Classical Myth and Psychoanalysis Vanda Zajko, Ellen O'Gorman, 2013-06-27 Since Freud published the Interpretation of Dreams in 1900 and utilized Sophocles Oedipus Rex to work through his developing ideas about the psycho sexual development of children it has been virtually impossible to think about psychoanalysis without reference to classical myth Myth has the capacity to transcend the context of any particular retelling continuing to transform our understanding of the present Throughout the twentieth century experts on the ancient world have turned to the insights of psychoanalytic criticism to supplement and inform their readings of classical myth and literature This volume examines the inter relationship of classical myth and psychoanalysis from the generation before Freud to the present day engaging with debates about the role of classical myth in modernity the importance of psychoanalytic ideas for cultural critique and its ongoing relevance to ways of conceiving the self The chapters trace the historical roots of terms in everyday usage such as narcissism and the phallic symbol in the reception of Classical Greece and cover a variety of both classical and psychoanalytic texts **The**

Seeing Through Blindness Gabriela Mann, 2025-02-06 Gabriela Mann's book explores the work of an Israeli psychoanalyst who encounters the trauma and tragedy of Israelis living in an environment saturated with existential anxieties and threats to their well-being. This work offers clinical materials that illustrate the possibility of expansion of the mind through a spiritual dimension in psychoanalysis. The main theme focuses on transcending from a narrow perspective to a broad compassionate view by uncovering the interconnectedness between seemingly different phenomena. This cultivates the patient's ability to free themselves from past and contemporary trauma. Drawing on Kohut, Bion and Winnicott as well as from Buddhist thinking, *Seeing Through Blindness* describes the transformation of archaic narcissism usually concerned with individual goals to mature narcissism which strives for a supra-individual perspective. The reader is invited to choose among the chapters that describe splits in the self, paradoxes of belonging, perpetrators and victims, perversion and self-object needs at times of threat and bereavement. The book offers new ways of thinking about trauma in a troubled world for all psychoanalysts and psychoanalytic psychotherapists.

Good Enough Endings , Stupidity and Psychoanalysis Cindy Zeiher, 2024-12-31 There is nothing new in thinking that we live in stupid times. Many past thinkers thought about stupidity as a symptom; however, Lacan considered stupidity as immune to the influence of psychoanalysis, saying about himself, "I am only relatively stupid," that is to say, "I am as stupid as all people perhaps because I got a little bit enlightened." Here it seems that stupidity signifies and is signified by the absence of any coherent foundation in desire and lack but instead emanates from the will to jouissance. Here stupidity is inescapable whether it be individual, communal or ideological. In *Stupidity and Psychoanalysis*, chapters by internationally respected Lacanian analysts and theoreticians think about how we can understand stupidity as a specific psychoanalytic encounter. This collection draws critical Lacanian attention to considering new ways to approach stupidity and stupor as new contemporary subjective and social forms. Contributors provide various insights into how stupidity might be rethought as contemporary signifiers whose importance lies for better or worse more in producing effect than in transmitting meaning. Contributors: Giole P. Cima, Christian Ingo Lenz, Dunker David, Ferraro Luis, Izcovich Adrian, Johnston James, Martell Jean, Michel Rabate, Samo Tomsic, Antonio Viselli and Cindy Zeiher.

Primary Process Impacts and Dreaming the Undreamable Object in the Work of Michael Eigen Loray Daws, Keri S. Cohen, 2024-06-28 *Primary Process Impacts and Dreaming the Undreamable Object in the Work of Michael Eigen* examines Eigen's rich phenomenological work on becoming a welcoming object. The contributors to this collection explore the core theme with reference to key Eigen works including *Feeling Matters* and *Contact with the Depths*. As a primary process psychoanalyst, Eigen's writing reflects a unique rhythm of faith that is able to revivify union-distinction-body-affect thinking potentialities within a creative psychoanalytic dyad. In this book alongside its companion volume *Toxic Nourishment and Damaged Bonds in the Work of Michael Eigen*, contemporary Eigen readers and writers articulate the various welcoming processes and attitudes needed to cultivate a Hearing Heart, a central ingredient in reaching and touching those parts of self deemed unwanted.

unwelcomed and even traumatized Primary Process Impacts and Dreaming the Undreamable Object in the Work of Michael Eigen represents a wide range of psychoanalytic perspectives and the chapters describe the genius of Eigen as well as contribute their own clinical and academic acumen Presenting a key aspect of Michael Eigen's transformational aesthetic this book will be of great interest to psychoanalysts psychotherapists and all those with an interest in psychoanalytic and spiritual psychology

James Joyce and the Problem of Psychoanalysis Luke Thurston, 2004-07-01 From its very beginning psychoanalysis sought to incorporate the aesthetic into its domain Despite Joyce's deliberate attempt in his writing to resist this powerful hermeneutic his work has been confronted by a long tradition of psychoanalytic readings Luke Thurston argues that this very antagonism holds the key to how psychoanalytic thinking can still open up new avenues in Joycean criticism and literary theory In particular Thurston shows that Jacques Lacan's response to Joyce goes beyond the application of theory rather than diagnosing Joyce's writing or claiming to have deciphered its riddles Lacan seeks to understand how it can entail an unreadable signature a unique act of social transgression that defies translation into discourse Thurston imaginatively builds on Lacan's work to illuminate Joyce's place in a wide ranging literary genealogy that includes Shakespeare Hogg Stevenson and Wilde This study should be essential reading for all students of Joyce literary theory and psychoanalysis

Dramatic Theories of Voice in the Twentieth Century Andrew Kimbrough, 2010

Lacanian Psychoanalysis and Eastern Orthodox Christian Anthropology in Dialogue Carl Waitz, Theresa Tisdale, 2021-10-26 This book vigorously engages Lacan with a spiritual tradition that has yet to be thoroughly addressed within psychoanalytic literature the Eastern Orthodox Christian tradition The book offers a unique engagement with a faith system that highlights and extends analytic thinking For those in formation within the Orthodox tradition this book brings psychoanalytic insights to bear on matters of faith that may at times seem opaque or difficult to understand Ultimately the authors seek to elicit in the reader the reflective and contemplative posture of Orthodoxy as well as the listening ear of analysis while considering the human subject This work is relevant and important for those training in psychoanalysis and Orthodox theology or ministry as well as for those interested in the intersection between psychoanalysis and religion

A Cultural History of Tragedy in the Modern Age Jennifer Wallace, 2021-05-20 In this book leading scholars come together to provide a comprehensive wide ranging overview of tragedy in theatre and other media from 1920 to the present The 20th century is often considered to have witnessed the death of tragedy as a theatrical genre but it was marked by many tragic events and historical catastrophes from two world wars and genocide to the proliferation of nuclear weapons and the anticipation and onset of climate change The authors in this volume wrestle with this paradox and consider the degree to which the definitions forms and media of tragedy were transformed in the modern period and how far the tragic tradition updated in performance still spoke to 20th and 21st century challenges While theater remains the primary focus of investigation in this strikingly illustrated book the essays also cover tragic representation often re mediated fragmented and

provocatively questioned in film art and installation photography fiction and creative non fiction documentary reporting political theory and activism Since 24 7 news cycles travel fast and modern crises cross borders and are reported across the globe more swiftly than in previous centuries this volume includes intercultural encounters various forms of hybridity and postcolonial tragic representations Each chapter takes a different theme as its focus forms and media sites of performance and circulation communities of production and consumption philosophy and social theory religion ritual and myth politics of city and nation society and family and gender and sexuality

Tragedy and Irish Literature R. McDonald, 2001-12-17 In Tragedy and Irish Literature McDonald considers the culture of suffering loss and guilt in the work of J M Synge Sean O Casey and Samuel Beckett He applies external ideas of tragedy to the three dramatists and also discerns particular sorts of tragedy within their own work While alert to the real differences between the three writers the book also traces common themes and preoccupations It identifies a conflict between form and content between heightened language and debased reality as the hallmark of Irish tragedy
