Reddix M.D. M Div MTheo,2024-12-02 From the Heart of the Doctor The wonderful thing about life is that it is renewed daily Plants grow animals are born mature mate and produce another generation even bacteria and viruses reproduce to propagate their kind We humans however are the only creatures God has made who have some control over our destiny We have that wonderful thing called choice We can and do choose which direction our life can and will take The even more remarkable thing about our lives is that once we give our lives to the one who created them in the first place we are assured that our lives can be lived to the fullest and every bit of our potential is realized We will not go to our graves with unmet promises I as have most of you have spent many years yearning to become more mature yearning to be better at what I do just yearning Sometimes my endeavors met with success Other times they only met with something else that had to be done It was not in a flash of revelation or a divine inspiration that led me to the conclusion that drives my life now An everyday step by step process led me to this conclusion life is a journey that can only be lived one experience at a time If I do not experience each one and learn the lessons each experience has to offer then I will repeat it until I either get it right or die trying to get something that has been right at my fingertips the entire time Once faced with this reality my loving Creator steps in with this reassurance Throughout your entire journey I will never leave you I will never let you fall I will always be here to instruct you All you need to do is ask This confidence floods my inner sense of inadequacy and now allows me to do all that God has purposed in God s heart for me to do
