Vietnam And Beyond Veteran Reflections:

Vietnam & Beyond Jenny La Sala, Jim Markson, 2014-09-18 Vietnam and Beyond is a collection of wartime letters written home by Jim Markson from March 1967 to March 1968 Jim carried sadness and boxed up memories from Vietnam Perhaps if it were not for the general divided and oppositional public opinion of the Vietnam War at that time the soldiers returning home might have been able to open up and begin the healing process Instead those soldiers returning from Vietnam were afraid to tell their story These fears bound each soldier to the other We are very proud to embrace all veterans and include stories of veterans of all wars including WWII Korea Vietnam Iraq and Afghanistan to show the similarities of war and the soldier from one generation to another

Never Forgotten Jenny La Sala, 2015-10-28 When the Vietnam Veterans tours were over they came home to find a country divided and a nation unappreciative of their service How they were treated how they integrated back into society and how their wartime experiences changed them are just some of the questions answered as their stories unfold in Never Forgotten Told by the Veterans themselves these are their stories The book Never Forgotten captures 58 Veterans accounts and others on what it was like to experience the Vietnam War In their own words they talk about their return home struggles to maintain healthy relationships decades of recovery and feelings of worthlessness Many find emotional well being and self worth by helping other Veterans Those of us who are Veterans or whose loved ones have served in war know with certainty we are different when we return home than before we marched off to war Because of this difference for ourselves and for those we love and enjoy having in our lives Never Forgotten is a must read Michael B Christy Lt Col USA ret and Vietnam Veteran

Vietnam and Beyond Stefania Ciocia, 2012-01-01 Vietnam and Beyond is a comprehensive in depth study of one of the most thought provoking writers of the Vietnam War generation Tim O'Brien Through its thematic rather than chronological approach this volume sets itself apart from previous readings of O'Brien's development as a trauma artist and an outspoken chronicler of American involvement in Vietnam Stefania Ciocia highlights O'Brien's compelling preoccupation with the role and the ethical responsibility of the storyteller with his clear privileging of story truth over happening truth in order to make a bold statement about the power of fiction and narrative

Beyond Anitkabir: The Funerary Architecture of Atatürk Christopher S. Wilson, 2016-04-15 There have been five different settings that at one time or another have contained the dead

body of Mustafa Kemal Atatürk organizer of the Turkish War of Independence 1919-1923 and first president of the Republic of Turkey Narrating the story of these different architectural constructions the bedroom in Dolmabahçe Palace Istanbul where he died a temporary catafalque in this same palace his funeral stage in Turkey's new capital Ankara a temporary tomb in the Ankara Ethnographic Museum and his permanent and monumental mausoleum in Ankara known in Turkish as Anıtkabir Memorial Tomb this book also describes and interprets the movement of Atatürk's body through the cities of Istanbul and Ankara and also the nation of Turkey to reach these destinations It examines how each one of these locations accidental designed temporary permanent has contributed in its own way to the construction of a Turkish national memory about Atatürk Lastly the two permanent constructions the Dolmabahçe Palace bedroom and Anıtkabir have changed in many ways since their first appearance in order to maintain this national memory These changes are exposed to reveal a dynamic rather than dull impression of funerary architecture

After the Storm Paul Drew, 1999 Paul Drew could never have predicted the impact that combat and the underlying mood of the nation would have on him and his fellow soldiers The social stigma still stings for most Vietnam vets who were thought of as drug addicted baby killing drones behind a war that was an embarrassing mistake and a failure This is not a combat diary but honest observations about a generation those responsible for the conduct of the war and the events that laid the groundwork for the state of the nation today a nation that still has yet to learn to hate war but respect its warriors

Mirror Reflections --- Mirages Alex Saliba, 2004 The new concept of preemptive wars has generated much debate and controversy on each side of the divide What impact could it have in aggravating world instability Is it acceptable Is it even moral or legal Many reports and statements are presented and discussed as to why the war on Iraq was launched the occupation of that country and the quagmire of post war in Iraq that we hear about almost daily America's good will amongst our friends has been squandered and its foreign policy according to many outsiders has been uneven and capricious Thus in recent debates it has been suggested by some that this indeed has caused civil unrest in many parts of the world and may have actually increased terrorism Many knowledgeable persons have argued that trumpeting democracy at the point of a gun through violence has not worked well in the past and the US is doing more of the same This is tragic We have not learned much from the lessons of history some of the social experiences are presented both for the developed nations and those less fortunate the overall economy education health care poverty and discrimination pollution injustices and civil rights the enormous expenditures on the military and on weapons of destruction the precarious state of democracy etc as well as proposals to strengthen the UN The sources for these collected data include politicians newscasters writers guest speakers lecturers and other personalities in newspapers magazines on television and on the Internet The search continues for that elusive peace in our world today and especially in the Middle East The role of America in the general scheme of things needs to be better defined as many have stated that we have been following the wrong path

The Apology the United States Owes the Vietnam Veterans Raymond C. Christian, 2019-07-16 The

hottest war zone this country has ever been in was being fought by eighteen and nineteen year boys you can call them men if you want Since I was once a soldier and later an officer I must point out the facts of being a teenager and being a man Most of them enlisted and many were drafted to go fight the war in Vietnam While the United States of America was being defended planes began to return to the states loaded down with the bodies of these young eighteen and nineteen year old soldiers in body bags If you are not knowledgeable about the Institute of Medicine IOM You would think it is the Veterans Administration VA fault why the Vietnam Veterans have not gotten their benefits I would advise you to continue reading Then I want you to ask the question why nongovernmental researchers are being hired to do the research on Agent Orange I also want you to know the Institute of Medicine IOM is no longer under the same name They have the same function but a new name called the Health Medicine Division which is also nongovernmental As concerned citizens we must ask the question of why nongovernmental agencies are being allowed to research Agent Orange I am certain the results will not shock you as to why the VA is not able to advance the Vietnam Veterans benefits because they are receiving their reports from the HMD stating there is no correlation with Agent Orange to the sickness the Vietnam Veterans have The VA gets these reports every two years Another well kept secret is the number of agents used in Vietnam While many of you think there was just Agent Orange My research shows it was a total of six different agents used
