United Nations Divided World The Uns Roles In International Relations:

United Nations, Divided World Adam Roberts, Benedict Kingsbury, 1988 For the first time in human history the world consists of theoretically equal sovereign states most of which belong to one world organization the United Nations and subscribe to a single set of principles those of its Charter Yet the U N has conspicuously failed to solve problems of armaments war division inequality and dictatorship An authoritative assessment this book brings together distinguished academics and senior U N officials including the Secretary General in a sympathetic yet critical account of the U N s role in international relations since 1945 **United Nations, Divided World** Adam Roberts, 1988 Encyclopedia of Diasporas

Melvin Ember, Carol R. Ember, Ian Skoggard, 2004-11-30 Immigration is a topic that is as important among anthropologists as it is the general public Almost every culture has experienced adaptation and assimilation when immigrating to a new country and culture usually leaving for what is perceived as a better life Not only does this diaspora change the country of adoption but also the country of origin Many large nations in the world have absorbed and continue to absorb large numbers of immigrants The foreseeable future will see a continuation of large scale immigration as many countries experience civil war and secessionist pressures Currently there is no reference work that describes the impact upon the immigrants and the immigrant societies relevant to the world s cultures and provides an overview of important topics in the world s diasporas The encyclopedia consists of two volumes covering three main sections Diaspora Overviews covers over 20 ethnic groups that have experienced voluntary or forced immigration These essays discuss the history behind the social economic and political reasons for leaving the original countries and the cultures in the new places Topics discusses the impact and assimilation that the immigrant cultures experience in their adopted cultures including the arts they bring the struggles they face and some of the cities that are in the forefront of receiving immigrant cultures Diaspora Communities include over 60 portraits of specific diaspora communities Each portrait follows a standard outline to facilitate comparisons The Encyclopedia of Diasporas can be used both to gain a general understanding of immigration and immigrants and to find out about particular cultures topics and communities It will prove of great value to researchers and students curriculum developers teachers and government officials It brings together the disciplines of anthropology social studies political studies international studies and immigrant and immigration studies *Multilateral Diplomacy and the United Nations Today* James P. Rivlin, 1993-04-30 How has the role of the United Nations and its Secretary General changed with the end of the Cold War With the beginning of a New World Order These questions are increasingly significant as the threat of nuclear bloc confrontation is replaced by ethnic tensions and civil conflicts In this first study of the office of the UN Secretary General in this new era Rivlin and Gordenker bring together leading scholars and practitioners to analyze these issues The fifteen essays in this volume discuss the new complexity and salience of the role of the UN Secretary General and its current incumbent Boutros Boutros Ghali Not only is the role analyzed in relationship to a rapidly changing climate of world politics but it is also examined in relationship to the backgrounds and experiences of the earlier Secretaries General from Trygve Lie Dag Hammarskjöld U Thant and Kurt Waldheim to Javier Perez de Cuellar All those concerned with the UN international organizations and international administration will find this volume interesting reading **A Changing United Nations** W. Knight, 2000-10-19 The United Nations is at a critical juncture It is faced with two distinct choices to remain a decision frozen in time or to develop a long term adaptation agenda and strategy that would allow it to be a relevant institution of global governance for the twenty first century Reform and reflexive institutional adjustments have failed to address underlying problems facing this organization After fifty five years of existence it is still considered an inefficient and ineffective world body Worse yet its relevance is being questioned This study offers a critique of existing UN change processes and then shifts focus to considerations of institutional learning strategies that would allow the UN to maintain relevance amidst the evolution of global governance arrangements **Historical Dictionary of Multinational Peacekeeping** Terry M.

Mays, 2003-12-16 Mays political science The Citadel presents entries on important people military missions and other events concepts organizations related to the major peacekeeping operations conducted by international organizations since 1920 He first presents a **The United Nations at Age Fifty** Christian Tomuschat, 2023-07-03 The 50th anniversary of the United Nations provides a welcome opportunity to reflect on what the world organization has been able to achieve during the first half century of its existence The contributions assembled in this volume all purport to ascertain whether and to what extent it has been possible to promote the community values acknowledged by the UN Charter through methods and mechanisms in accordance with the rule of law The work does not confine itself to focusing solely on developments of the past and provides

insights which can be used as beacons for the future The volume has been divided into two parts The first part is devoted to the institutions and mechanisms designed to maintain international peace and security The second part addresses the additional tasks of the UN Contributions are from experts who as nationals of countries enjoying special privileges within the UN system or seeking to obtain such a position are intimately familiar with the policies of their governments what specific objectives they would like to see pursued by the competent organs and what changes in the institutional structure they may suggest
