IRISH GHOST STORIES

EDITED BY PATRICKA CRANIC

Twelve Irish Ghost Stories Oxford Twelves

Catherine Spooner

Twelve Irish Ghost Stories Oxford Twelves:

Twelve Irish Ghost Stories Patricia Craig, 1998 There's nothing like a good ghost story and the Irish have traditionally excelled at them. The specters which haunt these Irish ghost stories include massacred Spanish sailors, a silver-robed woman who plies her guests with poison, a mutilated peddler, a benign but icy embrace, and the devil himself. *Twelve Irish Ghost Stories* draws from the rich and varied literary tradition of a culture long enchanted by things supernatural, a land where ghosts and ghost seers are common. Energetically inventive and infused with a relish of the supernatural, these classic ghost stories still retain their original power to unsettle and surprise. *Twelve Irish Ghost Stories* is one chilling anthology no fan of the genre will want to be without.

12 Gothic Tales Richard Dalby, 1998 In this anthology we see a dozen fine examples of Gothic literature spanning over one hundred and fifty years from Mary Shelley and Charles Maturin's classic fiction up to an unexpected master of the macabre, Gerald Durrell. All of the tales feature sinister settings such as castles and ancient houses along with protagonists who are haunted by the tyranny of the past and physically or else spiritually incarcerated by their circumstances. Designed to provide an overview of the genre and offering a balance of classic and more unusual stories, this is a book that will appeal to both the newcomer and dedicated collector of Gothic fiction.

Twelve American Crime Stories Rosemary Herbert, 1998 Featuring distinctly American language and locales, the stories in this collection range from those with a strongly regional flavor to hard-boiled fiction. *Twelve American Crime Stories* includes the best of the genre and is a delightful guide to who did what to whom and how.

12 English Detective Stories Michael Cox, 1998 These twelve stories provide an entertaining exploration of this extensive and fascinating corner of English popular fiction, celebrating the detective's intellectual and intuitive powers when confronted with murder, theft, and other mysteries. The main focus of this collection is from the 1890s to the 1920s, the period when the classic English detective story was at its confident and original best, but it also offers examples from earlier and later periods. Presenting a balance of classic and more unusual stories and featuring works by Sir Arthur Conan Doyle, G. K. Chesterton, Dorothy L. Sayers, and Michael Innes, this anthology will appeal to both the newcomer and aficionado of the genre.

Body Politics in Contemporary Irish Women's Fiction Ellen Scheible, 2024-12-12 Exploring twentieth and twenty-first century texts that wrestle with the Irish domestic interior as a sexualized and commodified space, this book provides readings of the power and authority of the feminized body in Ireland. Scheible dissects the ways that the woman as symbol remains consistent in Irish literary representations of national experience in Irish fiction and shows how this problematizes the role of women in Ireland by underscoring the oppression of sexuality and gender that characterized Irish culture during the twentieth century. Examining works by Elizabeth Bowen, Pamela Hinkson, Emma Donoghue, Tana French, Sally Rooney, and James Joyce, this book demonstrates that the definition of Irish nationhood in our contemporary experience of capitalism and biopolitics is dependent on the intertwining and paradoxical tropes of a traditional yet equally sexual feminine identity which has been quelled by violence and reproduction.

Forthcoming Books Rose Arny,1998-04 **The Bookseller, Newsdealer and Stationer** ,1907 **The Publishers Weekly** ,1911 *Death, Materiality and Mediation* Barbara Graham,2016-11-01 In *Death Materiality and Mediation* Barbara Graham analyzes a diverse range of objects associated with remembrance in both the public and private arenas through ethnography of communities on both sides of the Irish border In doing so she explores the materially mediated interactions between the living and the dead revealing the physical cognitive emotional and spiritual roles of the dead in contemporary communities Through this study Graham expands the concept of materiality to include narrative song senses emotions ephemera and embodied experience She also examines how modern practices are informed by older beliefs and folk religion

General Catalogue Oxford University Press,1916 The Demographic Imagination and the Nineteenth-Century City Nicholas Daly,2015-03-30 In this provocative book Nicholas Daly tracks the cultural effects of the population explosion of the nineteenth century the demographic transition to the modern world As the crowded cities of Paris London and New York went through similar transformations a set of shared narratives and images of urban life circulated among them including fantasies of urban catastrophe crime dramas and tales of haunted public transport refracting the hell that is other people In the visual arts sentimental genre pictures appeared that condensed the urban masses into a handful of vulnerable figures newsboys and flower girls At the end of the century proto ecological stories emerge about the sprawling city as itself a destroyer This lively study excavates some of the origins of our own international popular culture from noir visions of the city as a locus of crime to utopian images of energy and community

The Cambridge History of the Gothic: Volume 2, Gothic in the Nineteenth Century Catherine Spooner,2020-08-06 This second volume of *The Cambridge History of the Gothic* provides a rigorous account of the Gothic in British American and Continental European culture from the Romantic period through to the Victorian fin de siècle Here leading scholars in the fields of literature theatre architecture and the history of science and popular entertainment explore the Gothic in its numerous interdisciplinary forms and guises as well as across a range of different international contexts As much a cultural history of the Gothic in this period as an account of the ways in which the Gothic mode has participated in the formative historical events of modernity the volume offers fresh perspectives on familiar themes while also drawing new critical attention to a range of hitherto overlooked concerns From Romanticism to Penny Bloods Dickens and even the railway system the volume provides a compelling and comprehensive study of nineteenth century Gothic culture

Supernatural Encounters Stephen Gordon, 2019-12-06 The belief in the reality of demons and the restless dead formed a central facet of the medieval worldview Whether a pestilent spreading corpse mobilised by the devil a purgatorial spirit returning to earth to ask for suffrage or a shape shifting demon intent on crushing its victims as they slept encounters with supernatural entities were often met with consternation and fear Chroniclers hagiographers sermon writers satirists poets and even medical practitioners utilised the cultural text of the supernatural encounter in many different ways showcasing the multiplicity of contemporary attitudes to death disease and the afterlife In this volume Stephen Gordon explores the ways in which conflicting ideas about the intention and agency of supernatural entities were understood and articulated in different social and literary contexts Focusing primarily on material from medieval England c 1050 1450 Gordon discusses how writers such as William of Malmesbury William of Newburgh Walter Map John Mirk and Geoffrey Chaucer utilised the belief in demons nightmares and walking corpses for pointed critical effect Ultimately this monograph provides new insights into the ways in which the broad ontological category of the revenant was conceptualised in the medieval world

Fuel your quest for knowledge with is thought-provoking masterpiece, **Twelve Irish Ghost Stories Oxford Twelves** .
