Can I Keep Drinking? Cyndi Turner, 2016-10-25 A fresh voice in the emerging field of moderation treatment programs which claim that abstinence only approaches clearly do not fit all drinkers Gabrielle Glaser author of Her Best Kept Secret Why Women Drink And How They Can Regain Control Only about six percent of the population that are alcoholic need to quit drinking completely in their recovery process yet nearly 90 percent of treatment programs and substance abuse treatment practitioners require total abstinence from alcohol Cynthia Turner is not one of them In Can I Keep Drinking she provides you with easy to follow tools checklists and quizzes to

help you answer the question Can I keep drinking and figure out a way to have a healthier relationship with alcohol The dominant US perspective about drinking problems that abstinence is the only genuine solution gets a thorough re examination in Can I Keep Drinking If you re looking for a fresh and evidence based perspective on drinking problems and ways to change them everything you need to know is here A Thomas Horvath Ph D ABPP author of Sex Drugs Gambling Chocolate A Workbook for Overcoming Addictions When someone faces the notion that they may have an alcohol problem for the first time it is almost impossible to know where to begin Can I Keep Drinking offers a practical thorough easy to read roadmap for addressing this issue Kevin P Hill MD MHS author of Marijuana The Unbiased Truth About the World s Most Popular Weed Cyndi Turner explains the foundations of moderate drinking empathetically and intelligently This book is an excellent addition to the harm reduction canon one that will certainly help readers navigate a healthier relationship with alcohol Kelsey Osgood author of How to Disappear Completely On Modern Anorexia *Biochemistry of Drug Resistance* Sarfraz Ahmed, Suvash Chandra Ojha, Muhammad Najam-ul-Haq, Muhammad Younus, Muhammad Zaffar Hashmi, 2021-08-05 This book provides a comprehensive discussion on the current information and evidence on the latest developments in the field of drugs resistance Drug resistance is the reduction in effectiveness of a medication such as an antimicrobial or an antineoplastic in treating a disease or condition This leads to negative outcomes at great risk of public health therefore increasing efforts are dedicated to the development of a new generation of medications that will help deal with this phenomenon Decades of technological innovations in drug design have demonstrated the potential of resistance Enormous information on various aspects of antibiotics resistance is available However literature on drug resistance specifically related to infectious and non infectious diseases is rarely presented particularly those focusing on the mechanisms biochemistry kinetics dynamics and management of drug resistance Therefore there is an immense need for a systematic compilation on the available information about this issue All the chapters are logically selected and arranged to provide state of the art information about all aspects of drugs resistance After an introductory chapter four chapters are dedicated to infectious microbial diseases whereas two other chapters are complimenting this theme and focusing on drugs resistance in ear nose and throat and skin diseases The recent advances in the understanding of drugs resistance in lung neurological kidney heart and liver diseases are also covered Biochemistry of drugs resistance in cancer HIV ocular reproductive and diabetes diseases is also discussed Finally a chapter dedicated to the management of drug resistance has been included **Addiction and Pastoral Care** Sonia E. Waters, 2019-02-05 A timely resource treating addiction holistically as both a spiritual and a pathological condition Substance addictions present a unique set of challenges for pastoral care In this book Sonia Waters weaves together personal stories research and theological reflection to offer helpful tools for ministers counselors chaplains and anyone else called to care pastorally for those struggling with addiction Waters uses the story of the Gerasene demoniac in Mark s Gospel to reframe addiction as a soul sickness that arises from a legion of individual and social vulnerabilities She

includes pastoral reflections on oppression the War on Drugs trauma guilt discipleship and identity The final chapters focus on practical care skills that address the challenges of recovery especially ambivalence and resistance to change
