Test your fact knowledge as you look at some of the most captivating facts about Tyrannosaurus Rex. Do you know that Tyrannosaurus Rex was taller than a modern day giraffe and measuring in at half the length of a small blue whale? Tyrannosaurus Rex measured up to 13m 42ft in length 4m 13ft at the hip. The skull of a Tyrannosaurus Rex alone measured up to 1.5m 5ft long. They weighed 8 tons more than a garbage truck. Tyrannosaurus was cannibalistic. The calculations suggested that adult T Rex could have generated from 35000 to 57000 newtons of force in the back teeth or the equivalent of three times the force estimated for a great white shark, 15 times the force of an African lion, 3.12 times the force of an Australian saltwater crocodile and around 7 times the estimated force for Allosaurus. The average Tyrannosaurus Rex lived about 30 years. The first fragmentary fossils of Tyrannosaurus Rex were discovered by the famous paleontologist Edward Drinker Cope in South Dakota in 1892. Tyrannosaurus Rex was named in 1905 by Henry Fairfield Osborn. The largest specimen of Tyrannosaurus Rex nicknamed Sue was found in South Dakota in 1990. T Rex probably had about 200 bones, roughly the same as us. T Rex was a relatively smart dinosaur. Although the ratio of brain size to body mass was very small for T Rex, it was larger than most other dinosaurs. T Rex's brain was larger than the human brain, but the cerebrum, the part of the brain that we use to think, was tiny. T Rex went extinct during the K-T mass extinction about 65 million years ago. work in a favourable light Marc Bolan died at twenty nine years of age in a tragic car crash an accident that could have been avoided However it took many years for people to start appreciating what Marc Bolan brought to a rock music scene in the early seventies which had stagnated in some corners after the explosion of creativity in the sixties Yet gradually acclaim has grown for how he enriched the period bringing colour and humour to an increasingly leaden genre Much like Hendrix before him and Cobain after him his natural charisma and striking beauty have underpinned his status as a dreamlike bard an enigmatic pin up whom boys wished they looked like and girls wished they were with Yet it was his scorching talent as a performer and songwriter which have formed the bedrock for longevity as a legend Including rare and unpublished photographs and works of Marc s own poetry this book is put together by a true original fan one who followed Marc Bolan on tour who bought every piece of vinyl he released and who was fortunate enough to have made Marc s acquaintance during the peak of his career Published forty years on from Bolan s death Beautiful Dreamer is unashamedly a book of love a book that every Marc Bolan fan will identify with because it paints a picture of the man that the fans idolised worshipped and continue to cherish to this day
