Happiest Toddler on the Block Harvey Karp, M.D., 2008-08-26 Perfect for expecting parents who want to prepare themselves for the challenging toddler years which starts around eight months of age this essential guide a national bestseller by respected pediatrician and child development expert Dr Harvey Karp not only helps reduce tantrums but makes happy kids even happier by boosting patience cooperation and self confidence Toddlers can drive you bonkers so adorable and fun one minute so stubborn and demanding the next Yet as unbelievable as it sounds there is a way to turn the daily stream of nos and don'ts into yeses and hugs if you know how to speak your toddler's language In one of the most useful advances in parenting techniques of the past twenty five years Dr Karp reveals that toddlers with their immature brains and stormy outbursts should be thought of not as pint size people but as pintsize cavemen Having noticed that the usual techniques often failed to calm crying toddlers Dr Karp discovered that the key to effective communication was to speak to them in their own primitive language When he did suddenly he was able to soothe their outbursts almost every time This amazing success led him to the realization that children between the ages of one and four go through four stages of evolutionary growth each linked to the development of the brain and each echoing a step in prehistoric humankind's journey to civilization The Charming Chimpanzee Child 12 to 18 months Wobbles around on two legs grabs everything in reach plays a nonstop game of monkey see monkey do The Knee High Neanderthal 18 to 24 months Strong willed fun loving messy with a vocabulary of about thirty words the favorites being no and mine The Clever Caveman 24 to 36 months Just beginning to learn how to share make friends take turns and use the potty The Versatile Villager 36 to 48 months Loves to tell stories sing

songs and dance while trying hard to behave To speak to these children Dr Karp has developed two extraordinarily effective techniques 1 The fast food rule restating what your child has said to make sure you got it right 2 The four step rule using gesture repetition simplicity and tone to help your irate Stone Ager be happy again Once you've mastered toddlerese you will be ready to apply behavioral techniques specific to each stage of your child's development such as teaching patience and calm doing time outs and time ins praise through gossiping and many other strategies Then all the major challenges of the toddler years including separation anxiety sibling rivalry toilet training night fears sleep problems picky eating biting and hitting medicine taking can be handled in a way that will make your toddler feel understood The result fewer tantrums less yelling and best of all more happy loving time for you and your child *Try and Make Me!* Ray Levy, Bill
