Stephanie Ruozzo, 2025-03-18 Jerome Kern's *Jewel Box* shows how the integration of spoken and sung performances in Kern's early musicals reveals new connections between musical theater scores and straight spoken theater. Kern's scores are foundational to the American musical, and subsequent dramatic music would be unrecognizable without Kern's innovations. This book argues that Kern's scores for a group of musicals staged at the Princess Theatre embody a musical corollary to the Realist drama of the Little Theatre Movement. The umbrella term Princess musicals includes the four musicals that Jerome Kern composed for New York City's Princess Theatre: *Nobody Home* (1915), *Very Good Eddie* (also 1915), *Oh Boy* (1917), and *Oh*

Lady Lady 1918 as well as Leave It to Jane 1917 a musical conceived for the Princess Each separate Princess musical bears distinct hallmarks of Little Theatre sensibility and that these hallmarks are overwhelmingly represented in the sung musical portions of the drama The book's first chapter explores the influences of WWI and the Little Theatre Movement on the American stage legitimate and musical The subsequent chapters are studies of the five so called intimate musical comedies that resulted from Kern's engagement with these influences The case studies all demonstrate how the shows scores advance the same artistic aims voiced by prominent members of the Little Theatre Movement Ultimately this project leads musical theater historians to reconsider the place of musicals in relation to the legitimate theatre and the historiography we construct around the integrated musical

Performing Early Christian Literature Kelly Iverson, 2021-10-07 Scholars of early Christian literature acknowledge that oral traditions lie behind the New Testament gospels While the concept of orality is widely accepted it has not resulted in a corresponding effort to understand the reception of the gospels within their oral milieu In this book Kelly Iverson reconsiders the experiential context in which early Christian literature was received and interpreted He argues that reading and performance are distinguishable media events and significantly that they produce distinctive interpretive experiences for readers and audiences alike Iverson marshals an array of methodological perspectives demonstrating how performance generates a unique experiential context that shapes and informs the interpretive process Iverson's study explores the dynamic oral environment in which ancient audiences experienced the gospel stories He shows why an understanding of oral performance has important implications for the study of the NT as well as for several issues that are largely unquestioned by biblical scholars
