Proceeding International Annual Conference on Islamic Economics and Law 2020 Muttaqin Choiri, 2020-12-15 The gathering of academics researchers and practitioners at this momentum provides a new opportunity for the literacy world that is concerned with the halal industry Recently the halal industry as a new innovation in Muslim and non Muslim countries this dynamic is combined with several studies and literacy that the potential and challenges of the halal industry in the world can be realized along with technological advances Indonesia which is a country with the largest Muslim majority in the world takes part in guarding and supervising the progress of the halal industry whose benefits are widely enjoyed by people in the world Saudi Arabia and Indonesian Networks Sumanto Al Qurtuby, 2019-12-26 What is the relationship between Saudi

Arabia and Indonesia For centuries Indonesians have travelled to Saudi Arabia and have been deeply involved in education scholarship and the creation of centres for Islamic learning in the country Yet the impact of this type of migration has not yet been the focus of scholarly research and little is known about the important intellectual connections that now exist This book examines Indonesian educational migrants and intellectual travellers in Saudi Arabia including students researchers teachers and scholars to provide a unique portrait of the religious and intellectual linkages between the two countries Based on in depth interviews and questionnaires Sumanto Al Qurtuby identifies the Indonesian legacy in Saudi Arabia and examines in turn how the host country s influential Islamic scholars have impacted on Indonesian Muslims The research sheds light on the dynamic history of Saudi Arabian Indonesian relations and the intellectual impact of Indonesian migrants in Saudi Arabia

Struggling for the Umma Endang Turmudi, 2007-10-01 Focuses on the heartland of the Nahdlatul Ulama NU the largest Islamic organization in Indonesia and on the role of ulama religious leaders or kiai as they are known in Java within NU Based on substantial fieldwork this study provides an informed glimpse into the intimate relationships among kiai their role in local and national politics and their leadership of the Islamic community Argues that the charismatic authority exerted through the leadership of the kiai in Java has limitations in terms of its legitimacy At the very least it has boundaries that determine areas or circumstances for its legitimate expression It also argues that the kiai s influence in politics is not as strong as in other domains **Islamic Philanthropy & Social Development in Contemporary Indonesia** Chaider S.

Greatness of Indonesia, 2005-2030 and the Supremacy of Indonesia, 2030-2055 Petrus Octavianus, 2006 Culture, Identity, and Religion in Southeast Asia Alistair D. B. Cook, 2007 I have read the draft of this book sent to me by the editor After reading this draft I do think this book is valuable and timely It discusses the contemporary issues that have worried many people in the present world terrorism human rights Islamic radicalism and the problem of identity in the Singaporean capitalism These issues are not discussed in the theoretical abstract way it also doesn't mean that theories are not discussed at all but in the context of various concrete societies The book deals with one of the above issues in Malaysia Singapore and Indonesia Aceh and Sumenep in Madura Each issue is written by a different author that has studied the issue thoroughly So the book is a collection of research done by specialists of these issues Two essays on Southeast Asia one on health and the other on human security give the general picture of this region acting as a broad introduction of the chapters that follow Each chapter has been written professionally and the readers will learn many things from each of them One has to read the chapter in order to really appreciate them Therefore I really recommend that this manuscript to be published as a book in order to get a large audience One shortcoming though this book deals with three countries only Malaysia Singapore and Indonesia albeit these three are the important countries in the region Other important Southeast Asian countries such as Thailand the Philippines and Burma are not discussed individually With the omission of these countries it thus can be argued whether this book can represent the Southeast Asian region Also in dealing with Indonesia the chapters talk on sub national level namely on Aceh province and a peripheral city Sumenep in the island of Madura East Java while Malaysia and Singapore are dealt on the level of nation state To conclude even with these shortcomings this book is still valuable Therefore I would like to recommend it be published Arief Budiman Foundation Professor of Indonesian Asia Institute The University of Melbourne Australia **Beyond the symbols**, 2000 Thoughts of Abdurrahman Wahid Indonesia's fourth president on politics and Islam in Indonesia **Crossroads**, 2003 *Indonesian Education* Robert Murray Thomas, 1973
