Victoria's Generals Steven J. Corvi,Ian F. W. Beckett,2020-01-31 The senior British generals of the Victorian era men like Wolseley Roberts Gordon and Kitchener were heroes of their time As soldiers administrators and battlefield commanders they represented the empire at the height of its power But they were a disparate sometimes fractious group of men They exhibited many of the failings as well as the strengths of the British army of the late nineteenth century And now when the Victorian period is being looked at more critically than before the moment is right to reassess them as individuals and as soldiers This balanced and perceptive study of these eminent military men gives a fascinating insight into their careers into the British army of their day and into a now remote period when Britain was a world power **Heritage**

fast fashion pioneer behind the Limited whose empire of mall brands would go on to dominate American retail for forty years Wexner turned Victoria's Secret into a multibillion dollar business and the brand's cultural influence soared thanks to its airbrushed advertisements and annual televised fashion show which drew millions of viewers each year Its supermodel spokeswomen the sweet but sultry Angels personified a new American beauty standard But as our definition of beauty expanded Victoria's Secret failed to evolve and reached a crisis point Meanwhile Wexner became increasingly known for his complicated relationship with sex trafficker Jeffrey Epstein his former financial adviser and confidant Selling Sexy expertly draws from sources within Victoria's Secret and across the industry to examine the unprecedented rise of one of the most innovative brands in retail history a brand that today under new ownership is desperately trying to seduce shoppers again
