down But church growth is not the point argues Robert Hudnut The point is whether the church is being true to the gospel Hudnut s latest book following *The Sleeping Giant* and *Arousing the Sleeping Giant* shows in practical terms how today s churches despite faltering statistics can grow in faithfulness to God and the Gospel It also demonstrates not surprisingly that God is being faithful to the churches There are men and women all over America in pulpits in the Sunday School in pews in the choir who refuse to huckster Christ Thy know the church is not just another community organization or political party or business Hudnut speaks directly to them encourages their witness and calls them back to their roots especially in the Old Testament prophets and the theology of Paul The author s exciting proposal recovers the word passive in church life he casts the Christian onto the grace of God and lets God be God even in the most active congregation People do not choose the church they are chosen And the real power of the church lies in what God is doing through it its prayer its silence its suffering its witness and even its failure Written for all who are concerned about the drop in church membership *Church Growth Is Not the Point* proclaims the present hour as a grace filled spirit charged opportunity to turn the world upside for Jesus Christ Publisher Spread the Word Rebecca Van Noord, Jessi Strong, John D.
