Video Camera Technology The Artech House Audiovisual Library:

Video Camera Technology Arch C. Luther, 1998 Authored by a pioneer and leading authority in broadcast and video technology this comprehensive examination of video camera technology and applications covers the fundamentals and latest advances in cameras ranging from consumer camcorders to state of the art professional broadcast models Focusing on the latest digital technology used in today s cameras the book is the first to cover camera technology as it applies to a broad range of fields including broadcasting computers and telecommunications **American Book Publishing Record** ,1998

Audio-visual Person Tracking: A Practical Approach Fotios Talantzis, Aristodemos Pnevmatikakis, Anthony G Constantinides, 2011-12-23 This book deals with the creation of the algorithmic backbone that enables a computer to perceive humans in a monitored space This is performed using the same signals that humans process i e audio and video Computers reproduce the same type of perception using sensors and algorithms in order to detect and track multiple interacting humans by way of multiple cues like bodies faces or speech This application domain is challenging because audio and visual signals are cluttered by both background and foreground objects First particle filtering is established as the framework for tracking Then audio visual and also audio visual tracking systems are separately explained Each modality is analyzed starting with sensor configuration detection for tracker initialization and the trackers themselves Techniques to fuse the modalities are then considered Instead of offering a monolithic approach to the tracking problem this book also focuses on implementation by providing MATLAB code for every presented component This way the reader can connect every concept with corresponding code Finally the applications of the various tracking systems in different domains are studied a **Subject Guide to Books in Print** ,2001 *AV Market Place 1993* Bowker Editorial Staff, R R Bowker Publishing, Bowker, 1993

Video Recording Technology Arch C.
