

A black and white photograph of a field of poppies. The poppies are in various stages of bloom, with some fully open and others as buds. The stems are thin and spindly. In the background, there is a thick plume of smoke or mist, suggesting a battlefield or a scene of conflict. The overall mood is somber and contemplative.

Yore**

War Peace And Reconciliation A Theological Inquiry:

War, Peace and Reconciliation Weber Theodore R,2016-10-27 War Peace and Reconciliation invites Christians and their churches into a dialogue regarding how to think about war from a standpoint rooted in faith It asks how reconciliation which is central to Christian life and doctrine can engage with the realities of war without surrendering its fundamental affirmations Theodore Weber defines these realities politically by discussing the meanings of power peace as a particular organisation of power and the international system The study of war and politics is unavoidable as is engagement with reconciliation because all human activity exists in the context of the gracious work of God to renew and reconcile the fallen creation Weber's inquiry is theocentric and christocentric It culminates in a stirring call to churches to examine all their practices in the light of this perspective

War and the Gospel Jean Lasserre,2022-01-01 In 1962 the blurb for the first English edition of War and the Gospel warned that the problem of war is as old as the Christian faith but it has assumed a greater urgency in our own time This remains grimly true after 60 years In the decade after World War 2 Jean Lasserre made a clear and vigorous case for an exegetical grounding of our attitudes towards war in the modern world He states that Christian theology should start from the Scriptures not from preconceived ideas With the super powers of the United States and the USSR at each other's throats and the threat of nuclear Armageddon on the horizon Jean Lasserre penned this sober investigation into how Christians should think about war and violence He begins with the pacifism of Jesus his teachings and his examples in the New Testament Questions are raised as to when it is morally obligatory to disobey the state and whether lethal force can be justified in prisons and by our police forces a topic that has seen renewed relevance during the first quarter of the twenty first century War and the Gospel remains a serious discussion of issues that are sadly evergreen

Political Philosophy in the East and West Jaan Islam,2018-01-10 In the 21st century amid the convergence of global political social and economic forces we are asking ourselves the fundamental values we hold true facing an antagonism between different school of philosophy between

left and right politics The proposed book provides a comprehensive analysis of western political philosophy and underlines the core principles of each argument It then argues that non have solved or have any pathway to eventually solve the question of right and wrong we are essentially moral relativists in disguise In order to break out of this cycle of uncertainty the book purposes a solution of knowledge based cognition policy based on a concrete and prove understanding of an absolute and certain body of truths This requires an analysis and blending of non western political philosophical traditions such as those espoused by Islam and Confucianism This book gives an original critique of western political philosophy and is the first book to engage in a philosophical reconstruction of Islamic political philosophy

Peace and Reconciliation in the Classical World E. P. Moloney, Michael Stuart Williams, 2017-02-03 Warfare has long been central to a proper understanding of ancient Greece and Rome worlds where war was as the philosopher Heraclitus observed both king and father of all More recently however the understanding of Classical antiquity solely in such terms has been challenged it is recognised that while war was pervasive and a key concern in the narratives of ancient historians a concomitant desire for peace was also constant This volume places peace in the prime position as a panel of scholars stresses the importance of peace as a positive concept in the ancient world and not just the absence of or necessarily even related to war and considers examples of conflict resolution conciliation and concession from Homer to Augustine Comparing and contrasting theories and practice across different periods and regions this collection highlights first the open and dynamic nature of peace and then seeks to review a wide variety of initiatives from across the Classical world
