Prophet,Elizabeth Clare Prophet,2020-11-23 Attainment is the goal of the spiritual path But it is not the power to perform miracles or to control others It is the ability to give and receive energy in harmony This volume of the authors Climb the Highest Mountain series explains important keys to attainment including how to work with the masters of wisdom who can mentor your soul and how to chart and navigate the cycles of positive and negative karma unique to each of us You will explore how each age in humanity s evolution has brought new spiritual revelations and how the world s major religions facilitate soul development in different ways You will also gain a greater understanding of twin flames soul mates and karmic relationships as well as our soul s natural desire for union and wholeness **Stages of Twin Flame Love** Silvia Moon,2019-07-30 I also know that different people experience their Journeys differently and some people indeed go through difficulties uniting because of various reasons that keep Twin Flames apart Therefore feel grateful for having your Twin Flame experience for flowing in the right direction Your Twin Flame is a mirror of what you fear and simultaneously what you desire the most for your inner healing For example if you are a highly strung person your Twin Flame will most likely be the relaxed and messy one If you like to play the victim in your daily life your Twin Flame will be a strong character who refuses to give you pity or sympathy to perpetuate your complex If you are

creatively repressed one your Twin Flame will be a flourishing artist In this way your Twin Flame challenges and infuriates you but also they teach you the important lessons about our fears core wounds and repressions because a Twin Flame is your divine mirror Your childhoods were opposites of each other for example you were raised in very different ways which led to the development of opposite childhood wounds that you now have the opportunity to mend after your initial Twin Flame encounter One of you is more soulfully mature than the other and often serves as the teacher counselor or confidant within the relationship This does not mean that it is a one way learning relationship both Twin Flames balance each other out like yin yang When you meet your Twin Flame you are taught the most important life lessons such as forgiveness gratitude empathy and open mindedness by them and with them The most growth you ve ever experienced has been with them and no other friendship or relationship has transformed you as deeply as this one has that you have with your Twin Flame The connection with your Twin Flame is multi faceted In other words your twin flame is likely your best friend lover teacher nurturer and muse all at once because your Twin Flame doesn t try to change you They accept you for who you are
