Theres No Free Lunch In Real Estate:

There's No Free Lunch David L. Bahnsen, 2021-11-02 The verdict is in Free enterprise has lifted billions of people out of abject poverty all over the world and provided a higher quality of life than has ever been thought possible But a growing case is forming in public opinion against free markets and for a significantly larger command control management of the economy Whether you call it socialism or progressive leftism more and more people are turning away from the forces of freedom and social cooperation that made the last two hundred years of prosperity possible and embracing a system that deprives human beings of their dignity impoverishing whole societies both financially and spiritually What David Bahnsen does here is pull from the masters the great economic voices of the past and the present to remind readers of the basic economic truths that must serve as our foundation in understanding the challenges of today In 250 vital points he combines pearls of wisdom from economic legends with his own careful commentary to provide readers the perspective information and reaffirmation they need in order to see economics for what it is It will empower you and equip you with the truth 250 truths that are crucially needed to keep the lights on in civilization and advance the cause of human flourishing **Real Estate Investing For**
