Transformation And Trouble Crime Justice And Participation In Democratic South Africa:

Transformation and Trouble Diana Gordon, 2009-09-23 Crime is one of the major challenges to any new democracy. Violence often increases after the lifting of authoritarian control or in the aftermath of regime change. But how can a fledgling democracy fight crime without violating the fragile rights of its citizens? In *Transformation and Trouble*, accomplished theorist and criminal justice scholar Diana Gordon critically examines South Africa's efforts to strike the perilous balance between democratic participation and social control. South Africa has made great progress in pursuing the Western ideals of participatory justice and due process. Yet Gordon finds that popular concerns about crime have fostered the growth of a punitive criminal justice system that undermines the country's rights-oriented political culture. *Transformation and Trouble* calls for South Africa to reaffirm its commitment to public empowerment by reforming its criminal justice system, an approach she argues that would strengthen the country's new democracy. An eloquent critical but ultimately optimistic analysis of the democratization of crime and justice in post-apartheid South Africa. Bill Dixon, School of Criminology, Education, Sociology, and Social Work, Keele University. A must read for understanding contemporary South Africa's agonizing dilemmas as it struggles to reconcile crime control with democratic values. Jerome H. Skolnick, New York University School of Law. Gordon's vast experience with criminal justice illuminates her cautionary tale of the search for a new way in South Africa. Paul Chevigny, New York University. Diana Gordon is Professor Emerita of Political Science and Senior Research Scholar, City University of New York.

The Era of Transitional Justice Paul Gready, 2010-10-18 First Published in 2011, Routledge is an imprint of Taylor & Francis, an informa company. *World Criminal Justice Systems* Richard J. Terrill, 2015-10-30 *World Criminal Justice Systems*, Ninth Edition, provides an understanding of major world criminal justice systems by discussing and comparing the systems of six of the world's countries, each representative of a different type of legal system. An additional chapter on Islamic law uses three examples to illustrate the range of practice within Sharia. Political, historical, organizational, procedural, and critical issues confronting the justice systems are explained and analyzed. Each chapter contains material on government, police, judiciary, law, corrections, juvenile justice, and other critical issues. The ninth edition features an introduction directing students to the resources they need to understand comparative criminal justice theory and methodology. The chapter on Russia includes consideration of the turmoil in post-Soviet successor states, and the final chapter on Islamic law examines the current status of criminal justice systems in the Middle East.

Community Policing and Peacekeeping Peter Grabosky, 2009-06-25 In modern industrial societies, the demand for policing services frequently exceeds the current and foreseeable availability of public policing resources. Conversely, developing nations often suffer from an inability to provide a basic level of security for their citizens. *Community Policing and Peacekeeping* offers a fresh overview of the challenge.

The Paradox of Professionalism Scott L. Cummings, 2011-02-21 This book is about the role of lawyers in constructing a just society. Its central objective is to provide a deeper understanding of the relationship between

lawyers commercial aims and public aspirations Drawing on interdisciplinary and comparative perspectives it explores whether lawyers can transcend self interest to meaningfully contribute to systems of political accountability ethical advocacy and distributional fairness Its contributors some of the world s leading scholars of the legal profession offer evidence that although justice is possible it is never complete Ultimately how much and what type of justice prevails depends on how lawyers respond to and reshape the political and economic conditions in which they practise As the essays demonstrate the possibility of justice is diminished as lawyers pursue self regulation in the service of power it is enhanced when lawyers mobilize in the political arena workplace and law school to contest it *Police in Africa* Jan Beek, Mirco Göpfert, Olly Owen, Johnny Steinberg, 2017-08-15 Often overlooked by journalists and scholars the police forces of the African continents are a significant and little studied phenomenon This book seeks to redress that lacuna The studies span the continent from South Africa to Sierra Leone keeping a strong ethnographic focus on police officers and their work **Making Freedom** Anne-Maria Makhulu, 2015-10-23 In *Making Freedom* Anne Maria Makhulu explores practices of squatting and illegal settlement on the outskirts of Cape Town during and immediately following the end of apartheid Apartheid s paradoxical policies of prohibiting migrant Africans who worked in Cape Town from living permanently within the city led some black families to seek safe haven on the city s perimeters Beginning in the 1970s families set up makeshift tents and shacks and built whole communities defying the state through what Makhulu calls a politics of presence In the simple act of building homes squatters who Makhulu characterizes as urban militants actively engaged in a politics of the right to the city that became vital in the broader struggles for liberation Despite apartheid s end in 1994 Cape Town s settlements have expanded as new forms of dispossession associated with South African neoliberalism perpetuate relations of spatial exclusion poverty and racism As Makhulu demonstrates the efforts of black Capetonians to establish claims to a place in the city not only decisively reshaped Cape Town s geography but changed the course of history **Foreign Affairs** ,2007 [African Studies Review](#) ,2007 **Current Publications in Legal and Related Fields** ,2007 *Thin Blue* Jonny Steinberg, 2008 In this provocative new book Steinberg argues that policing in crowded urban space is like theatre Only here the audience writes the script and if the police don t perform the right lines the spectators throw them off the stage Several months before they exploded into xenophobic violence Jonny Steinberg travelled the streets of Alexandra Reiger Park and other Johannesburg townships with police patrols His mission was to discover the unwritten rules of engagement emerging between South Africa s citizens and its new police force In vivid and eloquent prose Steinberg takes us into the heart of this drama and picks apart the rules South Africans have established for the policing of their communities What emerges is a lucid and original account of a much larger matter the relationship between ordinary South Africans and the government they have elected to rule them The government and its people are like scorned lovers Steinberg argues their relationship brittle moody untrusting and ultimately very needy **American Book Publishing Record** ,2006 **A Current Bibliography on African Affairs**
