Trapped Brier Hospital Series:

North western reporter. Second series. N.W. 2d. Cases argued and determined in the courts of Iowa, Michigan, Minnesota, Nebraska, North Dakota, South Dakota, Wisconsin ,1993 *The Haunting of Brier Rose*
Patricia Simpson,1993-09 No longer was Brierwood the sanctuary Rose Quennel had cherished all her young life Her beloved home had become a place of whispering shadows and blossoming fear Night after night against her will a faceless figure crept into her room into her very dreams murmuring to her caressing her tempting her to taste unknown pleasures and unsuspected desires And it was clear that the shadows had begun to spread over Brierwood the day Taylor Wolfe had arrived The strange bitter man seemed to haunt her every waking moment but could he also be the night creature who had taken possession of her dreams Her heart cried out against the thought even as she trembled at the coming darkness Provided by publisher Trapped Lawrence W. Gold,Dawn Dominique,2013-11-22 While medical students suspect that every headache is a brain tumor and that every chest pain is a heart attack experienced physicians know diseases along a spectrum of horror the ones they dread the most Among these are cancer Alzheimer s stroke diabetes and ALS Lou Gehrig s disease As the list continues we come upon locked in syndrome a neurologic disease where a victim is awake and alert but cannot move or communicate due to paralysis of all voluntary muscles in the body except for the eyes In *Trapped* a Brier Hospital Series novel by Lawrence W Gold M D the reader enters the neonatal and the adult intensive care units Medical fiction works not only due to its intrinsic drama but because of the crucial ethical issues that arise especially in intensive care Lisa Cooke is the product of a passive mother and an abusive father She finds her way into pediatric nursing a world filled with men in control especially the director of the Neonatal ICU Mike Cooper As Mike reminds Lisa of her father it s no surprise that they don t get along Ultimately they fall in love and have a fulfilling marriage except that she s unable to have children They try everything but fail When an automobile accident severely injures Mike Lisa is devastated Shortly afterward she discovers that she s pregnant Mike s injuries are life threatening and he nearly dies on several occasions Mike suffers from locked in syndrome and his survival is constantly in jeopardy as is Lisa s pregnancy Will he she they survive **Hospital** Julie Salamon,2008 A bestselling author and award winning journalist follows a year in the life of a big urban hospital painting a revealing portrait of how medical care is delivered in America today Most people agree that there are complicated issues at play in the delivery of health care today but those issues may not always be what we think they are In 2005 Maimonides Hospital in Brooklyn New York unveiled a new state of the art multimillion dollar cancer center Determined to understand the whole spectrum of factors that determine what kind of medical care people receive in this country bestselling author Julie Salamon spent one year tracking the progress of the center and getting to know the characters who make the hospital run Located in a community where sixty seven different languages are spoken Maimonides is a case study for the particular kinds of concerns that arise in institutions that serve an increasingly multicultural American demographic Granted an astonishing

warts and all level of access by the hospital higher ups Salamon followed the doctors patients administrators nurses ambulance drivers cooks and cleaning staff She explored not just the action on the ground what happens between doctors and patients but also the financial ethical technological sociological and cultural matters that the hospital community encounters every day Drawing on her skills as interviewer observer and social critic Salamon presents the story of modern medicine uniquely viewed from the vantage point of those who make it run She draws out the internal and external political machinations that exist between doctors and staff as well as between hospital and community And she grounds the science and emotion of medical drama in the financial realities of operating a huge private institution that must contend with issues like adapting to the specific needs of immigrant groups that make up a large and growing portion of our society Salamon exposes struggles of both the profound and humdrum variety There are bitter internal feuds warm personal connections comedy egoism greed love and loss There are rabbinic edicts to contend with as well as imams and herbalists and local politicians There are system foul ups that keep blood test results from being delivered on time careless record keepers shortages of everything except forms to fill recalcitrant and greedy insurance reimbursement systems and the surprising difficulty of getting doctors to wash their hands This is the dynamic universe of small and large concerns and personalities that taken together determine the nature of our care and assume the utmost importance As Martin Payson chairman of the board at Maimonides and ex Time Warner vice chairman puts it Hospitals have a lot in common with the movie business You ve got your talent entrepreneurs ambition ego stroking the business versus the creative part The big difference is that in the hospital you don t get second takes Movies are make believe This is real life
