Change Ana Penteado, Shambhu Prasad Chakrabarty, Owais H. Shaikh, 2024-03-16 This edited book uses a methodology that includes multidisciplinary collaboration to approach climate issues from several disciplines involved in climate governance The main aim is to showcase collaborative research designed from the point of view of experiences associated with Indigenous Knowledge from an assumption of the equitable importance of its practices methods of search and cultural background that Indigenous Peoples custodians have maintained through time immemorial In showing their applied ethics and activism to protect their traditional land this book's mission is to advocate the concept of climate justice absent from our mainstream academic and legal discourse Their investigation into some real life examples and local practices organised by

Nature as their main element offers inter alia a detailed account of Indigenous Knowledge's duty of care towards local biodiversity that can potentially be adopted in policy formulation on environmental management and governance. These selected essays represent an international human rights approach, a human understanding of genetic resources that existed for centuries alongside the First Nations and their strategies to mitigate the contemporary climate crisis afflicting all of us. The book revolves around Indigenous Knowledge of First Peoples' tribal and local communities in the Global South. In climate justice, Indigenous Peoples' advocacy to protect our local biodiversity must be crucial change mitigation.

The Routledge Handbook of Tribe and Religions in India Maguni Charan Behera, 2024-09-03. This handbook explores the diversity of religious practice in tribal cultures in India. It looks at the interactive spaces where the religious practices of tribes and other communities have changed and adapted through the years in contemporary India. Tribe as a social category emerged in India during the colonial period; this handbook departs from the conventional approaches to studying tribal religion and analyses the intersections of spirituality, rituals, gender, and identities within tribal religion through a cross-cultural and pan-Indian perspective. Tribes in India follow various religious denominations including Buddhism, Hinduism, Islam, Christianity, and traditional indigenous faiths. The chapters in this volume provide insights into the cross-cultural religiosity of tribes via ethnographic accounts and the study of animism, life cycle rituals, ancestor worship, shrines, and religious institutions, revivalism, religious identities, religious conversion, transcendental religious spaces, and the space for gender identity and politics within religious traditions. It also discusses conflicts, contestations, anxieties within and the politics of religious traditions and identities in India and how tribal communities and the state negotiate with these issues. This and its companion handbook, *The Routledge Handbook of Contemporary Readings on Tribe and Religions in India: Emerging Negotiations*, provide a comprehensive look into the religious life and practices of a very diverse group of tribes in India. This book will be of interest to academics and researchers working in the fields of religion, anthropology, indigenous and tribal studies, social and cultural anthropology, sociology of culture, sociology of religion, development studies, history, political science, folkloristic, and colonialism.

[The Key to Culture](#) Paul Thomas Gilbert, 1921 **Changing Fields of Anthropology** Michael Kearney, 2004-06-10. This book explores major shifts and reorientations in the recent history of American Anthropology, reflecting the author's vision of what anthropology is and what it has the potential to become. The title phrase "changing fields" can be read in two ways. One meaning refers to how, since the mid-1960s, the larger national and global social, intellectual, and political fields within which American anthropology is situated have profoundly changed. The second meaning refers to how, in response to these changing fields, the author like many other anthropologists changed the locations of his fieldwork along with his research problems and theoretical perspectives. The book engages three fundamental intellectual, political challenges that American anthropology is destined to confront or, at its peril, avoid becoming more self-reflexive: achieving theoretical and methodological holism and defense of universal human rights.

Rewriting Cultural Psychology David Y. F.

Ho,2019-10-15 This volume is addressed to scholars as well as a popular audience aimed to bridge the gap between academia and the general public It deals with who we are concerning our sense of self and identity and how we live concerning our ways of life in diverse cultures It affirms that we may transcend our cultural ethnic roots and redefine our identities individual or collective Transcendence opens the door not only to personal transformation but also to confront ethnic stereotypes and prejudices Readers will gain fresh cultural knowledge from both the East and the West and be attuned to the theme of letting no ethnic group be alien to us This book is at once about the immersion of life in culture and the remaking of culture by human action reciprocal influence at work The idea of immersion underscores the powerful cultural forces that shape our perceptions thinking and emotions Unlike other cultural psychology texts this volume dwells on the accelerating alterations of culture by human action and hence the remaking of our own being in the age of the Internet In the author s own words I write with the passion of a person who has lived life from being marginal neither Eastern nor Western to being a world citizen turned to English like a duck to the water thus circumventing my handicap of Chinese orthographic dyslexia I have two cultural parents one Chinese and one Western who transformed me into a thoroughly bilingual bicultural person empowered to build intercultural bridges The East is rising and the West can ill afford to remain ignorant of the East

The Secret of Culture Change Jay B. Barney,Manoel Amorim,Carlos Júlio,2023-08-08 Find out how bold actions by visionary leaders can inspire powerful stories that drive culture change Data indicates that most strategic efforts to change a company s culture fail So how do companies succeed in this endeavor A top strategy professor and two highly successful CEOs found that in companies that had successfully changed their culture leaders had taken dramatic actions that embodied the new cultural values These actions inspired stories that became company legends repeated in every department and handed on to new employees Through compiling and analyzing 150 stories from business leaders who have achieved change they identified 6 attributes that every successful culture change story has in common 1 The actions are authentic 2 They revolve around the CEO 3 They signal a clean break with the past and a clear path to the future 4 They appeal to employee heads and hearts 5 They re often theatrical or dramatic 6 They re told and re told throughout the organization With extensive and inspiring examples of stories containing these attributes the authors illustrate how readers can harness the power of stories within their company in order to change or create a winning culture to align with any strategy **Fostering**
