User Friendly is a tour de force an engrossing fusion of scholarly research professional experience and revelations from intrepid firsthand reporting

EDWARD TENNER The New York Times Book Review In User Friendly Cliff Kuang and Robert Fabricant reveal the untold story of a paradigm that quietly rules our modern lives the assumption that machines should anticipate what we need

Spanning over a century of sweeping changes from women's rights to the Great Depression to World War II to the rise of the digital era this book unpacks the ways in which the world has been and continues to be remade according to the principles of the once obscure discipline of user experience design

In this essential text Kuang and Fabricant map the hidden rules of the designed world and shed light on how those rules have caused our world to change an underappreciated but essential history that's pieced together for the first time

Combining the expertise and insight of a leading journalist and a pioneering designer User Friendly provides a definitive thoughtful and practical perspective on a topic that has rapidly gone from arcane to urgent to inescapable

In User Friendly Kuang and Fabricant tell the whole story for the first time and you'll never interact with technology the same way again
