David Busch's Nikon D7500 Guide to Digital SLR Photography David D. Busch, 2017-12-01 David Busch's Nikon D7500 Guide to Digital Photography is your all in one comprehensive resource and reference for the Nikon D7500 camera. Built around the same 20.9 megapixel sensor as the D500, this mid-level Nikon model has BlueTooth and Wi-Fi wireless control with the SnapBridge smart phone/tablet app. A swiveling screen, 4K video, 8 fps continuous shooting, and ISO speeds up to 1.6 million make the D7500 a significant enthusiast-oriented upgrade. With this book in hand, you can fine-tune your camera skills as you explore the world of digital photography, develop your creativity, and take great photographs with your D7500.

Also included is the handy visual guide to the D7500 with close-up photos and descriptions of the camera's essential features and controls. Learn when to use each option, and more importantly, when not to use them, by following the author's recommended settings for every menu entry. With best-selling photographer and mentor David Busch as your guide, you'll quickly have full creative mastery of your camera's capabilities, whether you're shooting on the job as an advanced enthusiast or are just out for fun. Start building your knowledge and confidence while bringing your vision to light with the Nikon D7500 today.
Underwater Forensic Investigation Ronald F. Becker, 2013-05-23 The evidence discovered at

underwater crime scenes must be handled with the same attention to proper chain-of-custody procedures as with any other type of investigation. Improper handling of these scenes can lead to evidence being lost, unrecognizable, destroyed, contaminated, or rendered inadmissible at the time of trial. Updated and expanded. Und **Advanced Crime Scene**

Photography Christopher D. Duncan, 2023-03-30 The ability to thoroughly and accurately photograph a crime scene is a mandate for all investigators, regardless of the time of day, weather conditions, or confines within which a piece of evidence is concealed. Evidence is commonly found in locations that are some of the most difficult to access and photograph. Having the knowledge, wherewithal, and skills necessary to photograph evidence in less-than-accommodating environments is vital to a photographer's effectiveness and success. *Advanced Crime Scene Photography*, Third Edition, takes a somewhat different approach to the subject over prior editions. Rather than assuming a crime scene investigator's or photographer's comfort with the operation of their cameras and a basic understanding of apertures, shutter speeds, ISO values, and basic exposure calculations, the author has added coverage to provide a thorough review of basic photographic concepts as a refresher to readers. And for those less familiar or otherwise new to photography, such background makes the foundational concepts more understandable for those readers who require such information to understand the more advanced techniques covered later in

the book In addition to this background coverage an entirely new chapter has been added to provide essential guidance on how to prepare and testify in court Anyone with a camera phone can take a photograph in perfect lighting with the subject sitting out in the open and already positioned for the best composition This book provides crime scene photographers with the skills necessary to record those same beautiful photographs in adverse condition surrounded by tragedy utilizing all the tools available to the investigator The greatest tool a photographer has available to them is their brain From start to finish the value of quality crime scene photographs cannot be overemphasized photographers must take control of their photographic endeavors identify the challenges design a plan to capture the image correctly and then execute that plan As such *Advanced Crime Scene Photograph Third Edition* is written to help photographers achieve the goal of capturing the best possible images especially in those difficult to capture real world environments and conditions for utilization in capture illustrative images as admissible evidence and for usage in court All photographers need to practice their craft whether they are actively working cases as seasoned veterans or are just beginning their careers This book provides the knowledge and skills essential to achieve career and professional success in crime scene photography

The Complete RANGER DIGEST: Volumes I-V Rick F. Tscherne, 2013-07-11 A SOLDIER S GUIDE TO LEARNING THE TRICKS OF THE TRADE The original no bullshit soldier s handbooks loaded with tips tricks and ideas on how to live thrive and stay comfortable in a military outdoor environment through field expedient know how From how to take a dump in the woods improvise modify or improve military and civilian outdoor gear combat survival techniques reducing field boredom leadership tips jokes and much more NEWLY REVISED and UPDATED 2012 EDITION This is the first of two collections that compile all the original 9 volumes into a new Complete and Newly Revised Edition NOT your typical boring military field manual these volumes contain info that will keep you one step ahead of your average soldier Rangers lead the way This newly revised edition of the first five of nine volumes adds updated equipment info new suppliers now with web links and much more As a former US Army Ranger Drill Instructor and Advisor Trainer to the Bosnia Herzegovina Army 1996 97 under the US State Department Train Equip Program I have always enjoyed sharing with soldiers my personal experiences tips tricks and ideas in how to survive thrive in the outdoors And although I ve been retired from the United States Army since January 1993 I am still doing what I like best teaching training soldiers But not in a class room but through a series of books called THE RANGER DIGESTS Now before I decided to self publish these books I use to forward all my tips tricks and ideas to the Department of the Army But the only thing I ever received back were letters saying sorry not feasible for military outdoor field conditions Well since the Army wasn t interested in my ideas I then decided to write a book about my tips tricks and try to market them to the troops myself After all when it comes to common sense and field craft ingenuity the troops know more about this stuff than some chair borne colonel or general sitting behind his nice cozy desk at the Pentagon
