Work, Class, and Power in the Borderlands of the Early American Pacific Evan Lampe, 2013-12-12 This book traces the history of working people who helped established the foundation of the American empire in the Pacific from its origins after the American Revolution to its coming of age in the 1840s and 1850s Beginning with the expeditions of the *Columbia* and the *Lady Washington* Lampe argues that the early American Pacific can best be considered through the interaction of four major locations connected through the networks of trade the merchant ship the Northwest Coast Honolulu and Canton Guangzhou In each of these locations the labors of a diverse population of working people was harnessed in the critical labors of empire building including the transportation of goods The central question that the consideration of working people in the Pacific economy during this period is Lampe argues the role of power applied on these laborers by an international capitalist class emerging alongside the Pacific commercial empires Lampe also finds that this power was not uncontested and emerged in response to the activities of labor Working people on the ship and in the port cities found ways to secure their piece of the profitable trade often through illicit means

The Postcolonial Epic Sneharika Roy, 2018-01-12 This book demonstrates the epic genre s enduring relevance to the Global South It identifies a contemporary avatar of classical epic the postcolonial epic ushered in by Herman Melville s *Moby Dick* a foundational text of North America and exemplified by Derek Walcott s Caribbean masterpiece *Omeros* and Amitav Ghosh s South Asian saga the *Ibis* trilogy The work focuses on the epic genre s

rich potential to articulate postimperial concerns with nation and migration across the Global North South divide It foregrounds postcolonial developments in the genre including a shift from politics to political economy subaltern reconfigurations of capitalist and imperial temporalities and the poststructuralist preoccupation with language and representation In addition to bringing to light hitherto unexamined North South affiliations between Melville Walcott and Ghosh the book proposes a fresh approach to epic through the comparative concept of political epic where an avowed national politics promoting a culture's pure origins coexists uneasily with a disavowed poetics of intertextual borrowing from other cultures An important intervention in literary studies this volume will interest scholars and researchers of postcolonial studies especially South Asian and Caribbean literature Global South studies transnational studies and cultural studies

How to Find Out about Children's Literature Alec Ellis, 1966 *Two Years Before the Mast* Richard Henry Dana (jr.), 1964 California Dreaming Ronald A. Wells, 2017-09-11 California matters both as a place and as an idea What famed historian Kevin Starr has called the California Dream is a vital part of American self understanding Just as America was meant to be a place of renewal even redemption for Europe so too California was intended as a place of renewal for America Therefore California place and idea provides a fertile ground for scholars to think deeply about what it means to articulate the promise of American life This book follows in the train of George Marsden's classic *The Outrageous Idea of Christian Scholarship* believing that people of faith have a contribution to make to scholarship and of Jay Green's more recent book *Christian Historiography Five Rival Views* believing that scholars of faith should engage in moral inquiry In this book eight authors inquire into the moral questions that emerge from studying California **San Diego Harbor Deepening Project**, 2003 *Shipboard Literary Cultures* Susann Liebich, Laurence Publicover, 2022-01-01 The essays collected within this volume ask how literary practices are shaped by the experience of being at sea and also how they forge that experience Individual chapters explore the literary worlds of naval ships whalers commercial vessels emigrant ships and troop transports from the seventeenth to the twentieth first century revealing a rich history of shipboard reading writing and performing Contributors are interested both in how literary activities adapt to the maritime world and in how individual and collective shipboard experiences are structured through and framed by such activities In this respect the volume builds on scholarship that has explored reading as a spatially situated and embodied practice As our contributors demonstrate the shipboard environment and the ocean beyond it place the mind and body under peculiar forms of pressure and these determine acts of reading and of writing and performing in specific ways **Literature and Lore of the Sea**, 2021-11-08 *Historical Resource Survey of the Prado Flood Control Basin*, 1977 **The Wide Wide Sea** Hampton Sides, 2025-05-27 NEW YORK TIMES BESTSELLER A thrilling and superbly crafted *The Wall Street Journal* account of the most momentous voyage of the Age of Exploration which culminated in Captain James Cook's death in Hawaii and left a complex and controversial legacy still debated to this day One of *The New York Times Book Review*'s 10 Best Books of the Year A BEST BOOK OF THE YEAR

THE NEW YORK TIMES TIME THE ECONOMIST NPR THE NEW YORKER THE SMITHSONIAN AND KIRKUS REVIEWS In this masterly history Sides tracks the 18th century English naval officer James Cook's third and final voyage across the globe painting a vivid and propulsive portrait The New York Times Book Review On July 12th 1776 Captain James Cook already lionized as the greatest explorer in British history set off on his third voyage in his ship the HMS Resolution Two and a half years later on a beach on the island of Hawaii Cook was killed in a conflict with native Hawaiians How did Cook who was unique among captains for his respect for Indigenous peoples and cultures come to that fatal moment Hampton Sides' bravura account of Cook's last journey both wrestles with Cook's legacy and provides a thrilling narrative of the titanic efforts and continual danger that characterized exploration in the 1700s Cook was renowned for his peerless seamanship his humane leadership and his dedication to science On previous expeditions Cook mapped huge swaths of the Pacific including the east coast of Australia and initiated first European contact with numerous peoples He treated his crew well and endeavored to learn about the societies he encountered with curiosity and without judgment Yet something was different on this last voyage Cook became mercurial resorting to the lash to enforce discipline and led his two vessels into danger time and again Uncharacteristically he ordered violent retaliation for perceived theft on the part of native peoples This may have had something to do with his secret orders which were to chart and claim lands before Britain's imperial rivals could and to discover the fabled Northwest Passage Whatever Cook's intentions his scientific efforts were the sharp edge of the colonial sword and the ultimate effects of first contact were catastrophic for Indigenous people around the world The tensions between Cook's overt and covert missions came to a head on the shores of Hawaii His first landing there was harmonious but when Cook returned after mapping the coast of the Pacific Northwest and Alaska his exploitative treatment of the Hawaiians led to the fatal encounter At once a ferociously paced story of adventure on the high seas and a searching examination of the complexities and consequences of the Age of Exploration THE WIDE WIDE SEA is a major work from one of our finest narrative nonfiction writers

Sweetness and Blood Michael Scott Moore, 2011-05-26 How did an obscure tribal sport from precolonial Hawaii one that was nearly eliminated by Christian missionaries jump oceans to California and Australia And how did it become such a worldwide passion even in places where the surf may be excellent but the society is highly conservative or superstitious about the sea In Sweetness and Blood a brilliantly written travel adventure journalist and surfer Michael Scott Moore visits unlikely surfing destinations Israel and the Gaza Strip West Africa Great Britain Germany Indonesia Japan Cuba and Morocco to find out Whether he is connecting eccentric surf legend Doc Paskowitz to the Arab Israeli conflict trying to deconstruct the terrorist bombing in a nightclub in Bali or being chased by the German police while surfing a river break in Berlin Moore masterfully weaves together politics culture history and surfing to create a book like no other

Crying the News Vincent DiGirolamo, 2019 Crying the News A History of America's Newsboys is the first book to place newsboys at the center of American history analyzing their inseparable role as economic actors and cultural symbols in

the creation of print capitalism popular democracy and national character DiGirolamo's sweeping narrative traces the shifting fortunes of these little merchants over a century of war and peace prosperity and depression exploitation and reform chronicling their exploits in every region of the country as well as on the railroads that linked them **Intimate Frontiers** Albert L. Hurtado, 2016-04-25 This book reveals how powerful undercurrents of sex gender and culture helped shape the history of the American frontier from the 1760s to the 1850s Looking at California under three flags those of Spain Mexico and the United States Hurtado resurrects daily life in the missions at mining camps on overland trails and sea journeys and in San Francisco In these settings Hurtado explores courtship marriage reproduction and family life as a way to understand how men and women whether Native American Anglo American Hispanic Chinese or of mixed blood fit into or reshaped the roles and identities set by their race and gender Hurtado introduces two themes in delineating his intimate frontiers One was a libertine California and some of its delights were heartily described early in the 1850s Gold dust was plentier than pleasure pleasure more enticing than virtue Fortune was the horse youth in the saddle dissipation the track and desire the spur Not all the times were good or giddy and in the tragedy of a teenage domestic who died in a botched abortion or a brutalized Indian woman we see the seamy underside of gender relations on the frontier The other theme explored is the reaction of citizens who abhorred the loss of moral standards and sought to suppress excess Their efforts included imposing all the stabilizing customs of whichever society dominated California during the Hispanic period arranged marriages and concern for family honor were the norm among the Anglos laws regulated prostitution missionaries railed against vices and proper women were brought in to help civilize the frontier Selected Writings of Ralph Waldo Emerson Ralph Waldo Emerson, 2011-06-07 A classic collection of critical essays poems and letters from one of the greatest minds of nineteenth century America

Mediating Memory Bunty Avieson, Fiona Giles, Sue Joseph, 2017-10-16 The argument has been made that memoir reflects and augments the narcissistic tendencies of our neo liberal age The Literature of Remembering Tracing the Limits of Memoir challenges and dismantles that assumption Focusing on the history theory and practice of memoir writing editors Bunty Avieson Fiona Giles and Sue Joseph provide a thorough and cutting edge examination of memoir through the lenses of ethics practice and innovation By investigating memoir across cultural boundaries in its various guises and tracing its limits the editors convincingly demonstrate the plurality of ways in which memoir is helping us make sense of who we are who we were and the influences that shape us along the way Horizon Chasers Gerry Max, 2007-03-07 Richard Halliburton was the quintessential world traveler of the early 20th century In 1930 his celebrity equaled that of Charles Lindbergh and Amelia Earhart Halliburton called himself a horizon chaser and recommended that one should see the world before committing to a routine Not only did he live up to his ideal but he was eager to write about his adventures A prolific partnership with gifted editor and ghost writer Paul Mooney produced excellent work and theirs became a close personal relationship Sadly Halliburton and Mooney disappeared at sea on March 24 1939 along with the entire crew of Halliburton's Chinese junk Sea

Dragon as they attempted to cross the Pacific from Hong Kong to the San Francisco World's Fair. This biography records the life and adventures of Halliburton and Mooney, focusing as no other Halliburton biography has on the productive literary collaboration between the two. Drawing on the recollections of people who knew them both, the work discusses their backgrounds, the early years of their acquaintance, and their possible romantic relationship. Finally, their fateful journey to Hong Kong and the ill-advised voyage of the Sea Dragon is described in detail. A good deal of first-hand evidence is provided by William Alexander Paul Mooney's best friend and designer of Halliburton's Laguna Beach house. Appendices contain seven poems by Mooney and facsimile letters, including one of praise written by Richard Halliburton to William Alexander. Never before published photographs are also included.
