Anthology of the Biblical Revolution Evolution Series Michael Stansfield, 2020-02-13 As primitive civilization developed society has established cornerstones in our thought and reasoning Things we are told repeatedly as fact from birth and are thus believed instinctively Many of these cornerstones now date

back many millennia such as the Bible The BER Series takes a candid look into the Bible to explore how the theological beliefs within Institutional Religion have affected society in diabolical ways These books also challenge the church's theological cornerstones to prove that they deviate from the Bible and truly have an obscured understanding of the Divine Thus the goal is to bring an overdue debate to organized religion The hope is to remove the barriers that deny humanity the evolution of our species No topic is out of bounds A person could listen to ten lifetimes of sermons and never get even a fraction of the candor of these books Love them or hate them you will be unable to put them down and you will never see the World or the Divine the same way again
