

Praise for Tuturani

"In a time of travel-as-adventure books, I was delighted by Scott Malcomson's *Tuturani: A Political Journey in the Pacific Islands*. It is his savvy, elegant, and funny, an intelligent and entertaining account of a crazy part of the world, its people, culture, politics, and history, by a discerning and ever-entertaining mind. After reading *Tuturani*, I look forward to his next work."

—Oscar Hijuelos

"Scott Malcomson, a white American with 'a privileged past and identity' is able to sit in judgment on himself, encourage the readers, to trust his observations and judgments on the people and politics of the Pacific islands. He is always eloquent, insightful, and, most refreshingly, witty."

—Coryl Phillips

Tuturani A Political Journey In The Pacific Islands

Scott L. Malcolmson

Tuturani A Political Journey In The Pacific Islands:

The Pacific Islands and the USA R. G. Crocombe, 1995 The world's most powerful nation and more than a dozen of the world's smallest have been interacting for 200 years Beginning with whaling in the 1700s it has continued through many trades investment education churches media diplomacy and strategic issues As significant as the movement of Americans to the Pacific is that of 150 000 Pacific Islanders to the USA This important book documents the growing interaction with the USA to the pinnacle of involvement in World War II The importance of USA to the Pacific Islands remained high until the end of the 1980s but has declined since then on almost every dimension While USA will remain significant for the Pacific Islands its relative profile will continue to decline Back cover [The Chicago Gangster Theory of Life](#) Andrew Ross, 1995-10-17 Increasingly the most powerful voices on the planet ahead of state corporations global economists are speaking in the name of environmentalism [Literature of Travel and Exploration](#) Jennifer Speake, 2014-05-12 Containing more than 600 entries this valuable resource presents all aspects of travel writing There are entries on places and routes Afghanistan Black Sea Egypt Gobi Desert Hawaii Himalayas Italy Northwest Passage Samarkand Silk Route Timbuktu writers Isabella Bird Ibn Battuta Bruce Chatwin Gustave Flaubert Mary Kingsley Walter Raleigh Wilfrid Thesiger methods of transport and types of journey balloon camel grand tour hunting and big game expeditions pilgrimage space travel and exploration genres buccaneer narratives guidebooks New World chronicles postcards companies and societies East India Company Royal Geographical Society Society of Dilettanti and issues and themes censorship exile orientalism and tourism For a full list of entries and contributors a generous selection of sample entries and more visit the Literature of Travel and Exploration An Encyclopedia website **Historical Dictionary of Polynesia** Robert D. Craig, 2011 The term Polynesia refers to a cultural and geographical area in the Pacific Ocean bound by what is commonly referred to as the Polynesian Triangle which consists of Hawaii in the north New Zealand in the southwest and Easter Island in the southeast Thousands of islands are scattered throughout this area most of which are currently included in one of the modern island states of American Samoa Cook Islands French Polynesia Hawaii New Zealand Samoa Tonga Tokelau Tuvalu and Wallis and Futuna The third edition of the Historical Dictionary of Polynesia greatly expands on the previous editions through a chronology an introductory essay an expansive bibliography and over 400 cross referenced dictionary entries on significant persons events places organizations and other aspects of Polynesian history from the earliest times to the present Appendixes of the major islands and atolls within Polynesia the rulers and administrators of the 13 major island states and basic demographic information of those states are also included *Anderson's Travel Companion* Compiled by Sarah Anderson, 2016-12-05 A selection of the best in travel writing with both fiction and non fiction presented together this companion is for all those who like travelling like to think about travelling and who take an interest in their destination It covers guidebooks as well as books about food history art and architecture religion outdoor activities illustrated books autobiographies biographies and fiction and lists books both

in and out of print Anderson's Travel Companion is arranged first by continent then alphabetically by country and then by subject cross referenced where necessary There is a separate section for guidebooks and comprehensive indexes Sarah Anderson founded the Travel Bookshop in 1979 and is also a journalist and writer on travel subjects She is known by well known travel writers such as Michael Palin and Colin Thubron Michael Palin chose her bookshop as his favourite shop and Colin Thubron and Geoffrey Moorhouse among others made suggestions for titles to include in the Travel Companion The Cambridge Companion to Travel Writing Peter Hulme, Tim Youngs, 2002-11-21 Table of contents **Tuturani** Scott L. Malcomson, 1990 *Historical Dictionary of the Discovery and Exploration of the Pacific Islands* Max Quanchi, John Robson, 2005-10-18 The South Seas as this region used to be called conjured up images of adventure belles and savages romance and fabulous fortunes but the long voyages of discovery and exploration of the vast Pacific Ocean were really an exercise in amazing logistics navigation hard grit shipwreck and pure luck The motivations were scientific and geographic but at the same time nationalistic and materialistic A series on global exploration and discovery would not be complete without this book by Quanchi and Robson It is ambitious and informative and includes the familiar names of Laperouse Bougainville Cook and Dampier as well as the intriguing stories of the Bounty Mutiny scurvy and the mysterious Northwest Passage Terra Australis Ignatia and Davis Land There are entries on first contacts ships navigational instruments mapping and botany The scene is carefully set in the introduction the chronology spans several centuries and the extensive bibliography offers a guide to further reading There are more than just dry facts in this book It has a whiff of salt air the clash of empires cross cultural beach encounters and personal adventure **American Pacificism** Paul Lyons, 2006-09-27 This provocative analysis and critique of American representations of Oceania and Oceanians from the nineteenth century to the present argues that imperial fantasies have glossed over a complex violent history It introduces the concept of American Pacificism a theoretical framework that draws on contemporary theories of friendship hospitality and tourism to refigure established debates around orientalism for an Oceanian context Paul Lyons explores American Islander relations and traces the ways in which two fundamental conceptions of Oceania have been entwined in the American imagination On the one hand the Pacific islands are seen as economic and geopolitical stepping stones rather than ends in themselves whilst on the other they are viewed as ends of the earth or cultural limits unencumbered by notions of sin antitheses to the industrial worlds of economic and political modernity However both conceptions obscure not only Islander cultures but also innovative responses to incursion The islands instead emerge in relation to American national identity as places for scientific discovery soul saving and civilizing missions manhood testing adventure nuclear testing and eroticized furloughs between maritime work and warfare Ranging from first contact and the colonial archive through to postcolonialism and global tourism this thought provoking volume draws upon a wide rewarding collection of literary works historical and cultural scholarship government documents and tourist literature **Strangers in the South Seas** Richard Lansdown, 2006-01-01 Long before Magellan

entered the Pacific in 1521 Westerners entertained ideas of undiscovered oceans mighty continents and paradisaal islands at the far ends of the earth such ideas would have a long life and a deep impact in both the Pacific and the West With the discovery of Tahiti in 1767 another powerful myth was added to this collection the noble savage For the first time Westerners were confronted by a people who seemed happier than themselves This revolution in the human sciences was accompanied by one in the natural sciences after Darwin's momentous visit to the Galapagos Islands The Pacific produced other challenges for nineteenth century researchers on race and culture and for those intent on exporting their religions to this immense quarter of the globe As the century wore on the region presented opportunities and dilemmas for the imperial powers a process was accelerated by the Pacific War between 1941 and 1945 Strangers in the South Seas recounts and illustrates this story using a wealth of primary texts It includes generous excerpts from the work of explorers soldiers naturalists anthropologists artists and writers some famous some obscure It shows how the Great South Sea has been an irreplaceable distant mirror of the West and its intellectual obsessions since the Renaissance

Historical Dictionary of Polynesia

Robert D. Craig, 2002 Alphabetically arranged entries ranging in length from a paragraph to several pages describe the important people food native animals politics history and culture of Polynesia which is made up of more than a dozen countries including American Samoa French Polynesia Hawaii New Zealand and Tonga The book includes a four page list of acronyms an extensive chronology and appendices with the names of Polynesian islands and lists of political rulers of the various states through history Author Craig emeritus history Alaska Pacific U has created several other dictionaries on Oceania Polynesian mythology and Hawaii Annotation copyrighted by Book News Inc Portland OR

In God's Image

Matthew Akim Tomlinson, 2009-03-10 Today most indigenous Fijians are Christians and the Methodist Church is the foundation of their social and political lives Yet as this thought provoking study of life on rural Kadavu Island finds Fijians also believe that their ancestors possessed an inherent strength that is lacking in the present day Looking in particular at the interaction between the church and the traditional chiefly system Matt Tomlinson finds that this belief about the superiority of the past provokes great anxiety and that Fijians seek ways of recovering this strength through ritual and political action Christianity itself simultaneously generates a sense of loss and the means of recuperation To unravel the cultural dynamics of Christianity in Fiji Tomlinson explores how this loss is expressed through everyday language and practices

The General's Goose

Robbie Robertson, 2017-08-25 His admirers said he was a charismatic leader with a dazzling smile a commoner following an ancient tradition of warrior service on behalf of

an indigenous people who feared marginalisation at the hands of ungrateful immigrants One tourist pleaded with him to stage a coup in her backyard in private parties around the capital Suva infatuated women whispered coup me baby in his presence It was so easy to overlook the enormity of what he had done in planning and implementing Fiji's first military coup to be seduced by celebrity captivated by the excitement of the moment and plead its inevitability as the final eruption of long simmering indigenous discontent A generation would pass before the consequences of the actions of Fiji's strongman of 1987 Sitiveni Rabuka would be fully appreciated but by then the die had been well and truly cast The major general did not live happily ever after No nirvana followed the assertion of indigenous rights If anything misadventure became his country's most enduring contemporary trait This is Fiji's very human story *Guahan* Nicholas J. Goetzfridt, 2011-03-31 Goetzfridt's work demonstrates the dynamics of history each generation considering past events in light of current realities and contemporary understandings of the world This volume therefore is important not simply because it provides us with an invaluable and substantial fount of references that will be supremely useful to teachers scholars and all enthusiasts of Mariana Islands history Its importance lies also in its packaging as a resource for current and future generations to understand the changing face and contested space of Guam history from the Foreword by Anne Perez Hattori Blending bibliographic integrity with absorbing essays on a wide range of historical interpretations Nicholas Goetzfridt offers a new approach to the history of Guam Here is a treasure trove of ideas historiographies and opportunities that allows readers to reassess previously held notions and conclusions about Guam's past and the heritage of the indigenous Chamorro people Particular attention is given to Chamorro perspectives and the impact of more than four hundred years of colonial presences on Micronesia's largest island Extensive cross references and generous but targeted samples of historical narratives compliment the bibliographic essays Detailed Name and Subject Indexes to the book's 326 entries cover accounts and interpretations of the island from Ferdinand Magellan's discovery of Guahan Guam in the Chamorro language in 1521 to recent events including the Japanese occupation and the American liberation of Guam in 1944 The indexes enable easy and extensive access to a bounty of information The Place Index contains both large and localized geographic realms that are placed vividly in the context of these histories An insightful Foreword by Chamorro scholar Anne Perez Hattori is included **Cosmopolitics** Pheng Cheah, Bruce Robbins, Social Text Collective, 1998 Eminent contributors look at the present and future of cosmopolitanism and its relationship to nationalism Nationalism and the nation state have recently come under siege their political dominance gradually eroding under the strain of such forces as ethnic strife religious fundamentalism homogenizing global capitalism and the unprecedented movements of people and populations across cultures countries even cyberspace A resurgent cosmopolitanism has emerged as a viable and alternative political project In *Cosmopolitics* a renowned group of scholars and political theorists offers the first sustained examination of that project its inclusive and often universalist claims and its tangled and sometimes volatile relationship to nationalism Understood generally as a fundamental commitment to the

interests of humanity traditional cosmopolitanism has been criticized as a privileged position an aloof detachment from the obligations and affiliations that constrain nation bound lives and move people to political action Yet as these essays make clear contemporary cosmopolitanism arises not from a disengagement but rather from well defined cultural historical and political contexts The contributors explore a feasible cosmopolitanism now beginning to emerge and consider the question of whether it can or will displace nationalism which needs to be rethought rather than dismissed as obsolete Intellectually provocative and erudite this interdisciplinary volume presents a diverse array of critical perspectives assessing both the ideal enterprise and the current realities of the rapidly developing cosmopolitical movement Tuturani Scott L.

Malcomson,2013 The author spent six months travelling in the South Pacific gathering impressions interviews and amusing anecdotes An enlightening view of political and social realities in an increasingly troubled region **Australasia and South Pacific Islands Bibliography** John Thawley,1997-02-20 This selective bibliography of nearly 6 000 items concentrates on monographs published during the last fifty years updating other major bibliographies on the Australasian and South Pacific region **Publishers Weekly** ,1990
