**Travel Journal Italia: Traveler's Notebook Italy. ( New Collection Omj )** O. M. J, 2015-12-08 TRAVEL BOOK ITALY  
Keep travel memories weekend TRAVELER S NOTEBOOK 30 days pages printed transport hotel camping budget shopping activities     Traveling Auteurs Luca Caminati, 2024-04-30 What tensions characterized the relationships between cinema European Leftists and emerging postcolonial ideologies after World War II In Traveling Auteurs author Luca Caminati analyzes the work of influential Italian filmmakers Roberto Rossellini Pier Paolo Pasolini and Michelangelo Antonioni as they engaged politically and aesthetically with the global landscapes and politics of the Cold War period As documentaries the films considered in this book record specific manifestations of political sensibilities of the twentieth century As bodies of work they reveal that the traveling auteurs who made them were symptomatic actors in complex geopolitical networks As cultural objects reflecting and shaping contemporaneous debates they provoke a complex afterlife at home and abroad In the three chapters dedicated to Rossellini in India Pasolini in Africa and the Middle East and Antonioni in China Caminati pays particular attention both to the reception that these films had in the countries where they were shot and to their legacies in Italian film history As it follows the entanglements of filmmakers artists and activists involved as allies or direct witnesses to momentous political change this book sheds new light on anticolonial struggles the reaffirmation of the Non Aligned Movement and the consolidation of the Chinese Communist Party     Ruins of Ancient Rome Roberto Cassanelli, 2002 Traditionally a critical component of the education of any architect was to draw the ruins of ancient Rome reconstructing either from ancient sources or more often pure fantasy what the original structures must have looked like From this training emerged generations of architects imbued with the aesthetic ideals that would form the Neoclassical and Beaux Arts building styles In this magnificently printed volume are reproduced some of the most extraordinarily handsome drawings of the ruins of ancient Rome made by French Prix de Rome architects from 1775 through 1925 Accompanied by text that explains how the Prix de Rome was awarded and the significance of the prize in the history of architecture as well as how the study of ancient models formed the basis for nineteenth and early twentieth century architectural styles these drawings provide an invaluable understanding of how the modern imagination recorded and transformed ancient fragments into a modern architectural idiom     The Travel Journal of Antonio de Beatis through Germany, Switzerland, the Low Countries, France and Italy, 1517-8 J.R. Hale, 2021-12-24 In May 1517 Luigi of Aragon one of the most wealthy cultivated and well connected of Italian cardinals left Italy for a leisurely tour through Germany Switzerland the Low Countries and France which lasted until January 1518 Too grand to keep a record of his own movements he was well served by his chaplain and amanuensis Antonio de Beatis who day by day kept a steadily enthusiastic record of the scenes they passed amongst The range of de Beatis s interests was quite remarkably wide His descriptions of individuals landscapes towns of whole regions and the characters and customs of their inhabitants of churches palaces relics and works of art provide one of the clearest impressions we have

of the physical quality of life in north western Europe in the Renaissance This range owes something to the company he kept Without the Cardinal he would not have had the organs played in the churches they visited would not have watched Raphael's tapestries being woven in Brussels or met Leonardo da Vinci at Amboise But it owes still more to the traditions which by 1517 suggested not only what a curious traveller should look at but the way in which he might organise his impressions and express them in writing For this reason most of the editor's Introduction is devoted to providing a pioneering account of the evolution of the Renaissance travel journal Though the Italian text published in the German edition of Ludwig Pastor in 1905 has been frequently quoted by political social and art historians the Journal has not previously been translated into English

Travelling In and Out of Italy Emanuele Occhipinti, 2011-05-25 Travel has often been taken as a metaphor for human life and the concept of travel and the traveller has varied across centuries cultural traditions and social groups Following a diachronic overview of travel writing this study considers some of the most important Italian writers of the late nineteenth and twentieth centuries such as D Annunzio Pirandello Svevo with particular focus on their note books letters travel diaries and reportage An analysis of this material indicates that these authors collect their miscellaneous notes in some cases as private and personal documents and in other instances to possibly develop future articles essays or novels It goes on to focus on the journey par excellence the trip to America regarded as an Eden In many of their works writers such as Ojetti Giacosa Cecchi Piovene express their ambivalence towards a place often idealized as a land of freedom and opportunity yet also acknowledged as a land where oppression and violence are all too real The study attempts to demonstrate how all the traveller writers discussed translate their sense of discovery in their books and the extent to which that sense affects the conception of each of the texts

Travels and Translations Alison Yarrington, Stefano Villani, Julia Kelly, 2013-11-01 This volume explores the fascinating interactions and exchanges between British and Italian cultures from the early modern period to the present It looks at how these exchanges were mediated through personal encounters travel writings and translations involving a variety of protagonists explorers writers poets preachers diplomats and tourists In particular this book examines the understanding of Italy as a destination and set of locations each with their own distinctive geographical character during a period which saw the creation of the modern Italian state It also charts the shifts in travelling activity during this period from early explorers and cartographers via those taking part in the Grand Tour in the 18th and 19th centuries to more modern poet travellers and blogging tourists Drawing upon literary studies history art history cultural studies translation studies sociology and socio linguistics this volume takes a cross disciplinary approach to its rich constellation of cultural transactions
