Theme Immersion Inquiry Based Curriculum In Elementary And Middle Schools:

Theme Immersion Maryann Murphy Manning, Gary L. Manning, Roberta Long, 1994 The authors of this book define theme immersion as an in depth study of a topic an issue or a question Theme immersion is very different from the traditional unit or theme approach The authors clearly point out these differences with respect to how a topic is selected what is studied and the roles of the teacher and the students By inviting the reader into the classrooms of theme immersion teachers the authors show dramatically that the teacher does not impose or control ideas but is an active member of a community of learners Personable and practical Theme Immersion will be invaluable for classroom teachers who want to teach with such excitement and relevance that their students become lifelong learners Teachers wanting to implement a theme study approach in their classrooms will find all the direction they need in Theme Immersion

Resources in Education ,1999 Handbook of Instructional Practices for Literacy Teacher-educators Joyce E. Many, 2001-01-01 This volume offers a unique glimpse into the teaching approaches and thinking of a wide range of well known literacy researchers and the lessons they have learned from their own teaching lives The contributors teach in a variety of universities programs and settings Each shares an approach he or she has used in a course and introduces the syllabus for this course through personal reflections that give the reader a sense of the theories prior experiences and influential authors that have shaped their own thoughts and approaches In addition to describing the nature of their students and the program in which the course is taught many authors also share key issues with which they have grappled over the years while teaching their course others discuss considerations that were relevant during the preparation of this particular syllabus or describe how it evolved in light of student input The book is organized by areas within literacy education reading English language arts literature emergent literacy content area literacy literacy assessment and instruction literacy and technology and inquiries into literacy theory and classroom practice It is accompanied by an interactive Web site <http://msit.gsu.edu/handbook> This online resource provides additional information about the authors courses including complete syllabi recommended readings grading rubrics and sample assignments Readers are invited to respond and contribute their own syllabi and teaching experiences to the discourse generated by the volume
