

A scenic landscape photograph serves as the background. It depicts a calm river or canal flowing through a rural area. A dirt path runs alongside the water, leading towards a traditional Dutch windmill in the distance. The scene is bathed in the warm, golden light of a sunset or sunrise, with long shadows and a soft glow on the water and sky. Trees and foliage line the banks, and the overall atmosphere is peaceful and nostalgic.

Waterlanders Bespiegelingen Over De Moraal Van Nederland

Herman Vuijsje, Jos van der Lans

Waterlanders Bespiegelingen Over De Moraal Van Nederland:

Out of Character Rogier van Reekum, 2023-12-28 This book offers a detailed and innovative study of the Dutch case of politics of citizenship and nationalism by focusing on public and political controversies in the crucial period of 1973-2015. By foregrounding the crucial role of performance and narration in public and political debates, this book shows how discourses of citizenship and nationhood are deeply shaped by established repertoires and long-lasting lines of disagreement about difference and belonging in the Netherlands. While change did occur within the Dutch context during this period, this book reveals that these transformations were not primarily driven by purportedly permissive and accommodating responses to immigration and cultural diversity. Instead, it unveils a Dutch landscape deeply marked by challenges related to race, democracy, and liberal exceptionalism. In doing so, the book contributes to ongoing debates in the study of citizenship, nationalism, and intellectual history around the merits and limitations of liberal politics of inclusion. It critically extends concepts and arguments in cultural pragmatics and problematizes the common hope that public debate may progressively resolve antagonisms over difference. With a focus on empirical research, the book meticulously reconstructs the emergence of national identity debates in recent decades and vividly portrays the dynamics and tensions of these public performances while dissecting their role in shaping the nation's identity and its boundaries. The book covers a crucial period of the European politics of citizenship and nationhood in which anti-immigrant politics, new modes of racism, and the bordering of Europe took shape. It locates the Dutch case within these developments and insists on the importance of historical continuity and narrative performance. This book demonstrates that the Netherlands and Europe more broadly have not overcome the profound consequences of its past.

Waterlanders Henk Pröpper, 1995 **Les Identités néerlandaises** Thomas Beaufils, Patrick Duval, 2006-05-30 Le multiculturalisme radical aurait-il fait son temps? La politique d'intégration néerlandaise autrefois vantée pour son ouverture et sa tolérance aurait-elle vu terrasser par les attentats du 11 septembre 2001 aux États-Unis et par le double assassinat du leader populiste Pim Fortuyn et du cinquième Theo van Gogh. Parviendra-t-on encore sauver un patrimoine identitaire néerlandais fragilisé depuis une dizaine d'années par d'importantes tensions communautaires? C'est afin de mettre en perspective ces questions d'actualité qu'un ensemble international de chercheurs, historiens, sociologues, politologues, philosophes, spécialistes de la littérature néerlandophone s'est mis en quête de l'identité néerlandaise. Non pas pour en distiller un concentré factice mais bien plutôt pour en souligner pragmatiquement la composition résolument plurielle et la remarquable richesse. Leur travail a donné naissance à cet ouvrage, premier d'une série consacrée par Thomas Beaufils à l'Université Marc Bloch Strasbourg et Patrick Duval à l'Université Paul Verlaine Metz aux identités néerlandaises.
