Boxers are intelligent and full of energy so you will need good training skills to show them who is boss Otherwise they will be more than willing to take the lead literally They also need lots of exercise so don't get a Boxer if you find it hard to get up off the sofa Look on the bright side you will be as fit as a flea in no time and have a super toned body and svelte silhouette This book teaches you not your dog as many dog owners think how to train your Boxer with rewards rather than punishment Your Boxer wants to please you but he is begging out for guidance from a leader He has joined your pack not the other way round Using consistency and firm but kind guidelines you will make a friend for life who will always be happy to see you and love you no matter what However you should also be aware that Boxers quite often have a shorter lifespan than some other dogs and are prone to certain diseases This book will tell you what to look out for and what you should be asking the breeder or kennels you get your Boxer from Some diseases are inherited from their parents and a good breeder will supply you with this information Every dog is different but Boxers do have generic traits and behavior that you can be aware of by reading this book Hopefully you have bought it before you get your Boxer In any event it will be useful in the training and care of your dog I hope you enjoy your time together Download your copy Now The Mav4Life R focuses on creating durable fun and friendly premium products From leashes to walk your dog to toys your pets can play with anytime Mav4Life R also will always do its diligence to provide the customer with more each time whether its free reads discounted content or access to information other product producers won't provide We continue to focus on giving the customer more than just the purchase of our products We primarily release content to educate our audiences in the areas of dogs as their pets
