

War Law: Understanding International Law And Armed Conflict

Byers, Michael

Note: This is not the actual book cover

War Law Understanding International Law And Armed Conflict

**Gerhard von Glahn, James Larry
Taulbee**

War Law Understanding International Law And Armed Conflict:

War Law Michael Byers, 2007-12-01 Professor Byers's book goes to the heart of some of the most bitterly contested recent controversies about the International Rule of Law. Chris Patten, Chancellor of Oxford University, International law governing the use of military force has been the subject of intense public debate. Under what conditions is it appropriate or necessary for a country to use force when diplomacy has failed? Michael Byers, a widely known world expert on international law, weighs these issues in *War Law*. Byers examines the history of armed conflict and international law through a series of case studies of past conflicts ranging from the 1837 Caroline Incident to the abuse of detainees by US forces at Abu Ghraib prison in Iraq. Byers explores the legal controversies that surrounded the 1999 and 2001 interventions in Kosovo and Afghanistan and the 2003 war in Iraq, the development of international humanitarian law from the 1859 Battle of Solferino to the present, and the role of war crimes tribunals and the International Criminal Court. He also considers the unique influence of the United States in the evolution of this extremely controversial area of international law. *War Law* is neither a textbook nor a treatise but a fascinating account of a highly controversial topic that is necessary reading for fans of military history and general readers alike. Should be read and pondered by those who are seriously concerned with the legacy we will leave to future generations. Noam Chomsky

War Law Michael Byers, 2005 The international rules governing the use of military force are under unprecedented scrutiny following the removal of Slobodan Milosevic and Saddam Hussein in wars that were not sanctioned by the UN. This book gives an accessible introduction to these divisive but critical issues.

War Law Michael Byers, 2007 International law governing the use of military force has been the subject of intense public debate. Under what conditions is it appropriate or necessary for a country to use force when diplomacy has failed? Michael Byers, a widely known world expert on international law, weighs these issues in *War Law*. Byers examines the history of armed conflict and international law through a series of case studies of past conflicts ranging from the 1837 Caroline Incident to the abuse of detainees by US forces at Abu Ghraib prison in Iraq. Byers explores the legal controversies that surrounded the 1999 and 2001 interventions in Kosovo and Afghanistan and the 2003 war in Iraq, the development of international humanitarian law from the 1859 Battle of Solferino to the present, and the role of war crimes tribunals and the International Criminal Court. He also considers the unique influence of the United States in the evolution of this extremely controversial area of international law. *War Law* is neither a textbook nor a treatise but a fascinating account of a highly controversial topic that is necessary reading for fans of military history and general readers alike.

The Oxford Handbook of International Law in Armed Conflict Andrew Clapham, Paola Gaeta, Tom Haeck, 2014-03 Written by a team of distinguished and internationally renowned experts, this Oxford Handbook gives an analytical overview of international law as it applies in armed conflicts. The Handbook draws on international humanitarian law, human rights law, and the law of neutrality to provide a comprehensive picture of the status of law in war.

International Law and Armed Conflict Laurie R.

Blank,Gregory P. Noone,2016 International Law and Armed Conflict Fundamental Principles and Contemporary Challenges in the Law of War uses vivid stories and cases to bring basic principles of law and current challenges to life in the classroom With 35 years combined experience and expertise teaching and working in the military think tanks and academia Laurie R Blank and Gregory P Noone create a complete framework for understanding the law and policy applicable in times of armed conflict tying in coverage of human rights and national security law

International Humanitarian Law: Theory,

Practice, Context Daniel Thürer,2011-07-11 This book is about international humanitarian law or as it is also called the law of armed conflict or law of war It emerged from a series of lectures delivered at the Hague Academy of International Law The author deals with war and the means by which international law attempts to contain and as it were humanize organized violence But the ambitions of the author go beyond the battlefield The book explores the many complex ways in which law functions to regulate warfare in theory and practice The author looks into treaties and other sources of international law but he also tries to step outside the boundaries of black letter law to deal broadly with such matters as the influence of culture in

shaping the norms on war the institutions that develop those norms and work for their universal acceptance the networks of humanitarian actors in this area and the legal procedures in which the law of war and its various institutions are embedded The book demonstrates that even wars are in various ways conducted in the shadow of the law **The Cambridge Companion to International Law** James Crawford, Martti Koskenniemi, Surabhi Ranganathan, 2012-01-26 A concise intellectually rigorous and politically and theoretically informed introduction to the context grammar techniques and projects of international law
