Theologie Der Revolutie:

Reformatie en revolutie Johannes Jacobus van Oosterzee, 1867 **The Theologian and His Universe** N. M. Wildiers, 1982 **Practical Theology** Gerben Heitink, 1999 This work by a leading figure in the field offers one of the first attempts to formulate a complete theory of practical theology for scholars teachers students and those directly involved in pastoral ministry Designed to serve as a reference tool this volume provides the necessary theoretical discussion for work in the entire discipline of practical theology Gerben Heitink first surveys the historical development of practical theology from the thought of Schleiermacher to the present He then outlines the theoretical aspects of practical theology looking especially at the hermeneutical empirical and strategic points of view Finally Heitink discusses the various contexts in which practical theology takes place **Liberty and Concord in the United Provinces** Joris Van Eijnatten, 2003 This study based on a large number of sources and treating a broad variety of topics offers an outline of developments in the early modern intellectual debate on religious liberty religious toleration and religious concord in the eighteenth century Netherlands

Monographic Series Library of Congress, *Church, Change and Revolution* Jan van den Berg, Paul G. Hoftijzer, 2023-08-14 In 1988 the year of the commemoration of the Glorious Revolution it was fitting that the fourth Anglo Dutch Church History colloquium should have as its central theme the Church and Revolution and be held at the University of Exeter In the course of its almost two thousands year s history the Church has been no stranger to reformation political change and revolution Set in the world it could not but be affected by the world nor could it itself given its nature fail to exert a variety of influences on social and political as well as on ecclesiastical events Its life has been profoundly affected and the course of its history directed all of the great revolutions in the Western world while the Church has itself brought to bear on every period of change its own distinctive and often determinative contribution Aspects of these twin features blend together in the essays that make up this record of Anglo Dutch academic exchange and cooperation *Opera omnia ...* Cornelis Winkler, 1918 *Tijdschrift voor theologie* , 1997 *Theologie der revolutie* Trutz Rendtorff, Heinz Eduard Tódt, 1968 *De geschiedenis van den vooruitgang der menschheid* Otto Henne-am Rhyn, 1879 **Groen van Prinsterers historische benadering van de politiek** W. G. F. van Vliet, 2008 *Opera omnia* Cornelis Winkler, 1918 *Vloeken en bidden om een nieuwe aarde* E. D. J. de Jongh, 2010 De hoofdpersoon van deze biografie de hervormde theoloog G H ter Schegget 1927 2001 had vanwege zijn loopbaan en zijn theologische en maatschappelijke opvattingen een veelbesproken leven Zijn ervaringen als predikant met de armoede in Venezuela leidden tot een proefschrift waarin hij op bijbelse gronden pleitte voor revolutionaire veranderingen in denken en doen Het riep verzet n bijval op Na terugkeer in Nederland was Ter Schegget achtereenvolgens predikant in Berlijn en Varese docent ethiek en filosofie aan een HBO instelling in Driebergen en als athe st verbonden aan de theologische faculteit van de Leidse universiteit als kerkelijk hoogleraar ethiek Hij was al vaker voorgedragen als hoogleraar maar als gevolg van kerkelijke inmenging niet benoemd Ter Schegget schreef een groot aantal boeken over

maatschappelijke en bijbelse onderwerpen en was bij vele instanties en organisaties betrokken Kenmerkend voor zijn optreden was zijn opvatting er is altijd ook een andere kant *Opera Omnia* Cornelius Winkler, 1918 The Precarious Organisation Mady A. Thung, 2016-05-24 The series Religion and Society RS contributes to the exploration of religions as social systems both in Western and non Western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series Neo-Calvinism and the French Revolution James Eglinton, George Harinck, 2014-08-28 The French Revolution was the scene of much intellectual and social upheaval Its impact touched a wide range of subjects the relationship of the church to the state social relationships science literature fashion philosophy and theology Although the French Revolution s momentum was felt across Europe and North America it met a particularly interesting response in the Netherlands at that time the scene of a burgeoning neo Calvinist movement In that context the likes of Groen van Prinsterer Abraham Kuyper and Herman Bavinck responded to the French Revolution s ideals and influence in a variety of intellectual and practical ways This book approaches that Dutch response from a range of historical and theological perspectives and in so doing explores the relationship between the French Revolution and the development of neo Calvinism Beginning with historical portraits of Bavinck and Kuyper in relation to the Revolution the perspectives offered also include amongst others the place of multilingualism in neo Calvinism and the Revolution neo Calvinist and Revolutionary approaches to fashion a dialogue between Kuyperian theology and Kieslowski s Three Colours trilogy and a contemporary neo Calvinist critique of French la cit This book forms part of a wider Project neo Calvinism supported by the Theologische Universiteit Kampen and the VU University Amsterdam The Gospel in the Western Context Gert-Jan Roest, 2018-10-02 In The Gospel in the Western Context Gert Jan Roest focuses on discerning a Western contextual gospel an endeavour that is very relevant to the current state of Christianity in the postmodern and post Christendom West After giving an in depth analysis and synthesis of how Hendrikus Berkhof and Colin Gunton read the Western context and contextualize their Christology he develops a gospel centred model for reading the context Meanwhile he makes a creative and much needed attempt to connect the two disciplines of systematic theology and missiology and convincingly shows that both disciplines cannot only enrich one another but also can give church practitioners insight and wisdom for their tasks **Education for Reflective Ministry** J. A. van der Ven, 1998 The picture that pastors have of themselves and of their experiences in the ministry is ambivalent On the one hand they find the pastoral work which they perform meaningful important and relevant On the other hand pastors suffer from chronic stress of some sort caused by different factors on the micro meso and macro level of religion church and society

Many pastors experience the modernization and subsequently the secularization process as a very serious problem which negatively influences religious life within the parish. Pastors are bowed down by uncertainty over how their work contributes to the parish mission in today's society and even more so by doubts over what that mission is in particular the diaconal mission. Which direction can shall should the pastor take if neither the church nor the theological institutions are able to provide him or her with a clear frame of reference an attractive perspective a convincing policy a plausible course of action and a meaningful set of aims goals and objectives. There is no alternative but to risk taking responsibility for oneself and choosing one's own course of action. To take this risk is not reckless or foolhardy as long as the choices are always informed by a religious self reflection that is open to tradition as well as to the future. This allows the pastor to be his own guide to transgress useless customs and habits and cross the boundaries into as yet unknown territory. The task of education must be to provide the foundation that enables the pastor to make those choices and take those risks in a well considered prudent and truly religious manner. This study represents not only an interpretative description of some of the education for ministry in today's societal cultural and ecclesiastical context in the western world but also a proposal for a new model the reflective ministry model.

Servants of the Kingdom David Bos, 2010 Minister of the Word shepherd and teacher the titles of Dutch pastors exude authority and prestige. In the course of the nineteenth century however their social position was slowly undermined by the separation of church and state the emancipation of Catholics and dissenters and the rise of all sorts of secular shepherds and teachers. This work of historical sociology analyzes the development of the profession of pastor in the Netherlands Reformed Church focusing on pastors changing relationships with the state the universities other professions and their own congregants. It paints a surprising lively and often humorous picture of nineteenth century ecclesiastical and religious life and of the many areas of Dutch society and culture where pastors made their mark in particular the literary world.
