Understanding Ron Rash John Lang, 2014-08-13 In this first book length study of Ron Rash's fiction and poetry John Lang explores the nature and scope of Rash's achievements introducing readers to the major themes and stylistic features of his work as well as the literary and cultural influences that shaped it After a brief survey of Rash's life and career Lang traces Rash's development through his fourteen books of poetry and fiction published through 2013 Beginning with Rash's first three collections of short fiction Lang analyzes the author's literary style and techniques as well as Rash's richly detailed settings and characters drawn from the mountain South primarily western North Carolina and upstate South Carolina Then in an assessment of Rash's four volumes of poetry Lang investigates their thematic and linguistic grounding in Appalachia and emphasizes their universal appeal lyrical grace and narrative efficiency Moving to the early novels *One Foot in Eden* *Saints at the River* and *The World Made Straight* Lang traces Rash's evolving narrative skills intricate plotting and the means by which he creates historical and philosophical resonance Then Lang examines how vivid characters striking use of dramatic techniques and wide range of allusions combine in Rash's best known book which is also his most accomplished novel to date *Serena* After a study of Rash's most recent novel *The Cove* Lang returns to Rash's latest work in short fiction his Frank O'Connor Award winning *Burning Bright* and

Nothing Gold Can Stay both of which demonstrate his wide ranging subject matter and characters as well as his incisive portraits of both contemporary Appalachian life and the region's history. An extensive bibliography of primary and secondary materials by and about Rash concludes the book. *Ten Years in the Tub* Nick Hornby, 2016-04-12 How often do you begin reading a book that makes you immediately urgently desperately want to read more books? Booklist Nick Hornby has managed to write just such a book in this hilarious insightful and infectious volume. *Ten Years in the Tub* chronicles Hornby's journey through a decade's worth of books as related in his wildly popular *Believer* column. *Stuff I've Been Reading Ten Years in the Tub* is a one-way ticket into the mind of one of the most beloved contemporary writers on his favorite pastime but it's also a meditation on what Celine Dion can teach us about ourselves, a warning about how John Updike can ruin our sex lives and a recommendation for the way Body Shop Vanilla Shower Gel can add excitement to our days. This decade-long addiction for many makes standing in line at the bank a blessed interval for snorting another page. *The New York Times Book Review*

Summoning the Dead Randall Wilhelm, Zackary Vernon, 2018-03-13 The first book-length examination of the award-winning author of poetry and fiction firmly rooted in Appalachia. Since his dramatic appearance on the southern literary stage with his debut novel *One Foot in Eden*, Ron Rash has continued a prolific outpouring of award-winning poetry and fiction. His status as a regular on the *New York Times* Best Sellers list coupled with his impressive critical acclaim including two O. Henry Awards and the Frank O'Connor Award for Best International Short Fiction attests to both his wide readership and his brilliance as a literary craftsman. In *Summoning the Dead*, editors Randall Wilhelm and Zackary Vernon have assembled the first book-length collection of scholarship on Ron Rash. The volume features the work of respected scholars in southern and Appalachian studies providing a disparate but related constellation of interdisciplinary approaches to Rash's fiction, nonfiction, and poetry. The editors contend that Rash's work is increasingly relevant and important on regional, national, and global levels in part because of its popular and scholarly appeal and also its invaluable social critiques and celebrations thus warranting academic attention. Wilhelm and Vernon argue that studying Rash is important because he encourages readers and critics alike to understand Appalachia in all its complexity and he consistently provides portrayals of the region that reveal both the beauty of its cultures and landscapes as well as the social and environmental pathologies that it continues to face. The landscapes, peoples, and cultures that emerge in Rash's work represent and respond to not only Appalachia or the South but also to national and global cultures. Firmly rooted in the mountain South, Rash's artistic vision weaves the truths of the human condition and the perils of the human heart in a poetic language that speaks deeply to us all. Through these essays offering a range of critical and theoretical approaches that examine important aspects of Rash's work, Wilhelm and Vernon create a foundation for the future of Rash studies. Robert Morgan, Kappa Alpha Professor of English at Cornell University and author of fourteen books of poetry and nine volumes of fiction including the *New York Times* bestselling novel *Gap Creek*, provides a foreword.
