It Came from the 80s! Francesco Borseti,2016-08-26 From their heyday in the 1950s and 1960s B movies declined in popularity through the 1970s As the big Hollywood studios began to make genre films with sky high budgets independent producers of low budget movies could not compete in theaters The sale of American International Pictures in 1979 and New World Pictures in 1983 marked the end of an era The emergence of home video in the 1980s marked the beginning of a new phase as dozens of B movies were produced each year for the small screen many becoming cult classics of science fiction horror and fantasy Through numerous interviews with producers directors photographers and actors this book sheds light on an overlooked corner of film history with behind the scenes stories of 28 low budget favorites from the 1980s *A Passion for Space* Marianne J. Dyson,2015-09-18 Marianne J Dyson recounts for us a time when women were making the first inroads into space flight control a previously male dominated profession The story begins with the inspiration of the Apollo 11 landing on the Moon and follows the challenges of pursuing a science career as a woman in the 70s and 80s when it was far from an easy path Dyson relates the first five space shuttle flights from the personal perspective of mission planning and operations in Houston at the Johnson Space Center based almost exclusively on original sources such as journals and NASA weekly activity reports The book s historical details about astronaut and flight controller training exemplify both the humorous and serious aspects of space operations up through the Challenger disaster including the almost unknown fire in Mission Control during STS 5 that nearly caused an emergency entry of the shuttle From an insider with a unique perspective and credentials to match this a must read for anyone interested in the workings of NASA during one of its busiest and defining times and the challenges faced by women pursuing scientific careers

Breaking Through the Clouds of the Spirits of Jezebel Bishop Dr. Gideon Adjei,2013-09-20 The Enemy has an agenda to counter everything God wants to do on earth He wants to take God out of governments schools media entertainment business and even churches His goal is to break down the family and create orphans that do not believe they can access God and bring His Kingdom to earth By attacking the family the enemy creates a spirit of slavery which causes a believer to carry a spirit of fear This spirit of fear will steal our inheritance We then can t receive what God has for us in his Kingdom If we can t receive what god has for us in His Kingdom we have nothing to release upon earth Most believers do not fully understand the strategies the enemy is using

against them This book reveals those strategies and how to overcome them The scripture says we are in a full time struggle that requires full time armor God says that his people perish for lack of knowledge The enemy does not want us to have this kind of knowledge How can you overcome an enemy if you don't know where he is coming from Read this book and you will have weapons of warfare to extinguish the fiery darts of the enemy Cal Pierce Director Healing Rooms Ministries
