Realizing Our Divinity Curtis A. Vigness,2013-11-22 The changes we need today must begin with a realization an understanding of our truest existence Throughout the course of humanity we have been misguided by a false sense of who we are This misunderstanding is the root of all the perceived problems we endure as individuals as well as on a global level The issues we have in our personal lives the struggles we face in our relationships the economic hardships we encounter and all the global dilemmas the violence the greed the hatred all originate from this misperception of who we all are The reason this is not better known is because we have all been deceived in the way we have been taught to interpret the world We have been led to believe in a life of separateness and in an existence that simply isnt real We need to examine what we each believe to be the most fundamental truths about life When we begin to explore deep within ourselves the mystery of life will reveal itself to us The challenges we face and the hardships we endure will not dissipate until we realize the truth When you are ready to make real lasting change in your life you must begin by taking responsibility for it all By becoming the change you wish to see you will realize the truth about life

An Awakening Within Jeffrey Alan Hall,2002-02-11 If there is to be an awakening it must be with in us within each of our souls for that is the only place that true and lasting change can occur We must awaken to the wonderful possibilities of what we can become as one world and not focus on what we have been as separate nations We must awaken to the things we are for the things that unite us as a planet and not dwell on what we are against by drawing lines in the sand We must awaken to the power of the God force and allow it to lead our collective consciousness to a new and higher way of being We must awaken to the power of love Jeffrey Alan Hall From An Awakening Within
