myths fables and legends from Ireland Scotland Celtic Britain Wales Brittany central France and Galicia *The South's Forgotten Fire-Eater* Chris McIlwain, 2020-12-05 The story of the American Civil War is typically told with particular interest in the national players behind the war Davis Lincoln Lee Grant and their peers However the truth is that countless Americans on both sides of the war worked in their own communities to sway public perception of abolition secession and government intervention In north Alabama David Hubbard was an ardent and influential voice for leaving the Union spreading his increasingly radical view of states rights and the need to rebel against what he viewed as an overreaching federal government You have likely never heard of Hubbard the grandson of a Revolutionary War soldier who fought under Andrew Jackson in the War of 1812 He was much more than that stereotype of antebellum Alabama politicians being an early speculator in lands coerced from Native Americans a lawyer and cotton planter a populist an influential member of the Board of Trustees of the University of Alabama and a key promoter of the very first railroad built west of the Allegheny mountains Alabama's Forgotten Fire Eater is the story of Hubbard's radicalization describing his rise to becoming the most influential and prominent secessionist in north Alabama Despite growing historical interest in the fire eaters who whipped the South into a frenzy there has been little mention until now of Hubbard's integral involvement in Alabama's relationship with the Confederacy Now historian Chris McIlwain offers Hubbard's story as a cautionary tale of radical politics and its consequences **Warrior Guards the Mountain** Alex Kozma, 2013 Inspired by the author's personal training experiences this book presents an intimate exploration of the philosophy of some of the rarest martial art forms Encompassing the arts of China Japan and India South East Asia it includes in depth conversations with esteemed Masters such as Dr Serge Augier and Master He Jing Han *Encyclopedia of Giants and Humanoids in Myth, Legend and Folklore* Theresa Bane, 2016-05-26 Every culture has in its folklore and mythology beings of immense size and strength as well as other preternatural humanoids great or small who walk among us serving the divine or fulfilling their own agendas This book catalogs the lore and legends of more than 1 000 different humanoid species and individual beings including the Titans Valkyries Jotnar y kai biblical giants elves ogres trolls and many more
