Maynard, PhD, Jill L. Snodgrass, PhD, 2015-06-09 Print CourseSmart **Moving Beyond Individualism in Pastoral Care and Counseling** Barbara J. McClure, 2010-01-01 Despite astute critiques and available resources for alternative modes of thinking and practicing individualism continues to be a dominating and constraining ideology in the field of pastoral psychotherapy and counseling Philip Rieff was one of the first to highlight the negative implications of individualism in psychotherapeutic theories and practices As heirs and often enthusiasts of the Freudian tradition of which Rieff and others are critical pastoral theologians have felt the sting of his charge and yet the empirical research that McClure presents shows that pastoral counseling practitioners resist change

Their attempts to overcome an individualistic perspective have been limited and ineffective because individualism is embedded in the field's dominant theological and theoretical resources, practices, and organizational arrangements. Only a radical reappraisal of these will make possible pastoral counseling practices in a post-individualistic mode. McClure proposes several critical transformations broadening and deepening the operative theologies used to guide the healing practice: expanding the role of the pastoral counselor, reimagining the operative anthropology, reclaiming sin and judgment, nuancing the particular against the individual, rethinking the ideal outcome of the practices, and reimagining the organizational structures that support the practices. Only this level of revisioning will enable this ministry of the church to move beyond its individualistic limitations and offer healing in more complex, effective, and socially adequate ways. Taking on the Gods Merle R. Jordan, 2001-11-13 Taking on the Gods explores a clinical theological approach to the treatment of individuals, couples, and families suffering from neurotic styles of life. Merle Jordan exposes the origins of neuroses in idolatry: the substitution of false psychological gods for the true God as the center of ultimate reality. In attempting to earn the approval of these false gods and to escape their harsh judgment, one enters into a second idolatry: becoming one's own Messiah. Parts of the self are sacrificed to placate the false gods. The resulting personality distortions are the source of many emotional difficulties. Jordan discusses not only the role of pastoral counselors in helping clients confront their idols but also the counselors' responsibility to recognize their own false gods. Topics covered include Pastoral Counseling as the Encounter Between Gods, The Implicit Religious Drama in Marital and Family Counseling, The Operational Theology of the Common Cold, Depression and Self-justification Versus Justification by Faith Through Grace. According to Jordan, helping people to take on their gods to free themselves to experience the loving God is the heart of the pastoral counselor's task.

Gestalt in Pastoral Care and Counseling Jeffrey D. Hamilton, 2014-05-22 Gestalt in Pastoral Care and Counseling is the only book to provide you with an integrated model of pastoral care and counseling from the perspective of Gestalt theory. Covering all aspects of ministry, including visitation, counseling, worship, and administration, it is a valuable text for advanced undergraduate or graduate classes and small group or individual study for seminaries, church ministries, pastoral counseling training programs, and lay pastoral ministry programs. This book will increase your confidence in your work, help you understand blockages as well as avenues of change, and lead you to a more creative yet consistent stance in your ministry. Gestalt in Pastoral Care and Counseling makes clear that all of ministry is in fact pastoral in nature. It demonstrates the principles of Gestalt in pastoral ministry in a gradual manner, true to both Gestalt principles and your needs. Some of the topics you learn about include key elements of Gestalt theory from the early developers through more recent practices, the cycle of experience, a model that provides an understanding of the various steps involved in change on all levels, Gestalt applications in pastoral counseling, worship, and administration, a theology of pastoral caring, a model for pastoral ministry based on the relational aspects of the Biblical narrative, and its application in ministry ideas for continued growth.

based on daily life experience With well developed presentations of Gestalt principles and pastoral ministry Gestalt in Pastoral Care and Counseling provides you with a new perspective on the meaning of pastoral ministry Not only will you learn new skills you will also develop a new appreciation for what can occur within pastoral relationships The theoretical basis of Gestalt embraces the whole of life experience as part of the process of change and growth and holds sacred the relationship that exists between persons As your understanding and use of these principles increases the quality of care and counseling you provide in your ministry will continue to improve *Hope in Pastoral Care and Counseling* Andrew D. Lester,1995-04-01 In this ground breaking book pastoral counselor Andrew Lester demonstrates that pastoral theology as well as social and behavioral sciences has neglected to address effectively the predominant cause of human suffering a lack of hope a sense of futurelessness Lester not only looks at the reasons why addressing the ideas of hope and despair has been overlooked by pastoral theology and other social and behavioral sciences He also offers a starting point for the development of addressing these important dimensions of human life He provides clinical theories and methods for pastoral assessment of and intervention with those who despair He also puts forth strategies for assessing the future stories of those who despair and offers a corrective to these stories through deconstruction reframing and reconstruction **The Professionalization of Pastoral Care** T. Dale Johnson Jr.,2020-07-21 When the organization and structure of the church in America was altered in the early 1900s to meet modern demands the role of the pastorate became more specialized to adapt to the burdens of the new efficient structure In 1920 Gaines Dobbins utilized the business efficiency model at Southern Baptist Theological Seminary to formulate a distinct ecclesiology Discontent with traditional methods of instruction in theological education Dobbins sought to implement theories and methodologies from modern educationalists He adopted a psychologized educational methodology and utilized the psychology of religion as an empirical measure of the soul human nature and human behavior Use of the social sciences seemed to grant Dobbins as a practitioner academic respectability within the realm of theological education Both the professionalization that resulted from Dobbins s efficiency standards and a working theory of human nature derived from psychological models were synthesized into a specialized system of pastoral care Dobbins followed the new shape of pastoral theology in America adopting Clinical Pastoral Education CPE as the model for pastoral training As a result CPE became an integral part of the curriculum at Southern Baptist Theological Seminary for over sixty years and spread to influence many other SBC entities Theology and Pastoral Care John B. Pastoral Theology in an Intercultural World Emmanuel Y. Lartey,2013-03-13 In today s world the challenge of care is how to respond to people s emotional as well as their economic circumstances How can we be respectful of the individual and the community in ways that affirm both How are we to live respectfully with difference and ambiguity Where shall we find our models of life and care from the dominant Western or else some kind of global perspective that includes indigenous knowledge In our theologies do we continue to privilege the study of abstract conceptual theory or do we give place to

pragmatic aesthetic and nonverbal forms In the face of increasing extremism terrorism and violence is it possible to make a sensible choice between radical relativism and absolute essentialism Are we to be drawn towards the various expressions of religion or to the opportunities and ambiguities of spirituality as it is called upon in many societies today With the scarce resources available or allocated to health care in many national budgets across the world shall we give greater attention to the eradication of disease through increasingly advanced technologies and therapeutic strategies or to the promotion of health through primary health care and public health education Pastoral Theology in an Intercultural World presents practical theological resources for the broad vision deep passion and thoughtful action needed for pastoral care in the twenty first century
