A Professional Foreigner Edward Marks, 2023-04 Young American Foreign Service officers are accustomed to being teased by friends and relatives as to what they do in the Foreign Legion or the Forest Service In the United States unlike in many countries the role of a professional diplomat is little known or understood In *A Professional Foreigner* Edward Marks describes his life as an American diplomat who served during the last four decades of the twentieth century from 1959 to 2001 Serving primarily in Africa and Asia Marks was present during the era of decolonization in Africa but always seemed to be at the opposite end of the continent from the hottest developments was intimately involved in the early days of the U S government s antiterrorism programs observed the unfolding of a nasty and tragic ethnic conflict in one of the most charming countries in the world and saw the end of the Cold War at UN headquarters in New York Along the way Marks served as the U S ambassador to two African nations In this memoir Marks depicts a Foreign Service officer s daily life providing insight into the profession itself and what it was like to play a role in the steady stream of history in a world of quotidian events often out of the view of the media and the attention of the world Marks s stories such as rescuing an American citizen from a house of ill repute in Mexico and the attempt to recruit mongooses for drug intervention in Sri Lanka are both entertaining and instructive on the work of diplomats and their contributions to the American story

Chasing

Ghosts John E. Mueller, Mark G. Stewart, 2016 Chasing Ghosts exposes the ill founded paranoia that has allowed the national security state to both feed at the public trough and undermine America's civil liberties tradition **The CRC Press**

Terrorism Reader Marie-Helen Maras, 2013-11-11 From CRC Press's unrivaled pool of author experts comes the ultimate reader on terrorism With information drawn from premier titles in the CRC Press collection it focuses on how to prepare for mitigate counter and respond to terror threats and acts Policy issues critical infrastructure protection terrorism funding and target selection is discussed along with weapons of mass destruction intelligence and antiterrorism efforts terrorism crisis management and responder issues The book goes beyond theory to provide practitioner knowledge from the field straight into the reader's hands delivering real world solutions to terrorist threats and acts at home and abroad **Military**

Strategy Antulio J. Echevarria II, 2017-01-09 Distilling the ideas of the greatest military theoreticians of history including Sun Tzu Niccol Machiavelli and Carl von Clausewitz Antulio J Echevarria II presents a fascinating account of the art of the general Drawing on historical examples from Hannibal's war against Rome to Napoleon's victory at Austerlitz from the Allies campaign to overwhelm Hitler's fortress to the terror attacks of September 11 Echevarria vividly describes the major types of military strategy and their advantages and disadvantages Clear and engaging this book shows that military strategy is essential for understanding major events of the past and becomes even more critical today in a world increasingly threatened by weapons of mass destruction terrorist attacks and new dimensions of conflict such as cyberwar and space

Counterterrorism Frank Shanty, 2012-08-17 This two volume set examines modern nation state legislative diplomatic military and non military attempts to combat terrorism within and outside state borders The articles which comprise this comprehensive reference work address counterterrorism efforts employed by the international community prior to and following the events of September 11 2001 Global terrorism in the 21st century threatens the foundations of secular democracies and directly challenges global security thereby raising new and critical issues that transcend national borders This two volume reference carefully examines threats such as Weapons of Mass Destruction WMD terrorism agro environmental terrorism and energy related terrorism and discusses technologies and strategies such as the use of biometrics data mining information systems psychological profiling and terrorists rehabilitation efforts to mitigate these threats Counterterrorism From the Cold War to the War on Terror provides an easy to read discussion of some of the principal issues involved in combating contemporary terrorism Information is presented in non technical language making it appealing to the general reader as well as a solid reference for undergraduate college students and researchers Following each article are references to other articles of interest and a comprehensive index facilitates access to specific subject material The second volume includes a compilation of significant national and international treaties laws conventions and protocols that have been implemented in an attempt to counter these ongoing threats to domestic and international security

Anti-american Terrorism: From Eisenhower To Trump - A Chronicle Of The Threat And Response: Volume I: The

Eisenhower Through Carter Administrations Dennis A Pluchinsky, 2020-03-23 Pluchinsky's first volume focusing on anti American terrorism is a densely packed and comprehensive look at one of the most complex US national security challenges our nation faces. It reflects the evolving nature of terrorism that has changed with the politics, technology and media during this tumultuous period in US history. The book is also a thorough accounting of how US policymakers attempt to find solutions to address this dynamic issue. A broad spectrum of terrorism experts, policymakers and casual readers will undoubtedly find noteworthy facts about terrorist attacks that targeted US interest abroad and at home in this volume. Pluchinsky's level of detail and strong qualitative methodology makes this work an essential desk reference for any serious terrorism scholar. *Studies in Intelligence*. This is a truly magisterial work of scholarship. By pulling all this material together in one place and by organizing it so accessibly, Pluchinsky has performed an invaluable service for researchers and counter terrorism practitioners alike. The real selling point is the factual content. Pluchinsky has written the definitive contextual history of US counter terrorism policy and these volumes, and I confidently expect the two companion volumes still to come, deserve a place in every serious library of terrorism. *Critical Studies on Terrorism*. One of the major international security concerns that surfaced in the post World War II period was the emergence and evolution of international terrorism. The dominant theme in the evolution of this threat has been anti American terrorism. No other country in the world has had its overseas interests subjected to the level, lethality, diversity and geographic scope of international terrorist activity than the United States. This four volume work recounts the development of this threat through 12 US presidential administrations over a 70 year period. It assesses the terrorist threat in the US and overseas and how the government has responded with counter terrorism policies, strategies, programs, organizations, legislation, international conventions, executive orders, special operations units and actions. The evolution of the field of terrorism in academia, think tanks, institutes and the private sector over these 12 administrations is also chronicled.

Anti-american Terrorism: From Eisenhower To Trump - A Chronicle Of The Threat And Response: Volume Ii: The Reagan And George H.w. Bush Administrations Dennis A Pluchinsky, 2020-06-18 Volume I examined the policies and actions in the Eisenhower, Kennedy and Johnson administrations that contributed to the creation of anti American grievances which in turn fueled the rise of anti American terrorism overseas and domestically during the Nixon, Ford and Carter administrations. Volume II chronicles the high water mark of anti American terrorism overseas that occurred during the Reagan administration. The litany of terrorist attacks on US targets overseas during this period is well known and unmatched in American history: 1983 suicide attack on US Embassy Beirut, 1983 suicide attack on US Marine Barracks Beirut, 1983 suicide attack on US Embassy Kuwait, 1984 suicide attack on US Embassy Beirut, 1985 assault on the TWA counter at Rome airport, 1985 hijacking of TWA 847, 1986 mid air bombing of TWA 840, 1988 mid air bombing of Pan Am 103 and the 1982-1988 kidnappings of 18 Americans in Lebanon. This wave of anti American terrorist attacks demanded an appropriate response. The Reagan administration proceeded to construct the most ambitious and costly counter terrorism

program in the pre 9 11 era Although the terrorist threat was perceived to be in decline during the George H W Bush administration it still had to deal with the potential terrorist threat emanating from the first Gulf War in 1990 1991 two assassination attempts on the president and the ramifications of the Pan Am 103 bombing

Combating Terrorism: Guidance for State Dept. Antiterrorism Assistance Program Is Limited and State Does Not Systematically Assess Outcomes

Charles Michael Johnson, 2008-10 The Dept of State s Antiterrorism Assistance program s objectives are to provide partner nations with counter terrorism training and equipment improve bilateral ties and increase respect for human rights State s Office of the Coordinator for Counterterrorism provides policy guidance and its Bureau of Diplomatic Security Office of Antiterrorism Assistance ATA manages program operations This report assesses 1 State s guidance for determining ATA priorities 2 how State coordinates ATA with other counter terrorism programs 3 the extent State established ATA program goals and measures and 4 State s reporting on U S counter terrorism assistance Includes recommendations

Illustrations **Counterterrorism and Public Diplomacy** Emrah Aydemir, 2025-05-06 The book presents an innovative approach that goes beyond traditional chain models and measures to succeed in modern warfare and prevent recruitment by or involvement in terrorist organizations By showing how to engage with vulnerable groups in counterterrorism and by analyzing the process between terrorist organizations and vulnerable groups to change the way target populations think and act the book offers a new strategic and tactical perspective for state and non state actors
