Evidence Angela Powell former columnist and children s book reviewer for The Dallas Morning News is now a freelance publicist *The Faces of Lee Harvey Oswald* Scott P. Johnson,2013-10-29 The Kennedy assassination has produced a number of conspiracy theories based largely upon intriguing questions speculation and inference Thousands of books and articles have been written about the assassination with a large majority of the published material arguing for a conspiracy of one kind or another However a relatively small volume of literature has been written from a scholarly and academic perspective *The Faces of Lee Harvey Oswald* provides the first comprehensive scholarly analysis of Lee Harvey s Oswald s role in the JFK assassination Scott P Johnson objectively examines the various narratives of Lee Harvey Oswald created by researchers and authors over the last fifty years He finds that at first glance any theory related to Oswald s role appears as convincing as the next particularly when researchers carefully select information that only advances their preferred theory In reality however Oswald s role in the assassination offers little certainty when one looks at the mystery surrounding Oswald s life and death as well as the complexity and ambiguity surrounding the murder of President Kennedy Rather than putting forth a single theory Johnson lays out the known facts against each theory and allows the readers to make their own decision

Assassination Michel Jacques Gagné, 2022-03-27 Thinking Critically About the Kennedy Assassination uses the tools of critical thinking historical research and philosophical inquiry to debunk the many myths and conspiracy theories surrounding JFK's shocking and untimely death As we approach the 60th anniversary of the violent public assassination of President John F Kennedy over half of all Americans surveyed continue to believe that he was killed by a conspiracy involving multiple assassins Through its reasoned and detailed analysis of the content and evolution of JFK conspiracy narratives this book also serves as a comprehensive case study of paranoid reasoning and modern mythmaking The book's opening chapters lay out the official academic consensus concerning the Kennedy assassination better known as the Lone Gunman Theory and discuss the origins of popular interpretations of Kennedy's life and death such as the nostalgic myth of Camelot the unsympathetic Irish Mafia narrative and the many conspiracy theories critical of both Subsequent sections scrutinize the alleged motives of leading conspiracy suspects the ballistic forensic and medical evidence related to JFK's murder and the most popular proofs of an enduring government cover up The book concludes that no clear evidence exists to suggest that JFK was the victim of a conspiracy and ends with a discussion of the causes and consequences of paranoid thinking in contemporary public discourse This volume will appeal to students of history politics psychology and cultural and media studies and to a broader audience interested in American history critical thinking and conspiracy thinking *Combination Lock: The Life and Times of C.*

Wayne Parker C. Wayne Parker, 2017-02-20 COMBINATION LOCK is the autobiography of C Wayne Parker His story begins in 1962 with him as a short skinny shy fatherless high school kid with a pet dog and hope He grew up in the small lower middle class Burlington community of east Knoxville Tennessee He was a simple boy living in a simple time Throughout his early life he struggled to find the right combination of qualities that would ensure for him a satisfying meaningful life He flunked out of engineering college and the military draft board wanted him for duty in Vietnam yet he still carried his dream in his heart He did not give up he did not quit Along the way his path took him on a journey of hurt happiness disaster and deliverance There were times for both tears and smiles as there are in his book But as he matured and made some changes his life was transformed into one of love contentment and peace What were the qualities that made up his combination and unlocked for him a path to secure his dream Walk the path with him **The Trial of Lee Harvey Oswald** William

Alsop, 2022-09-15 **Rendezvous with Death** H. R. Underwood, 2013-02-01 After extensive research the author presents some of the frequently conflicting findings of investigators and government committees over the decades along with many of the minute details associated with the case In all Underwood has constructed a highly readable and fact-filled compendium that should prove very useful to students of the tragedy The US Review of Books Rendezvous with Death The Assassination of President John F Kennedy presents the facts surrounding the assassination of President John F Kennedy and a detailed

explanation of the shooting as it occurred according to the factual evidence A considerable amount of false trails and leads exist in the evidence turning the case into a quagmire of contradictory and unreliable assertions The major task undertaken was to sort out as much as possible fact from fiction and determine truth from rumor and speculation Numerous sources and materials were researched to provide the reader with a thorough and well documented review of the facts presented in the JFK assassination literature Still the conclusions presented are my own and are not intended to be presumptuous in claiming a definitive or conclusive solution to the case Therefore the purpose of this book is not to convince the reader that I have finally found the answers for most of the puzzling and perplexing questions surrounding this highly controversial case Rather my intention was twofold 1 to provide the reader with a comprehensive study that presented as many facts as possible regarding the JFK assassination gleaned from a wide variety of sources and 2 devise a plausible explanation of the assassination based upon that factual information My conclusions are based primarily on a close examination of the Zapruder film with documentation provided by numerous sources Although the Zapruder film shows evidence of splicing it still remains as one of the most significant pieces of JFK assassination evidence It is hoped that this study will move us closer to the truth

Burying the Lead Mal Jay Hyman,2019-03-01 The Cold War ushered in a time of secrecy and willing media cooperation to keep those secrets But even after winning that war the vault of secrets remains firmly locked especially surrounding John F Kennedy s murder Even for those who fundamentally oppose the current presidential administration notions of a national security state and fake news must be examined to maintain a functional democracy This book explains the rapid decline in confidence in government that started after the assassination of JFK The mainstream media failed to go beyond repeating the official story and by 1991 they along with academe and the government had stopped investigating altogether It was filmmaker Oliver Stone whose film fueled public outrage and led to the JFK Act to declassify all of the remaining documents Almost four million pages of documents were then released that even Congress had not yet seen The JFK Act stated that all files must be released by October 2017 yet thousands are still withheld on the grounds of national security This volume examines the tight alliances

that have allowed this cover up for more than 50 years President Kennedy declared in October 1963 that men who create power make an indispensable contribution to a nation's greatness but the men who question power make a contribution just as indispensable especially when they are disinterested for they determine whether we use power or power uses us **The Underside of Politics** Sorin Radu Cucu, 2013-06-21 This book argues that during the Cold War modern political imagination was held captive by the split between two visions of universality freedom in the West versus social justice in the East and by a culture of secrecy that tied national identity to national security Examining post 1945 American and Eastern European interpretive novels in dialogue with each other and with postfoundational democratic theory *The Underside of Politics* brings to light the ideas forces and circumstances that shattered modernity's promises such as secularization autonomy and rights on both sides of the Iron Curtain In this context literary fictions by Kundera and Roth Popescu and Coover Ki and DeLillo become global as they reveal the trials of popular sovereignty in the fog of the Cold War and trace the elements around which its world discourse or global picture is constructed the atom bomb Stalinist show trials anticommunist propaganda totalitarian terror secret military operations and political targeting *The FBI Story* United States.
