing economic techniques and they need to maintain a high level of financial literacy. The Handbook of Research on Accounting and Financial Studies is a pivotal reference source that provides vital research on advanced knowledge and emerging business practices and teaching dynamics in the fields of accounting and finance. While highlighting topics such as cost-benefit analysis, risk management, and corporate governance, this publication explores new initiatives in entrepreneurship and performance management. This book is ideally designed for business managers, consultants, entrepreneurs, auditors, tax practitioners, economists, accountants, academicians, researchers, and students seeking current research on modern advancements and recent findings in accounting and financial studies.

The Routledge Handbook of Spirituality, Religion, and the Medical Humanities Kristy L. Slominski, Adam J. Powell, Christopher C. H. Cook, 2025-12-10 Currently, religion is absent or severely underemphasized within the medical humanities, and The Routledge Handbook of Spirituality, Religion, and the Medical Humanities forges direct engagements between the fields of medical and health humanities on the one hand and religious studies and theological studies on the other. This volume consists of 35 chapters from an international and interdisciplinary range of contributors organized into 6 parts: Religious Studies and Theology in the Medical Humanities; Tensions and Transformations; The Socio-Spiritual Self; Culture and the Culturally Mediated Space; Place and Bodies; Beliefs, Brains, and Behaviours; Spirituality and Religion in Healthcare; Application and Impact. By directly connecting major questions and themes from each of these domains, this volume firmly establishes a needed bridge and valuable resource for stakeholders with an interest in how mental and physical health relates to the human drive for meaning.
