The Culture of Sex in Ancient China Paul R. Goldin, 2001-10-31 The subject of sex was central to early Chinese thought Discussed openly and seriously as a fundamental topic of human speculation it was an important source of imagery and terminology that informed the classical Chinese conception of social and political relationships This sophisticated and long standing tradition however has been all but neglected by modern historians In *The Culture of Sex in Ancient China* Paul Rakita Goldin addresses central issues in the history of Chinese attitudes toward sex and gender from 500 B C to A D 400 A survey of major pre imperial sources including some of the most revered and influential texts in the Chinese tradition reveals the use of the image of copulation as a metaphor for various human relations such as those between a worshiper and his or her deity or a ruler and his subjects In his examination of early Confucian views of women Goldin notes that while contradictions and ambiguities existed in the articulation of these views women were nevertheless regarded as full participants in the Confucian project of self transformation He goes on to show how assumptions concerning the relationship of sexual behavior to political activity assumptions reinforced by the habitual use of various literary tropes discussed earlier in the book led to increasing attempts to regulate sexual behavior throughout the Han dynasty Following the fall of the Han this ideology was rejected by the aristocracy who continually resisted claims of sovereignty made by impotent emperors in a succession of short lived dynasties Erudite and immensely entertaining this study of intellectual conceptions of sex and sexuality in China will be welcomed by students and scholars of early China and by those with an interest in the comparative development of ancient cultures

Writing Wars David F. Eisler, 2022-12-14 Choice Outstanding Academic Title 2024 Senators Bob and Elizabeth Dole Biennial Award for Distinguished Book in Veterans Studies winner Who writes novels about war For nearly a century after World War I the answer was simple soldiers who had been there The assumption that a person must have experienced war in the flesh in order to write about it in fiction was taken for granted by writers reviewers critics and even scholars Contemporary American fiction tells a different story Less than half of the authors of contemporary war novels are veterans

And that's hardly the only change Today's war novelists focus on the psychological and moral challenges of soldiers coming home rather than the physical danger of combat overseas They also imagine the consequences of the wars from non American perspectives in a way that defies the genre's conventions To understand why these changes have occurred David Eisler argues that we must go back nearly fifty years to the political decision to abolish the draft The ramifications rippled into the field of cultural production transforming the foundational characteristics authorship content and form of the American war fiction genre How to be Well Read John Sutherland, 2014-05-08 Generous enjoyable and well informed Observer 500 expertly potted plots and personal comments on a wide range of pop and proper prose fiction The Times

Ranging all the way from Aaron's Rod to Zuleika Dobson via The Devil Rides Out and Middlemarch literary connoisseur and sleuth John Sutherland offers his very personal guide to the most rewarding most remarkable and on occasion most shamelessly enjoyable works of fiction ever written He brilliantly captures the flavour of each work and assesses its relative merits and demerits He shows how it fits into a broader context and he offers endless snippets of intriguing information did you know for example that the Nazis banned Bambi or that William Faulkner wrote As I Lay Dying on an upturned wheelbarrow that Voltaire completed Candide in three days or that Anna Sewall was paid 20 for Black Beauty It is also effectively a history of the novel in 500 or so wittily informative bite sized pieces Encyclopaedic and entertaining by turns this is a wonderful dip in book whose opinions will inform and on occasion no doubt infuriate

Anyone hooked on fiction should be warned this book will feed your addiction Mail on Sunday A dazzling array of genres periods styles and tastes chatty insightful unprejudiced but not uncritical and wise Times Literary Supplement

Proceedings of the 2025 4th International Conference on Social Sciences and Humanities and Arts (SSHA 2025) Sun Jing, Sun Hefei, Liu Shuli, Ren Xianpin, Cuneyt Birkok, 2025-07-22 This is an open access book With the progress of social civilization social science and its research are becoming more and more important Theoretically and practically the study of social phenomena and social problems and the development of prosperous social sciences are the eternal themes of human beings At present social science research and its results can hardly meet the needs of social development especially the unscientific evaluation of social science results which has aroused great concern from all walks of life and has produced dirt and questions on social science thus affecting the proper development of social science Max Weber once said that the most important function of social science in modern times is to keep people clear headed and to resist the delusions of prophetic legislators Humanities and arts are the process of perceiving realizing thinking manipulating and expressing objective or subjective objects through capturing and excavating feeling and analyzing integrating and applying or displaying the stage results in the form obtained through feeling seeing hearing smelling touching The social sciences and humanities and arts contain content that will directly affect our lives and the way society functions And by reacting to today's increasingly intricate problems and situations through systematic and

professional discussions they will further contribute to the improvement of institutions and the development of society By thinking about issues and looking at problems and the world from different perspectives by putting the two together it may be possible to have more comprehensive appropriate and better responses for example the development of laws requires a deeper understanding of the environment in which they are implemented international trade requires a certain understanding of the customs of different countries and the development of tax and economic policies requires a certain understanding of the population consumer demand etc

The Great War in Post-Memory Literature and Film Martin Löschnigg, Marzena Sokolowska-Paryz, 2014-10-14 The twenty seven original contributions to this volume investigate the ways in which the First World War has been commemorated and represented internationally in prose fiction drama film docudrama and comics from the 1960s until the present The volume thus provides a comprehensive survey of the cultural memory of the war as reflected in various media across national cultures addressing

the complex connections between the cultural post memory of the war and its mediation In four sections the essays investigate 1 the cultural legacy of the Great War including its mythology and iconography 2 the implications of different forms and media for representing the war 3 national memories foregrounding the differences in post memory representations and interpretations of the Great War and 4 representations of the Great War within larger temporal or spatial frameworks focusing specifically on the ideological dimensions of its remembrance in historical socio political gender oriented and post colonial contexts Harper's New Monthly Magazine ,1856 **War & Homecoming** Travis L. Martin,2022-07-26 In War Homecoming Veteran Identity and the Post 9 11 Generation Travis L Martin explores how a new generation of veterans is redefining what it means to come home More than 2 7 million veterans served in Iraq and Afghanistan Their homecomings didn t include parades or national celebrations Instead when the last US troops left Afghanistan American veterans raised millions of dollars for the evacuation of Afghan refugees especially those who d served alongside them This brand of selflessness is one reason civilians regard veterans with reverence and pride The phrase thank you for your service is ubiquitous Yet one in ten post 9 11 veterans struggles with substance abuse Fifteen to twenty veterans die by suicide every day Veterans aged eighteen to thirty four die at the highest rates leading advocates to focus on concepts like moral injury and collective belonging when addressing psychic wounds Martin argues that many veterans struggle due to decades of stereotyping and a lack of healthy models of veteran identity In the American unconscious veterans are treated as either the superficially praised hero or the victimized wounded warrior forever defined by past accomplishments They are often appropriated as symbols in competing narratives of national identity War Homecoming critically examines representations of veterans in patriotic rhetoric popular media literature and the lives of those who served From this analysis a new veteran identity emerges veterans as storytellers who reject stereotypes claim their symbolic authority and define themselves through literature art and service Their dynamic approach to life after military service allows for continued growth agency individuality and inspiring examples of resilience for others **Compendium-Canaries, Volume 2** Norbert E. W. Schramm,2022-09-13 The second volume of the book series describes in a compact form the colour canaries and the fascinating breeding of carduelid hybrids The author gives an overview of the history of genetics and the mechanisms of plumage colouration The latest scientific findings are included All currently bred and internationally recognised varieties of colour canaries are described in words and pictures New are the colour descriptions according to the RAL colour system Furthermore there are valuable hints on breeding hybrids between canaries and other carduelids or between different carduelid species Many mating is discussed and presented with pictures These topics are rounded off with the necessary hints for participation in exhibitions and bird evaluations In the appendix you will find a whole series of tables for the most diverse mating between individual canary colours
