War Genocide And Justice Cambodian American Memory Work:

War, Genocide, and Justice Cathy J. Schlund-Vials, 2012 In the three years eight months and twenty days of the Khmer Rouge's deadly reign over Cambodia an estimated 1.7 million Cambodians perished as a result of forced labor execution starvation and disease Despite the passage of more than thirty years two regime shifts and a contested U N intervention only one former Khmer Rouge official has been successfully tried and sentenced for crimes against humanity in an international court of law to date It is against this background of war genocide and denied justice that Cathy J Schlund Vials explores the work of 1.5 generation Cambodian American artists and writers Drawing on what James Young labels memory work the collected articulation of large scale human loss War Genocide and Justice investigates the remembrance work of Cambodian American cultural producers through film memoir and music Schlund Vials includes interviews with artists such as Anida Yoeu Ali praCh Ly Sambath Hy and Socheata Poeuv Alongside the enduring legacy of the Killing Fields and post 9 11 deportations of Cambodian American youth artists potently reimagine alternative sites for memorialization reclamation and justice Traversing borders these artists generate forms of genocidal remembrance that combat amnesic politics and revise citizenship practices in the United States and Cambodia Engaged in politicized acts of resistance individually produced and communally consumed Cambodian American memory work represents a significant and previously unexamined site of Asian American critique

Masquerades of War Christine Sylvester, 2015-05-22 This collection explores the concepts and practices of masquerade as they apply to concepts and practices of war The contributors insist that masquerades are everyday aspects of the politics praxis and experiences of war while also discovering that finding masquerades and tracing how they work with war is hardly simple With a range of theories innovative methodologies and contextual binoculars masquerade emerges as a layered and complex phenomenon It can appear as state deception lie or camouflage as in the population centric American warfare in Iraq that was sold as good for the local people or the hidden violence Russian military forces used on each other and on local men in Chechnya Masquerade can also be part of a people's war logic as exemplified by the Maoist movement in India Yet masquerade can also be understood as a normal social mask that people don to foreground an identity or belief from one's cluttered repertoire in order to gain agency Elements of masquerade can appear in texts that proclaim seemingly unequivocal positions while simultaneously yet subtly suggesting opposing positions Masquerades of all kinds also seem ubiquitous in fieldwork research and in resistance movements in war zones Perhaps masquerade though is ultimately the denial of death lurking behind the clarion call of security a call that bolsters war by making militarized policing normal to secure populations from terrorists These interpretations and others comprise **Masquerades of War** This book will be of much interest to students of critical war studies critical security conflict studies and IR in general

Looking Back on the Vietnam War Brenda M. Boyle,Jeehyun Lim,2016-06-17 More than forty years have passed since the official end of the Vietnam War yet the war s legacies endure Its history and iconography still provide fodder for film and fiction communities of war refugees have spawned a wide Vietnamese diaspora and the United States military remains embroiled in unwinnable wars with eerie echoes of Vietnam Looking Back on the Vietnam War brings together scholars from a broad variety of disciplines who offer fresh insights on the war s psychological economic artistic political and environmental impacts Each essay examines a different facet of the war from its representation in Marvel comic books to the experiences of Vietnamese soldiers exposed to Agent Orange By putting these pieces together the contributors assemble an expansive yet nuanced composite portrait of the war and its global legacies Though they come from diverse scholarly backgrounds ranging from anthropology to film studies the contributors are united in their commitment to original research Whether exploring rare archives or engaging in extensive interviews they voice perspectives that have been excluded from standard historical accounts Looking Back on the Vietnam War thus embarks on an interdisciplinary and international investigation to discover what we remember about the war how we remember it and why A Race So Different Joshua Chambers-Letson,2023-11-21 Winner of the 2014 Outstanding Book Award presented by the Association for Theatre in

Higher Education Taking a performance studies approach to understanding Asian American racial subjectivity Joshua Takano Chambers Letson argues that the law influences racial formation by compelling Asian Americans to embody and perform recognizable identities in both popular aesthetic forms such as theater opera or rock music and in the rituals of everyday life Tracing the production of Asian American selfhood from the era of Asian Exclusion through the Global War on Terror *A Race So Different* explores the legal paradox whereby U S law apprehends the Asian American body as simultaneously excluded from and included within the national body politic Bringing together broadly defined forms of performance from artistic works such as *Madame Butterfly* to the Supreme Court's oral arguments in the Cambodian American deportation cases of the twenty first century this book invites conversation about how Asian American performance uses the stage to document interrogate and complicate the processes of racialization in U S law Through his impressive use of a rich legal and cultural archive Chambers Letson articulates a robust understanding of the construction of social and racial realities in the contemporary United States
